

AGENDA

CITY OF TAYLOR, TEXAS
SPECIAL CALLED CITY COUNCIL MEETING
CITY HALL, COUNCIL CHAMBERS, 400 PORTER STREET

NOVEMBER 29, 2021, 6:00 P.M.

CALL TO ORDER AND DECLARE A QUORUM

CITIZEN COMMUNICATION

REGULAR AGENDA

1. Consider approving Interlocal Agreement with Williamson County regarding participation in the design and construction related to the SE Loop Construction Project, FM3349 and authorize the City Manager to execute the agreement. (Jeff Jenkins)
2. Consider Authorizing the Award of Construction Contract for the FM 973 Water and Wastewater Line Improvements to D. Guerra Construction, LLC. (Jacob Walker, P.E., HDR)

ADJOURN

The Council may vote and/or act upon each of the items listed in this Agenda. The Council reserves the right to retire into executive session concerning any of the items listed on this Agenda, whenever it is considered necessary and legally justified under the Open Meetings Act including: Section 551.071 (Consult with attorney); Section 551.072 (Real Property); Section 551.073 (Gifts and Donations); Section 551.074 (Personnel Matters); Section 551.076 (Security Devices); and Section 551.087 (Economic Development). I certify that the notice of meeting was posted in the Taylor City Hall Lobby before 6:00 p.m. on November 23, 2021 and remained posted for at least 72 hours continuously before the scheduled time of said meeting. I further certify that the following news media was notified of this meeting: Taylor Press.

In compliance with the ADA the City Hall and Council Chambers is wheelchair accessible. Reasonable accommodations will be provided for persons attending city council meetings in need of special assistance. Please contact the City Clerk at least 24 hours prior to the meeting for special assistance.

Agenda Item #: 1

Agenda Title: Consider approving Interlocal Agreement with Williamson County regarding participation in the design and construction related to the SE Loop Construction Project, FM3349 and authorize the City Manager to execute the agreement

Council Action to be taken: Approve Interlocal Agreement

Department Submitted: City Management

Staff Contact: Jeff Jenkins, Deputy City Manager

1. PURPOSE/DESCRIPTION

The purpose of this item is to discuss and consider adopting an interlocal agreement (ILA) with Williamson County. The County will be constructing within the city limits, therefore, the County has to have approval for design and construction from the City of Taylor.

2. STAFF ANALYSIS / BACKGROUND / PRIOR COUNCIL ACTIONS

Williamson County is in the process of designing the SE Loop, which eventually would connect Taylor directly into SH 130. The phase three portion of the segment has portions which are within the Taylor city limits. The County needs the city's approval through this ILA to design and construct within the Taylor city limits for the phase three portion located off FM 3349 and US 79. This ILA would provide this approval and the following:

- Design/Construct road project within Taylor limits
- City may inspect all aspects of the project
- County will obtain permits
- County will require contractor to name the City as an additional insured on any policies related to the County project
- City and County will cooperate regarding the location of water/wastewater lines

This item was postponed from the November 18th meeting as additional information was received from the County after the Nov 18th posting. Staff added another map, which

defines the maintenance responsibilities for the City of Taylor. There is a small portion of CR 101 which the City will have to maintain as this portion is within the city limits.

3. PROS and CONS

<u>PROS</u>	<u>CONS</u>
• Provides for new roadway capacity for Taylor	• NA

4. RECOMMENDATION

Staff recommends Council approve the ILA and authorize the City Manager to execute the agreement.

5. FUNDING SOURCE

NA

6. TIMELINE

7. OTHER OPTIONS (In order of preference)

Do not allow any renaming and allow for naming to occur at development only.

8. ATTACHMENTS

**INTERLOCAL AGREEMENT
REGARDING THE CITY/COUNTY PARTICIPATION IN THE DESIGN AND
CONSTRUCTION COSTS RELATED TO THE SOUTHEAST LOOP CONSTRUCTION
PROJECT**

THE STATE OF TEXAS	§	
	§	KNOW ALL BY THESE PRESENTS:
COUNTY OF WILLIAMSON	§	

THIS INTERLOCAL AGREEMENT (“**Agreement**”) is entered into between the City of Taylor, Texas, a Texas municipal corporation (the “**City**”) and Williamson County, a political subdivision of the State of Texas (the “**County**”). In this Agreement, the City and the County are sometimes individually referred to as “**a Party**” and collectively referred to as “**the Parties**”.

WHEREAS, V.T.C.A., Government Code, Chapter 791, the Texas Interlocal Cooperation Act, provides that any one or more public agencies may contract with each other for the performance of governmental functions or services for the promotion and protection of the health and welfare of the inhabitants of this State and the mutual benefit of the parties;

WHEREAS, the County is and has been in the process of designing the Southeast Loop from the current terminus of CR 138 at SH 130 to north of the intersection of FM 3349 and US 79, the approximate location being shown on Exhibit “A”, attached hereto, (the “**County Project**”); and

WHEREAS, the City desires to cooperate with the County to facilitate the construction of the County Project; and

NOW, THEREFORE, in consideration of the foregoing premises and the mutual promises and agreements of the Parties contained in this Agreement, the Parties agree as follows:

**I.
PURPOSE**

1.01 General. The purpose of this Agreement is to provide consent for the County’s design and construction of the County Project with the Taylor city limits. The County Project includes the planning of a future controlled-access facility from SH 130 to north of US 79 and the design and construction of the first phase of segment 1, a three-lane roadway from the current terminus of CR 138 at SH 130 to CR 137 and segment 3, from the FM 3349 intersection with CR 404 to the CR 101 intersection with CR 395, including the overpass at US 79.

**II.
CONSTRUCTION OF COUNTY PROJECT**

2.01 County Obligations. The County shall be responsible for all costs associated with the preliminary and final design, construction bidding and management, right-of-way acquisitions, utility relocations, and all other costs related to the construction of the County Project.

2.02 Construction Plans. The County will submit the plans and specifications related to the County Project to the City.

2.03 Inspection. The City may inspect all aspects of the County Project that are within the City Limits during construction. Upon receipt of notification from the City that the City's inspectors determine the construction by the County is not in accordance with the approved project plans, the County shall cease construction until the deficiency can be identified and a corrective plan of construction implemented with the agreement of the City.

2.04 Permits. The County shall be responsible for obtaining permits, if any, required for the construction of the Project.

2.05 Insurance, Bonds and Warranties. The County shall require the contractor for the Project to name the City as an additional insured on any policies related to the County Project for those sections of the County Project that lie within the City Limits. The County shall require the contractor to provide performance bonds, and maintenance bonds in favor of the City for the County Project in amounts satisfactory to the City. The County shall transfer any warranties for the County Project within the city limits to the City upon final completion and acceptance of the Project.

III.

CITY OBLIGATIONS

3.01 Permission to Construct. The City agrees to allow the County to construct the County Project within the City's boundaries, including the acquisition of right-of-way, through condemnation or otherwise. The City further agrees to accept maintenance of the County Project within the City limits as shown currently in the attached Exhibit "FM 3349 Maintenance Limits."

3.02 Utility Conflicts. City and County agree to cooperate regarding the location of water and/or wastewater utilities that conflict with the new right-of-way. The City acknowledges that it shall be responsible for all design and construction costs to relocate utility lines if said lines are within existing right-of-way. Conversely, it shall be the County's obligation to pay all design and construction costs for utility relocations if said lines lie within easements held by the City.

IV. GENERAL PROVISIONS

5.01 Authority. This Agreement is made in part under the authority conferred in Chapter 791, *Texas Government Code*

5.02 Term. This Agreement shall commence upon execution of this Agreement and shall end upon the completion of the County Project.

5.03 Severability. The provisions of this Agreement are severable and, if any provision of this Agreement is held to be invalid for any reason by a court or agency of competent jurisdiction, the remainder of this Agreement will not be affected and this Agreement will be construed as if the invalid portion had never been contained herein.

5.04 Default and Remedies. If City fails to pay for Services under this Agreement, and continues such failure for thirty (30) days after the County provides written notice to cure, City shall be deemed to be in default under this Agreement. In the event that the County defaults under this Agreement, and such default is not cured, City may, in addition to any other remedy at law or in equity, immediately terminate this Agreement or seek specific performance of this Agreement.

5.05 Cooperation. The Parties agree to cooperate at all times in good faith to effectuate the purposes and intent of this Agreement.

5.06 Entire Agreement. This Agreement contains the entire agreement of the Parties regarding the subject matter hereof and supersedes all prior or contemporaneous understandings or representations, whether oral or written, regarding the subject matter and only relates to those portions of the County Project shown in the plans attached hereto as Exhibit "A."

5.07 Amendments. Any amendment of this Agreement must be in writing and will be effective if signed by the authorized representatives of the Parties.

5.08 Applicable Law; Venue. This Agreement will be construed in accordance with Texas law. Venue for any action arising hereunder will be in Williamson County, Texas.

5.09 Notices. Any notices given under this Agreement will be effective if (i) forwarded to a Party by hand-delivery; (ii) transmitted to a Party by confirmed telecopy; or (iii) deposited with the U.S. Postal Service, postage prepaid, certified, to the address of the Party indicated below:

CITY:

Attn: City Manager

COUNTY:

710 S. Main Street, Georgetown, Texas 78626

Attn: William Gravell, Jr.

Telephone: (512) 943-1550

Facsimile: (512) 943-1662

5.10 Counterparts; Effect of Partial Execution. This Agreement may be executed simultaneously in multiple counterparts, each of which will be deemed an original, but all of which will constitute the same instrument.

5.11 Authority. Each Party represents and warrants that it has the full right, power and authority to execute this Agreement.

5.12 Effective Date. This Agreement is executed to be effective on the date the last Party signs this Agreement.

5.13 No Joint Venture. The County Project is a sole project of the County and is not a joint venture or other partnership with the City.

Agenda Item #: 2

Agenda Title: **Consider Authorizing the Award of Construction Contract for the FM 973 Water and Wastewater Line Improvements to D. Guerra Construction, LLC.**

Council Action to be taken: Authorize construction contract

Department Submitted: Public Works

Staff Contact: Jacob Walker, PE - HDR Engineering, City Engineer
Jim Gray, Director of Public Works

1. PURPOSE/DESCRIPTION

This item refers to the bid proposal from D. Guerra Construction, Inc. for constructing water and wastewater mains in the southwest portion of Taylor along FM 973.

2. STAFF ANALYSIS / BACKGROUND / PRIOR COUNCIL ACTIONS

The growth in the southwest portion of Taylor requires water and wastewater upgrades to meet increasing demand. This project provides increases in water distribution and wastewater conveyance in the areas experiencing the most growth.

On 11/19/2021, HDR assisted the City in opening bids for the FM 973 Water and Wastewater Line Improvements Project. The bid includes the installation of approximately 8,800 LF of 18-inch water transmission main including valves, fittings, and fire hydrant assemblies as well as 10,800 LF of 18-inch sewer gravity main, and 600 LF of 36-inch gravity sewer main including sewer services and manholes.

Four responsive bid proposals were submitted for constructing the project, with total bid prices ranging from \$8,307,365.00 to \$12,484,800.00. Based on our review of the bids submitted, D. Guerra Construction, LLC. of Austin, Texas (D. Guerra) is the apparent low bidder.

BID SUMMARY				
	D. Guerra Construction, LLC.	Austin Underground	Smith Contracting Co., Inc.	Patin Construction, LLC.
Bid Total	\$8,307,365.00	\$8,530,815.00	\$9,785,335.00	\$12,484,800.00

HDR has evaluated D. Guerra's bid accuracy, qualifications package, and has contacted multiple references. All evaluation has returned satisfactory, and in conversations with D. Guerra's leadership, they are prepared to execute the project expeditiously.

3. PROS and CONS

<u>PROS</u>	<u>CONS</u>
- The project budget allows for this award D. Guerra has excellent experience in water/wastewater construction	There are no Cons for constructing the improvements

4. RECOMMENDATION

Recommend accepting the bid of D. Guerra Construction, LLC in the total of \$8,307,365.00 for constructing the FM 973 Water and Wastewater Line Improvements Project.

5. FUNDING SOURCE

2022 Revenue Bond

6. TIMELINE

Construction Contract Execution: December 2021

Construction Duration: Phase 1 – August 31, 2022; Phase 2 – May 15, 2023

7. OTHER OPTIONS (In order of preference)

Reject all bids.

8. ATTACHMENTS

- 2a. [Recommendation to Award Construction Contract](#) from HDR for D. Guerra Construction, LLC – includes a detailed bid tabulation as an attachment

November 23, 2021

Mr. Jim Gray, Public Works Director
City of Taylor
400 Porter Street
Taylor, Texas
Via email to: Jim.Gray@taylortx.gov

RE: FM 973 Water and Wastewater Line Improvements Project
Recommendation to Award Construction Contract

Dear Mr. Gray:

On November 19, 2021, HDR Engineering assisted the City in opening bids for the above referenced project. The bid includes the installation of approximately 8,800 LF of 18-inch water transmission main including valves, fittings, and fire hydrant assemblies as well as 10,800 LF of 18-inch sewer gravity main, and 600 LF of 36-inch gravity sewer main including sewer services and manholes.

Four responsive bid proposals were submitted for constructing the project, with total bid prices ranging from \$8,307,365.00 to \$12,484,800.00. A detailed Bid Tabulation is enclosed for your review. Based on our review of the bids submitted, D Guerra Construction, LLC, of Austin, Texas (D Guerra) is the apparent low bidder.

A reference check was performed on D Guerra via a telephone poll of owners and engineers for similar projects the contractor has worked on in Texas over the past several years. The overall impression from the reference we spoke with was that Guerra provides quality work in a timely and professional manner, and that all would gladly work with them again. Additionally, the company appears to have a solid financial condition, credit rating, and payment history.

Guerra plans for Mr. Alfonso Zepeda to be the construction project manager and for Mr. Jason Garcia to be the construction superintendent. These individuals were involved with the projects discussed in the reference check and have extensive municipal utility construction experience. Based on the information presented, HDR recommends the City of Taylor accept the bid of D Guerra Construction, LLC in the amount of \$8,307,365.00. We will prepare the Notice of Award Letter and other contract documents to be forwarded to D Guerra Construction, LLC. if the City of Taylor concurs with this recommendation.

Sincerely,
HDR Engineering, Inc.

Jacob Walker, PE
Project Manager
