- 14. Consider amendments to Task Orders 23 (Amendment 3), 29 (Amendment 3), and 42 (Amendment 1) with HDR Engineering regarding plan review and inspection services for the Samsung project.**

Motion was made by Councilmember Garcia to approve the Task Orders as presented. Motion was seconded by Councilmember Anderson. Motion carried unanimously.

No action on Executive Session item a.

ADJOURN

With no further business Mayor Ariola declared the meeting adjourned at 9:28 p.m.

Dwayne Ariola, Mayor

ATTEST:

Lucy Aldrich, City Clerk

City Council Meeting March 13, 2025 Transmittal Letter

STRATEGIC PILLAR

Streets/Infrastructure

Agenda Item Number: 2.

Agenda Title: Consider approval of Resolution R25-06, a resolution authorizing the City of Taylor to purchase 0.873 acres in the Parthinia Coursey Survey Abstract No. 131 Williamson County.

Council Action to be Taken: Approve on Consent

Department Submitted: City Attorney

Staff Contact: Mark Schroeder, City Attorney

1. PURPOSE / DESCRIPTION

This Resolution authorizes the Mayor to execute all closing documents necessary to complete the purchase of a tract of real property described in the exhibit to this resolution.

2. STAFF ANALYSIS / BACKGROUND / PRIOR COUNCIL ACTIONS

In 1986, the City intended to purchase approximately 1.6 acres of land for the purpose of constructing a city water tower and water well. The purchase occurred and City constructed a water tower and water well on the 1.6 acres. It was subsequently discovered that the deed granting the city the property contained an error and did not include the description for approximately .8 acres or one-half of the 1.6 acre tract. Before the legal description issue was discovered, a City water well was already constructed on the site. This purchase allows the city to settle any claims and be certain it has legal ownership of .8 acres of land on which city improvements already exist. A market analysis was performed by HDR and the purchase price is equal to or less than the fair market value of the property

3. PROS and CONS

<u>PROS</u>	<u>CONS</u>
Obtain ownership of real property on which city improvements already exist	None

• City is purchasing property for fair market value from willing seller	
---	--

4. RECOMMENDATION

Staff recommends approval of the Resolution in order to approve the purchase of real property on which city improvements already exist.

5. FUNDING SOURCE

Utility Fund.

6. TIMELINE

Purchase will occur upon approval of this Resolution by council.

7. OTHER OPTIONS

8. ATTACHMENTS

1. Resolution R25-06 to Purchase from Rohlack
2. Exhibit A for Resolution

RESOLUTION NO. R25-06

RESOLUTION AUTHORIZING THE CITY OF TAYLOR, TEXAS, ("CITY") TO PURCHASE FROM JANELLE ROHLACK ("ROHLACK") REAL PROPERTY DESCRIBED IN EXHIBIT "A" TO THIS RESOLUTION ("THE PROPERTY") AND AUTHORIZING THE MAYOR TO EXECUTE ALL CLOSING DOCUMENTS NECESSARY TO COMPLETE THE TRANSACTION.

WHEREAS, the City seeks to acquire real property related to the city's water utility system; and

WHEREAS, the Rohlack owns real property within the City of Taylor described in Exhibit "A" to this Resolution ("the Property"); and

WHEREAS, it is the desire of the City and Rohlack that the Property owned by Rohlack be sold to the City for the agreed upon fair market value of \$40,000.00 to allow the City to own the underlying real property upon which the City desires to make water utility improvements; and

WHEREAS, Rohlack has agreed to sell the Property to the City at the agreed upon purchase price; and

WHEREAS, the City has performed a market analysis and determined the fair market value of the Property; and

WHEREAS, the City has agreed to purchase the Property and Rohlack has agreed to sell the Property for agreed upon amount of \$40,000.00.

NOW, THEREFORE, BE IT RESOLVED by the City, that the City shall purchase the Property from Rohlack and the mayor is authorized to execute all documents on behalf of the City to complete the purchase of the Property for agreed upon purchase price.

FURTHER RESOLVED that it is in the best interest of the City that the City acquire the Property for the public necessity of making water utility improvements for the City and for other public purposes.

PASSED THIS THE 13th DAY OF March, 2025.

Abstract No. 131
Williamson County, Texas

cap on the east right-of-way line of Old Coupland Road, the southwest corner of said Well Street, and the northwest corner of said Tract 2, bears South 68°54'44" West; 306.58 feet;

THENCE, North 68°54'44" East, with the south right-of-way line of said Well Street and the north line of said Tract 2, passing at approximately 41.92 feet the east line of said one acre tract and the west line of said two and a one-half acre tract, passing at 84.25 feet a 1/2-inch iron rod set with cap stamped "STEGER BIZZELL" at the southeast corner of said Well Street and the southwest corner of Lot 1, of said WELL ADDITION, continuing for a total distance of 300.04 feet, in all, to a 1/2-inch iron rod set with cap stamped "STEGER BIZZELL" on the west line of said 2.916 acre tract, at the southwest corner of said Lot 1, WELL ADDITION, and the northeast corner of said Tract 2, for the northeast corner of the herein described tract;

THENCE, South 21°48'14" East, with the west line of said 2.916 acre tract and the east line of said Tract 2, a distance of 127.18 feet to the **POINT OF BEGINNING**, and containing 0.873 acres of land, more or less, within these metes and bounds.

Bearings are based on the Texas Coordinate System of 1983, Central Zone (NAD_83 (2011)). All distances shown hereon are surface values represented in U.S. Survey Feet based on a Grid-to-Surface Combined Adjustment Factor of 1.00011.

The foregoing metes and bounds description and survey on which it is based is accompanied by and a part of a survey map of the subject tract.

I certify that this description was prepared from a survey made on the ground in January, 2025, under my supervision.

Agenda Item Number: 3.

Agenda Title: Consider approval of Task Order 56 Amendment 1 with HDR Engineering, Inc., reducing scope and removing fee.

Council Action to be Taken: Approve on consent.

Department Submitted: City Manager

Staff Contact: Brian LaBorde, City Manager

1. PURPOSE / DESCRIPTION

Consider approving Task Order 56 Amendment 1 with HDR Engineering, Inc. and, in coordination with the Taylor Economic Development Corporation (TEDC), reallocating remaining funds from the original Task Order 56 scope of work toward a future project for system master planning updates.

2. STAFF ANALYSIS / BACKGROUND / PRIOR COUNCIL ACTIONS

On September 26, 2024, in a joint partnership with the TEDC, the Council approved Task Order 56 with HDR Engineering, Inc. (HDR) and for the City to enter into an Interlocal Agreement with the TEDC for reimbursement.

The Task Order 56 scope was for HDR was to perform a water supply study to provide additional water to southeast Taylor. This included an initial screening task to evaluate alternatives for supplying 2 million gallons per day (MGD) to 4 MGD (20 total) and narrowing the list to up to four (4) alternatives for more in-depth evaluation. The initial screening showed the lowest cost, and beneficial alternatives were using water from the Brazos River Authority (BRA) with a new transmission main on FM 619 to southeast Taylor followed by implementing Trinity wells. Based on the initial screening results, it was recommended to conclude Task Order 56 and not to perform the follow-on more in-depth evaluation on alternatives from the initial screening task, and to reallocate remaining funds from Task Order 56 for needed system master planning updates.

The fee for Task Order 56 was \$271,700. The fee with Task Order 56 Amendment 1 is \$129,400, which leaves \$142,300 remaining that could be reallocated toward needed system master

planning updates in a future project.

3. PROS and CONS	
<u>PROS</u>	<u>CONS</u>
• Work completed developed recommended water supply alternatives. • Remaining funds can be reallocated to needed system master planning updates. • Reimbursement from EDC revenue.	• None

4. RECOMMENDATION
Approve executing Task Order 56 Amendment 1.

5. FUNDING SOURCE
TEDC 4A revenue.

1. Taylor Water Supply Study Task Order 56 - Amendment 1

AMENDMENT TO TASK ORDER 56 (WATER SUPPLY STUDY)
FOR
ENGINEERING SERVICES

WHEREAS:

HDR ENGINEERING, INC. ("HDR") entered into an Agreement on September 26, 2024 to perform engineering services for Water Supply Study ("Task Order 56");

City of Taylor desires to amend this Agreement in order for HDR to reduce services from those previously contemplated;

HDR is willing to amend the agreement.

NOW, THEREFORE, HDR and City of Taylor do hereby agree:

The Agreement and the terms and conditions therein shall remain unchanged other than those sections and exhibits listed below;

Task Order 56 shall be replaced in its entirety with Task Order 56 – Amendment 1 attached hereto.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the day and year written below:

HDR ENGINEERING, INC. ("HDR")

CITY OF TAYLOR

TASK ORDER No. 56 – Amendment 1

Water Supply Study

This Task Order pertains to an Agreement by and between the City of Taylor, Texas, (“The City”), and HDR Engineering, Inc. (“ENGINEER”), dated April 17, 2018, (“the Agreement”). Engineer shall perform services on the project described below as provided herein and in the Agreement. This Task Order shall not be binding until it has been properly signed by both parties. Upon execution, this Task Order shall supplement the Agreement as it pertains to the project described below.

TASK ORDER NUMBER: 56 – Amendment 1
PROJECT NAME: Water Supply Study

PART 1.0 PROJECT BACKGROUND AND DESCRIPTION:

This Task Order is to evaluate water supply alternatives for supplying additional water to the southeast side of the City for future industrial development. The City currently obtains treated surface water from the Brazos River Authority (BRA) from Lake Granger, which enters the water distribution system on the north side of Taylor for conveyance throughout the City. The existing infrastructure cannot provide increased water supply to the southeast side of Taylor for serving planned and anticipated industrial development in this area. Significant capital improvements plan (CIP) projects are required to add capacity in the current system to serve this area.

The City is experiencing accelerated growth and increasing development interest, which is increasing projected demands on the water supply system, especially in the southeast side of Taylor. As such, there is growing interest in alternative water sources to meet anticipated demands in southeast Taylor, and to diversify the City’s water supply.

This study will evaluate alternatives for providing an additional 2 million gallons per day (MGD) and 4 MGD to the southeast side of Taylor. These alternatives include the following (Refer to Exhibit 1 and Exhibit 2):

1. Increasing the BRA water supply contract floor and constructing required CIP improvements to the distribution system to add capacity to convey water to the southeast side of Taylor.
2. Rehabilitating and providing treatment for the existing Trinity well at the Southwood Hills Elevated Storage Tank (EST) site, including necessary brine disposal, to provide additional water supply to the southeast area.
3. Increasing the BRA water supply contract floor and constructing CIP improvements to add capacity to convey water to blend with the rehabilitated Trinity well supply and provide additional water supply to the southeast area.
4. Incorporating water from the Recharge Groundwater Supply System (Recharge), as a standalone alternative, to provide additional water supply to the southeast area.
5. Incorporating water from the Recharge Groundwater Supply System (Recharge), as a standalone alternative, and blending with the rehabilitated Trinity well supply to provide additional water supply to the southeast area.

6. Incorporating water from the Recharge supply utilizing the City of Hutto existing transmission pipeline and, in exchange, the City of Taylor would provide the City of Hutto additional water supply from the City of Taylor's west (high) zone through the existing connection at Frame Switch.
7. Incorporating water from the Recharge supply utilizing the City of Hutto existing transmission pipeline and, in exchange, the City of Taylor would provide the City of Hutto additional water supply from the City of Taylor's west (high) zone through the existing connection at Frame Switch. Utilize the Recharge water supply to blend with the rehabilitated Trinity well supply and provide additional water supply to the southeast area.
8. Incorporating water from the EPCOR SH 130 groundwater supply system (EPCOR), as a standalone alternative, to provide additional water supply to the southeast area.
9. Incorporating water from the EPCOR system and blending with the rehabilitated Trinity well supply to provide additional water supply to the southeast area.

The evaluation will include a high-level screening evaluation for the alternative. The screening analysis shall be conducted using the Texas Water Development Board Unified Cost Model (UCM) to perform a relative comparison of alternatives, supplemented with additional cost data as needed.

PART 2.0 SCOPE OF SERVICES TO BE PERFORMED BY ENGINEER:

Task 1 – Project Management

- 1) ENGINEER will initiate and manage the ENGINEER's scope of the Work, and coordinate with the City to complete the project and address the City's goals.
- 2) ENGINEER will prepare status reports and monthly invoices.
- 3) ENGINEER will attend a virtual project kick-off meeting with the City and its representatives. ENGINEER attendees will include the Project Manager, Project Principal and Project Engineer.
- 4) Institute and manage a QA/QC program for the work performed on this project. Senior technical staff who are not involved with the project will perform internal QA/QC reviews.
- 5) Deliverables:
 - a) Meeting minutes, in PDF format.
 - b) Monthly invoices and status reports.

Task 2 – Data Collection

- 1) ENGINEER will collect and review available data and information needed for the study. For additional data identified to be needed, HDR will initiate data requests to the City and water providers as needed. Anticipated data needs include, but are not limited to:
 - a) Water quality data for water in the Taylor distribution system (BRA water).
 - b) Southwood Hills Trinity well water quality analysis.
 - c) Southwood Hills Trinity well construction documentation, screen information, well logs, available video inspection, etc.
 - d) Recent tank inspection reports for the Southwood Hills EST and ground storage tank.
 - e) Information on the Recharge Groundwater Supply System (planned conveyance system maps, well capacity, pump station capacity, water quality, rate structure, contract terms, etc.).

- f) Information on the EPCOR Supply System (planned conveyance system maps, well capacity, pump station capacity, water quality, rate structure, contract terms, etc.).
 - g) Mustang Creek WWTP effluent water quality data.
 - h) Current potable water demand or billing data.
 - i) Projected monthly and peak day water demands by industrial customers.
- 2) Assumptions:
 - a) HDR will provide a data request list within one week of notice to proceed (NTP).
 - b) Requested data will be provided within two weeks of request.
 - 3) Deliverable: Data request via email.

Task 3 – Alternatives Screening Evaluation

- 1) ENGINEER will perform a high-level screening evaluation of the alternatives listed in Part 1.0 for providing 2 MGD and 4 MGD to southeast Taylor. This evaluation includes:
 - a. Prepare descriptions of the water supply alternatives and identify any potential fatal flaws.
 - b. Estimate the sizes for facilities and infrastructure needed to supply the alternative water supply.
 - c. Develop conceptual facility and infrastructure plan map.
 - d. Prepare planning level cost estimates using the Texas Water Development Board (TWDB) Unified Costing Model (UCM) and cost related assumptions.
 - e. Prepare a summary of the results for presentation to City Council and Taylor EDC.
- 2) Assumptions
 - a. Up to 18 alternatives are included in the screening level evaluation.
 - b. Analysis of water quality blends is not included.
 - c. The recommended alternatives will be for a specific water supply amount of either 2 MGD or 4 MGD.
- 3) Deliverables:
 - a. Summary of screening level evaluation results for presentation to City Council and Taylor EDC.

Task 4 - Presentations

- 1) Prepare a summary of the water supply alternatives evaluation and present at for the following meetings:
 - a. Taylor city management – virtual meeting conducted via Teams
 - b. Taylor city council – in person meeting
 - c. Taylor Economic Corporation (TEDC) – in person meeting

PART 3.0 OWNER'S RESPONSIBILITIES:

The City shall be responsible for, and ENGINEER may rely upon, the accuracy and completeness of all requirements, programs, instructions, reports, data, and other information furnished by the City to ENGINEER pursuant to this Agreement. ENGINEER may use such requirements, programs, instructions, reports, data, and information in performing or furnishing services under this Agreement.

The City shall coordinate and, as necessary, attend meetings with the ENGINEER either by phone or in person during the project.

PART 4.0 PERIODS OF SERVICE:

ENGINEER is authorized to begin rendering services as of the date of Notice to Proceed (NTP).

ENGINEER shall complete its obligations within a reasonable time per the following target schedule:

Data Collection	30 days
Alternative Screening Evaluation:	60 days
Alternatives Evaluation (Up to 4):	60 days
<u>Reports and Presentations:</u>	<u>30 days</u>
Total	180 days

If, through no fault of ENGINEER, such periods of time or dates are changed, or the orderly and continuous progress of ENGINEER's services is impaired, or ENGINEER's services are delayed or suspended, then the time for completion of ENGINEER's services, and the amounts of ENGINEER's compensation, shall be adjusted equitably.

If the City authorizes changes in the scope, extent, or character of the Project, then the time for completion of ENGINEER's services, and the amounts of ENGINEER's compensation, shall be adjusted equitably.

PART 5.0 ENGINEER'S FEE:

The City shall pay ENGINEER for the services set forth in Part 2.0 on a lump sum payment basis in the amounts as shown below:

Task No.	Task Name	Fee
1	Project Management	\$13,700
2	Data Collection	\$11,700
3	Alternatives Screening Evaluation	\$98,900
4	Presentations	\$5,100
Total		\$129,400

The Lump Sum includes compensation for ENGINEER's services and services of ENGINEER's Consultants, if any. Appropriate amounts have been incorporated in the fee to account for labor, overhead, profit, and Reimbursable Expenses.

The portion of the Lump Sum amount billed for ENGINEER's services will be based upon ENGINEER's estimate of the percentage of the total services completed during the billing period.

Quality of Life

Agenda Item Number: 4.

Agenda Title: Receive update presentation from Williamson County and Cities Health District.

Council Action to be Taken: Receive presentation as presented.

Department Submitted: City Management Office

Staff Contact: Jeffery Jenkins, Deputy City Manager

1. PURPOSE / DESCRIPTION

The purpose of this item will be to receive an update from the Williamson County and Cities Health District (WCCHD). This update will provide information on WCCHD, programs offered and information regarding services provided in Taylor. This item will also provide the opportunity for the Council to meet Dr. Caroline Hilbert, the District's Executive Director.

2. STAFF ANALYSIS / BACKGROUND / PRIOR COUNCIL ACTIONS

Overall, this presentation should provide insight to Council and residents regarding the services and programs provided by WCCHD.

3. PROS and CONS

<u>PROS</u>	<u>CONS</u>
• Provides update and information regarding programs/services	•

4. RECOMMENDATION

Receive presentation.

5. FUNDING SOURCE

General fund. City of Taylor contibutes \$39,891 toward WCCHD budget.

About WCCHD

- Williamson County and Cities Health District has provided public health services to Williamson County since 1943
- Our Public Health Centers and offices are located in Cedar Park, Georgetown, Round Rock, and Taylor
- WCCHD is governed by a Board of Health, made up of city staff representing Cedar Park, Georgetown, Hutto, Leander, Liberty Hill, Round Rock, and Taylor and Williamson County staff

Williamson County and Cities Health District was one of the first public health departments in Texas to be awarded accreditation and re-accreditation status by the Public Health Accreditation Board.

Staff & Budget

*Revenue is a projection based on actual data from the previous 12 months

City of Taylor Contribution: \$40,741.95

STRATEGIC PILLAR

Streets/Infrastructure

Agenda Item Number: 5.

Agenda Title: **Consideration and possible action on awarding the 2024 Street Maintenance Project bid to Texas Road, LLC.**

Council Action to be Taken: Consider award of bid for construction of the 2024 Street Maintenance project to recommended bidder, Texas Road.

Department Submitted: Public Works

Staff Contact: Jim Gray, Director
Jacob Walker, City Engineer

1. PURPOSE / DESCRIPTION

This item is to consider and potentially award the bid for the 2024 Street Maintenance to Texas Road.

2. STAFF ANALYSIS / BACKGROUND / PRIOR COUNCIL ACTIONS

Council approved \$3.75 million for street maintenance on TH Johnson Dr and Lake Dr on January 10th, 2024 with utility and tax-supported debt issuance for FY 23-24. The Design Task Order for the 2024 Street Maintenance project was approved by Council on March 28th, 2024. Pavement marking alternatives and pavement maintenance recommendations were received on October 24th, 2024.

The 2024 Street Maintenance construction bid documents were prepared and advertised on February 16th, 2025. Bids were opened on February 26th, 2025. Five bids were received for this project, three more than the 2022 Street Maintenance Project.

The bidders and proposed amounts are as follows and include the base bid and the two additive alternates:

Texas Road - \$2,658,771.54

Larry Young Inc. - \$2,860,641.38

Aaron Concrete Contractors - \$3,117,422.40

Packsaddle Management - \$3,454,250.00

CHASCO Constructors - \$3,580,856.00

The base bid plus the two additive alternates is 28% lower than the engineers' estimate. It is recommended to move forward with the base bid and the two additive alternates, which include full depth reconstruction on a portion of Second and Fourth Street as well as reconfiguring a portion of the Mallard Lane Cycle Track from Carlos G Parker to North Drive.

3. PROS and CONS

<u>PROS</u>	<u>CONS</u>
• Maintain east/west community boulevards. • Improve ride quality and safety. • Performing preventative maintenance reduces the potential need to full reconstruct the streets.	• No foreseeable cons

4. RECOMMENDATION

Recommend approval of award of the 2024 Street Maintenance Project to Texas Road for \$2,658,771.54 and authorization of the City Manager to enter into a contract with Texas Road to perform the work. It is also recommended to go forward with the two additive alternates as the total bid cost is less than the estimate and below the bond funding budget.

5. FUNDING SOURCE

Funded through the 2024 CO Bond Funds

6. TIMELINE

Time of Completion of the Construction Contract is 210 days for Substantial Completion. Subject to approval from City Council on March 5th, and a projected Notice-to-Proceed date of April 17th, the schedule for Substantial Completion is November 13th, 2025.

7. OTHER OPTIONS

Reject the bid.

8. ATTACHMENTS

Bid Tabulations

- \$3,150,000 budgeted for 2024 Street Maintenance construction
- Base bids shown below include \$150,000 contingency for change orders, etc.

Bidder	Base Bid	Additive Alternate 1	Additive Alternate 2	Total Bid
Texas Road, LLC	\$2,325,646.48	\$237,721.26	\$95,403.80	\$2,658,771.54
Larry Young Inc.	\$2,447,518.53	\$333,301.70	\$79,821.15	\$2,860,641.38
Aaron Concrete Contractors, LP	\$2,670,158.30	\$287,947.15	\$159,316.95	\$3,117,422.40
Packsaddle Management, LLC	\$3,043,844.00	\$341,870.00	\$68,536.00	\$3,454,250.00
Chasco Constructors	\$3,149,940.00	\$264,467.00	\$166,449.00	\$3,580,856.00

Schedule and References

- 210 Days to Completion (April – November)
 - Project extents near school zones will be under construction during the summer break
- Texas Road worked on the 2022 Street Maintenance Project
 - Worked collaboratively with the city to solve problems on the previous street maintenance project
 - References were contacted and positive responses received
 - Lakeline Pavement Repair (Cedar Park), Sessom Drainage Improvements (San Marcos)

Recommendation

- Texas Road is the low bidder with a total bid of \$2,658,771.54
- Recommend award of the 2024 Street Maintenance Construction contract to Texas Road, including the base bid and both additive alternates
- Construction cost is below the City's budget, which will allow flexibility for additional areas of reclamation if required based on field conditions

Questions?

March 6, 2025

Mr. Dwayne Ariola
Mayor
City of Taylor
400 Porter Street
Taylor, TX 76574

RE: 2024 Street Maintenance Project
Recommendation to Award Construction Contract

Dear Mr. Ariola,

On February 26, 2025 at 2:00 PM, HDR Engineering, Inc. and the City of Taylor opened bids for the 2024 Street Maintenance Project. The project includes microsurfacing, street reclamation with new surface asphalt, sidewalks, signing, striping, and traffic control of City streets. Five (5) contractors submitted sealed bids with the following prices:

Texas Road - \$2,658,771.54
Larry Young - \$2,860,641.38
Aaron Concrete Contractors - \$3,117,422.40
Packsaddle Management - \$3,454,250.00
CHASCO Constructors - \$3,580,856.00

The low bid contractor, Texas Road, submitted bids 28% lower than the preliminary estimate. Based on the information presented in the bid proposal, HDR recommends the City of Taylor accept the bid from Texas Road in the amount of \$2,658,771.54. This amount includes \$237,721.26 of resurfacing and restriping on Mallard Lane and \$95,403.80 of reclamation work on 2nd and 4th Streets outside of the original project scope. The project budget also contains a contingency of \$150,000 for change orders to address any unforeseen needs that arise during construction.

We will prepare the Notice of Intent to Award and other contract documents to be forwarded to Texas Road for execution if the City of Taylor concurs with this recommendation.

Sincerely,
HDR Engineering, Inc.

A handwritten signature in black ink, appearing to read 'Jacob Walker', followed by the text 'Jacob Walker, P.E.' in a standard font.

Jacob Walker, P.E.

PROPOSAL FORM

FOR CONSTRUCTION CONTRACT

The terms used in this Proposal with initial capital letters have the meanings stated in the Instructions to Proposers, the General Conditions, and the Supplementary Conditions.

ARTICLE 1—OWNER AND PROPOSER

1.01 This Proposal is submitted to:

City of Taylor Purchasing

Attn: Sabrina Schmidt

400 Porter Street

Taylor, TX 76574

1.02 The undersigned Proposer proposes and agrees, if this Proposal is accepted, to enter into an Agreement with Owner in the form included in the Proposal Documents to perform all Work as specified or indicated in the Proposal Documents for the prices and within the times indicated in this Proposal and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2—EVALUATION CRITERIA AND ESTIMATED BUDGET

2.01 Award of the Contract resulting from this solicitation shall be under the selection process described in Article 18 of the Instructions to Proposers. The three (3) divisions of selection criteria ("Divisions") and their respective assigned weights for this project are as follows:

1. Contractor Relevant Qualifications, Experience, and References— 30%
2. Cost Proposal – 60%
3. Schedule Proposal – 10%

2.02 The City's budget for this project is **\$3,500,000.00**

ARTICLE 3—ATTACHMENTS TO THIS PROPOSAL

3.01 The following documents are submitted with and made a condition of this Proposal:

- A. Statement of Proposers' Qualifications, Experience, and References with supporting data; and
- B. Required Proposal security

ARTICLE 4—COST PROPOSAL

- 4.01 Proposer will complete the Work in accordance with the Contract Documents for the following price(s):

FOR LABOR, MATERIAL, EQUIPMENT, AND INCIDENTALS

A. UTILIZE EXCEL SPREADSHEET BID FORM

- B. Proposer acknowledges that:

1. each Proposal Unit Price includes an amount considered by Proposer to be adequate to cover Contractor's overhead and profit for each separately identified item, and
2. the estimated quantities are not guaranteed, and are solely for the purpose of comparison of Proposals, and final payment for all Unit Price Work will be based on actual quantities, determined as provided in the Contract Documents.

ARTICLE 5 - SCHEDULE PROPOSAL

- 5.01 Proposer agrees that the Work will be substantially complete within the number of calendar days entered below, after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **30** calendar days after the date of substantial completion.

CALENDAR DAYS FOR SUBSTANTIAL COMPLETION OF PROPOSAL:	290
---	-----

- 5.02 The total number of calendar days for Substantial Completion designated by Proposer above must be less than or equal to a maximum of **290** calendar days, but not less than a minimum of **150** calendar days. Final Completion will be [Substantial Completion + 30] calendar days.
- 5.03 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 6—PROPOSER'S ACKNOWLEDGEMENTS: ACCEPTANCE PERIOD, INSTRUCTIONS, AND RECEIPT OF ADDENDA

6.01 *Proposal Acceptance Period*

- A. This Proposal will remain subject to acceptance for **45** days after the Proposal opening, or for such longer period of time that Proposer may agree to in writing upon request of Owner.

6.02 *Instructions to Proposers*

- A. Proposer accepts all of the terms and conditions of the Instructions to Proposers, including without limitation those dealing with the disposition of Bid security, and including the Proposal evaluation criteria.

6.03 *Receipt of Addenda*

- A. Proposer hereby acknowledges receipt of the following Addenda:

Addendum Number	Addendum Date
1	02-21-2025

ARTICLE 7—PROPOSERS’ REPRESENTATIONS AND CERTIFICATIONS

7.01 *Proposers’ Representations*

A. In submitting this Proposal, Proposer represents the following:

1. Proposer has examined and carefully studied the Proposal Documents, including Addenda.
2. Proposer has visited the Site, conducted a thorough visual examination of the Site and adjacent areas, and become familiar with the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
3. Proposer is familiar with all Laws and Regulations that may affect cost, progress, and performance of the Work.
4. Proposer has carefully studied the reports of explorations and tests of subsurface conditions at or adjacent to the Site and the drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, with respect to the Technical Data in such reports and drawings.
5. Proposer has carefully studied the reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, with respect to Technical Data in such reports and drawings.
6. Proposer has considered the information known to Proposer itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Proposal Documents; and the Technical Data identified in the Supplementary Conditions or by definition, with respect to the effect of such information, observations, and Technical Data on (a) the cost, progress, and performance of the Work; (b) the means, methods, techniques, sequences, and procedures of construction to be employed by Proposer, if selected as Contractor; and (c) Proposers’ (Contractor’s) safety precautions and programs.
7. Based on the information and observations referred to in the preceding paragraph, Proposer agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.
8. Proposer is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Proposal Documents.
9. Proposer has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Proposer has discovered in the Proposal Documents, and of

discrepancies between Site conditions and the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

10. The Proposal Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.
11. The submission of this Proposal constitutes an incontrovertible representation by Proposer that without exception the Proposal and all prices in the Proposal are premised upon performing and furnishing the Work required by the Proposal Documents.

7.02 *Proposers' Certifications*

A. The Proposer certifies the following:

1. This Proposal is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation.
2. Proposer has not directly or indirectly induced or solicited any other Proposers to submit a false or sham Proposal.
3. *Proposer has not solicited or induced any individual or entity to refrain from proposing.*
4. Proposer has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 8.02.A:
 - a. Corrupt practice means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the proposal process.
 - b. Fraudulent practice means an intentional misrepresentation of facts made (a) to influence the proposal process to the detriment of Owner, (b) to establish proposal prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition.
 - c. Collusive practice means a scheme or arrangement between two or more Proposers, with or without the knowledge of Owner, a purpose of which is to establish proposal prices at artificial, non-competitive levels.
 - d. Coercive practice means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the proposal process or affect the execution of the Contract.
5. Proposer is not presently debarred by TxDOT or from work in the State of Texas.
6. In the event of the award of a contract, the organization represented will secure bonds for the full amount of the contract.
7. The signatory represents and warrants that they are an authorized signatory for the organization for which the bid is submitted and they have full and complete authority to submit this bid on behalf of their firm.
8. That the certifications and representations contained in the proposal are true and accurate and the bidder intends the proposal to be taken as a genuine government record.

PROPOSER hereby submits this Proposal as set forth above:

(if applicable)

STATEMENT OF PROPOSERS' QUALIFICATIONS, EXPERIENCE, AND REFERENCES

ARTICLE 1—INSTRUCTIONS

- 1.01 Proposer shall fill out all blanks on this form and attached schedules and shall submit the form with the Proposal Form. If an answer is not applicable, or would otherwise remain blank, fill in "N/A".
- 1.02 Proposer may attach documentation in lieu of filling out Articles of this form, if applicable. However, all attachments shall contain all the information required by the form and the required information shall be easily identifiable on the attachment. If an attachment is provided, answer "Attached" in the first blank space, if applicable. Clearly label each attachment with the Article # or schedule the attachment is applicable to.
- 1.03 Owner may reject Proposals with incomplete or missing information in accordance with the Instructions to Proposers. Owner reserves the right to request missing or additional information for use during the evaluation process.

ARTICLE 2—GENERAL INFORMATION

- 2.01 Provide information on the Business's organizational structure:

Legal Name of Business:	Texas Road, LLC		
Form of Business:	☐ Sole Proprietorship ☐ Partnership ☐ Corporation		
☒ Limited Liability Company ☐ Joint Venture comprised of the following companies:			
1.	Rick Vavro		
2.			
3.			
Provide a separate Qualification Statement for each Joint Venturer.			
Date Business was formed:	2-23-2022	State in which Business was formed:	Texas
Is this Business authorized to operate in the Project location?		☒ Yes ☐ No ☐ Pending	

ARTICLE 3—SAFETY

- 3.01 Provide Worker's Compensation Insurance Experience Modification Rate (EMR), Total Recordable Frequency Rate (TRFR) for incidents, and Total Number of Recorded Manhours (MH) for the last 3 years and the EMR, TRFR, and MH history for the last 2 years of any proposed Subcontractor(s) that will provide Work valued at 25% or more of the Contract Price. Provide documentation of the EMR history for Business and Subcontractor(s).

Year	2023			2022		
Company	EMR	TRFR	MH	EMR	TRFR	MH
Texas Road, LLC	0.70	0.54	368,332	0.67	0.42	474,247
Texas Materials	0.60			0.57		

ARTICLE 4—FINANCIAL

- 4.01 Provide information regarding the Business's financial stability. Provide the most current financial statement.

Financial Institution:	American Momentum Bank		
Date of Business's most recent financial statement:	Will be provided if low bidder	☐ Attached	
Contractor's Current Ratio (Current Assets ÷ Current Liabilities)			2.28
Contractor's Quick Ratio ((Cash and Cash Equivalents + Accounts Receivable + Short Term Investments) ÷ Current Liabilities)			2.22

ARTICLE 5—CONSTRUCTION EXPERIENCE

5.01 Provide information regarding the Business's previous contracting experience.

Years of experience with projects like the proposed project: 21			
As a general contractor:	21	As a joint venturer:	NA
Has Business, or a predecessor in interest, or an affiliate:			
Been disqualified as a bidder by any local, state, or federal agency within the last 5 years?			☐ Yes ☒ No
Been barred from contracting by any local, state, or federal agency within the last 5 years?			☐ Yes ☒ No
Been released from a bid in the past 5 years?			☐ Yes ☒ No
Defaulted on a project or failed to complete any contract awarded to it?			☐ Yes ☒ No
Refused to construct or refused to provide materials defined in the contract documents or in a change order?			☐ Yes ☒ No
Been a party to any currently pending litigation or arbitration?			☐ Yes ☒ No
Provide full details in a separate attachment if the response to any of these questions is Yes.			

- 5.02 List a minimum of three and a maximum of six projects completed in the last 5 years in **Schedule B** and provide indicated information to demonstrate the Business's experience with projects similar in type and cost of construction.
- 5.03 In **Schedule C**, provide information on key individuals whom Business intends to assign to the Project. Provide resumes for those individuals included in Schedule C. Key individuals include the Project Manager and Project Superintendent. Resumes may be provided for Business's key leaders as well.

ARTICLE 6—REFERENCES

- 6.01 Provide a list of at least 3 primary references for which Proposer has provided like products or services. Central Texas area references are preferred. If a project reference is used as the primary reference, check “See Project References” below.

Reference 1: ☐ Primary Reference ☒ See Project References			
Owner:			
Contact Name:		Title:	
Email:		Phone:	

Reference 2: ☐ Primary Reference ☒ See Project References			
Owner:			
Contact Name:		Title:	
Email:		Phone:	

Reference 3: ☐ Primary Reference ☒ See Project References			
Owner:			
Contact Name:		Title:	
Email:		Phone:	

ARTICLE 7—SUBCONTRACTORS

- 7.01 List the names of all subcontractors Proposer will use for this project and provide subcontractors’ percentage of total contract amount, rounded up to the nearest whole percentage point (1%). Approval of subcontractor(s) and negotiations for substitutes, prior to award of the contract, will be in accordance with the Instructions to Bidders.

Name of Subcontractor	Percent of Total Proposal Amount (X%)
Texas Materials	27%

ARTICLE 9—AVAILABLE EQUIPMENT

9.01 Provide a list of equipment, owned by the Proposer, which is available for the work.

ARTICLE 10—REQUIRED ATTACHMENTS

10.01 Provide the following information with the Statement of Qualifications:

- A. If Business is a Joint Venture, separate Qualifications Statements for each Joint Venturer, as required in Paragraph 1.01.
- B. Certification of Business's safety performance if required by Paragraph 3.01.
- C. Financial statements as required by Paragraph 4.01.
- D. **Schedule B** (Previous Experience with Similar Projects) as required by Paragraph 5.02.
- E. **Schedule C** (Key Individuals) and/or resumes for the key individuals listed, as required by Paragraph 5.03.
- F. List of available equipment owned by the Proposers as required by Paragraph 9.01.
- G. Additional items as pertinent.

This Statement of Qualifications, Experience, and References is offered by:

City of Taylor 2022 Street Maintenance

Overview:

Austin Underground (AUI) has been an expert in the civil construction industry since 2004 specializing in underground utilities and roadway construction in the Austin area. Unlike many companies, Austin Underground can self-perform a wide array of construction activities in house, such as ownership of a volumetric concrete truck division, road bores, asphalt/concrete paving, utility, and bridge construction.

Experience:

Austin Underground Incorporated was established in 2004 by President Rick Vavro, who has over 30 years of experience in the construction industry. His background includes estimator and project manager of various heavy highway TxDOT and municipal roadways in the central Texas area. Significant projects include reconstruction of 45th in Austin and TxDOT Mission Trails Pkwy.

Jesus "Tony" Franco is vice president and general superintendent. He has 30 years' experience in heavy highway and civil construction including project manager, superintendent, bridge superintendent, estimator, and structures engineer for projects across Texas. Notable projects in the central Texas area include I35 reconstruction in Salado and 21 bridges for the US 183A expansion project in Cedar Park/Leander.

AUI is TxDOT prequalified and has completed numerous roadway projects for various clients.

Similar Project Experience:

Bell Boulevard Realignment was a \$13 million project located on US 183 in Cedar Park, Texas. The project involved moving US 183 over to allow room for a mixed-use shopping development owned by the City of Cedar Park. This project included numerous traffic phases, 3 traffic signals, extensive landscape and streetscape, reworking CapMetro railroad crossing with new vehicle and pedestrian gates, electrical duct bank, 4-12" water and sewer lines, and storm sewer system ranging from 18" RCP to cast in place 10'x10' concrete box culvert.

Old Burnet Road Improvements was a \$2.8 million project for the City of Jonestown. The scope included realignment and reconstruction of 3 miles of an existing asphalt road including 20,000 LF of curb, mass excavation in rock, and flexible base repair.

OSHA's Form 300A (Rev. 01/2004)
Summary of Work-Related Injuries and Illnesses

All establishments covered by Part 1904 must complete this Summary page, even if no injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the log. If you had no cases write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR 1904.35. In OSHA's Recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

Total number of deaths	Total number of cases with days away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases
0 (G)	0 (H)	3 (I)	1 (J)

Number of Days

Total number of days away from work	Total number of days of job transfer or restriction
0 (K)	41 (L)

Injury and Illness Types

Total number of...	(1) Injury (M)	(2) Skin Disorder	(3) Respiratory Condition	(4) Poisoning	(5) Hearing Loss	(6) All Other Illnesses
	4	0	0	0	0	0

Post this Summary page from February 1 to April 30 of the year following the year covered by the form

Public reporting burden for this collection of information is estimated to average 58 minutes per response, including time to review the instruction, search and gather the data needed, and complete and review the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about these estimates or any aspects of this data collection, contact: US Department of Labor, OSHA Office of Statistics, Room N-3644, 200 Constitution Ave, NW, Washington, DC 20210. Do not send the completed forms to this office.

OSHA's Form 301 (Rev. 04/2004)

Injury and Illness Incident Report

Note: You can type input into this form and save it.
Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader. In addition, the forms are programmed to auto-calculate as appropriate.

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

This *Injury and Illness Incident Report* is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the *Log of Work-Related Injuries and Illnesses* and the accompanying *Summary*, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

If you need additional copies of this form, you may photocopy the printout or insert additional form pages in the PDF, and then use as many as you need.

Information about the employee

- 1) Full name Arturo Hernandez Munoz
- 2) Street 7176 Burshard Rd
- City San Antonio State TX ZIP 782163
- 3) Date of birth 10/19/1965
- Month 10 Day 19 Year 1965
- 4) Date hired 05/22/2019
- Month 05 Day 22 Year 2019
- 5) ☒ Male ☐ Female

Information about the physician or other health care professional

6) Name of physician or other health care professional
Laura M. Perez, MD

7) If treatment was given away from the worksite, where was it given?

Facility Texas Med Clinic

OSHA's Form 301 (Rev. 04/2004)

Injury and Illness Incident Report

Note: You can type input into this form and save it.
Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader. In addition, the forms are programmed to auto-calculate as appropriate.

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

This *Injury and Illness Incident Report* is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the *Log of Work-Related Injuries and Illnesses* and the accompanying *Summary*, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

If you need additional copies of this form, you may photocopy the printout or insert additional form pages in the PDF, and then use as many as you need.

Information about the employee

- 1) Full name Caden Connella
- 2) Street 331 Huling Bend
City Liberty Hill State TX ZIP 78642
- 3) Date of birth 09/22/2004
Month 09 Day 22 Year 2004
- 4) Date hired 01/24/2023
Month 01 Day 24 Year 2023
- 5) ☐ Male ☐ Female
Information about the physician or other health care professional
- 6) Name of physician or other health care professional Rafael Ibarra, MD
- 7) If treatment was given away from the workplace, where was it given?
Facility Concentra
Street 13831 US Hwy 183N
City Austin State TX ZIP 78750
- 8) Was employee treated in an emergency room?
☐ Yes ☒ No
- 9) Was employee hospitalized overnight as an in-patient?
☐ Yes ☒ No

Information about the case

- 10) Case number from the *Log of 2023-02-2105741* (Transfer the case number from the Log after you record the case.)

burns to his hand and forearm

17) What object or substance directly harmed the employee? Example: "concrete floor"; "chlorine"; "radial arm saw." If this question does not apply to the incident, leave it blank.
hot asphalt

18) If the employee died, when did death occur? Date of death ____/____/____

This *Injury and Illness Incident Report* is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the *Log of Work-Related Injuries and Illnesses* and the accompanying *Summary*, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

If you need additional copies of this form, you may photocopy and use as many as you need.

- 2) Street 5827 Corcoran loop
- City Round Rock State TX ZIP 78665
- 3) Date of birth 3, 23, 64
- 4) Date hired 10, 3, 12
- 5) ☒ Male ☐ Female

Information about the physician or other health care professional

- 6) Name of physician or other health care professional Katherine
- 7) If treatment was given away from the workplace, where was it given? Cell and

- 8) Facility Texas Med Clinic
- 9) Street 4851 N. IH-35
- City Round Rock State TX ZIP 78664

- 10) Was employee treated in an emergency room? ☒ Yes ☐ No
- 11) Was employee hospitalized overnight as an inpatient? ☒ Yes ☐ No

Information about the case

- 10) Case number from the Log 61-2024-01-03064589 (Transfer the case number from the Log after you record the case.)
- 11) Date of injury or illness 12, 18, 20
- 12) Time employee began work 9 ☒ AM ☐ PM
- 13) Time of event 9:36 ☒ AM ☐ PM ☐ Check if time cannot be determined

- 14) What was the employee doing just before the incident occurred? Describe the activity, as well as the tools, equipment, or material the employee was using. Be specific. Example: "climbing a ladder while carrying roofing materials"; "spraying chlorine from hand sprayer"; "dally computer key-entry";

walking talking to another driver headed back to their trucks in the yard.

- 15) What happened? Tell us how the injury occurred. Example: "When ladder slipped on wet floor, worker fell 20 feet"; "Worker was sprayed with chlorine when rubber broke during replacement"; "Worker developed soreness in wrist over time";

employee stepped of the concrete sidewalk he was on and fell forward with his arm out trying to break his fall.

- 16) What was the injury or illness? Tell us the part of the body that was affected and how it was affected. Be more specific than "hurt," "pain," or "sore." Example: "strained back"; "chemical burn, hand"; "carpal tunnel syndrome";

employee injured his right hand when he fell

- 17) What object or substance directly harmed the employee? Example: "concrete floor"; "chlorine"; "radial arm saw." If this question does not apply to the incident, leave it blank.

the floor when he fell.

- 18) If the employee died, when did death occur? Date of death ____/____/____

If you need additional copies of this form, you may photocopy and use as many as you need.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

This Injury and Illness Incident Report is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the Log of Work-Related Injuries and Illnesses and the accompanying Summary, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

Completed by Don Hendrix

Public reporting burden for this collection of information is estimated to average 22 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Persons are not required to respond to the collection of information unless it displays a current valid OMB control number. If you have any comments about this estimate or any other aspect of this data collection, including suggestions for reducing this burden, contact: US Department of Labor, OSHA Office of Statistical Analysis, Room N-3844, 200 Constitution Avenue, NW, Washington, DC 20310. Do not send the completed forms to this office.

SECTION 00 45 46
VENDOR COMPLIANCE TO STATE LAW

The 1985 Session of the Texas Legislature passed House Bill 620 relative to the award of contracts to non-resident bidders. This law provides that, in order to be awarded a contract as low bidder, non-resident bidders (out of state contractors whose corporate officers or principal place of business are outside of the state of Texas) bid projects for construction, improvements, supplies or services in Texas at an amount lower than the lowest Texas resident by the same amount that a Texas resident bidder would be required to underbid a non-resident bidder in order to obtain a comparable contract in the state in which the non-resident's principal place of business is located. The appropriate blanks in Section A must be filled out by all out-of-state or non-resident bidders in order for your bid to meet specifications. The failure of out-of-state or non-resident contractors to do so will automatically disqualify that bidder. Resident bidders must check the line in Section B.

- A. Non-resident bidder in _____ (give state), our principal place of business, are required to be _____ percent lower than resident bidders by state law.
Non-resident vendors in _____ (give state), our principal place of business, are not required to underbid resident bidders.

- B. Our principal place of business or corporate offices are in the State of Texas: RV
_____.

BIDDER:

_____ Texas Road, LLC (Company Name) Address: _____ _____ PO Box 5650 _____ Lago Vista, Tx 78645 City State Zip	By Rick Vavro _____ (please print) Signature: _____ Title: Managing Partner _____ (please print)

LARRY YOUNG PAVING

HISTORY/QUALIFICATIONS

Larry Young Paving (LYP) is ready and able to provide the City of Taylor with experienced, qualified personnel and management practices to deliver on time, on budget performance. Since its founding in August 2005, LYP has seen exponential growth while maintaining an aggressive stance in project delivery of local city, county and state projects. Our past experience provides us with the knowledge and understanding of accepted industry practices required under defined contract terms and conditions to meet or exceed client expectations.

Company History

In August 2005 Larry Young Paving (LYP) was established specializing primarily in commercial and residential asphalt parking lots, driveways, repairs and general site work focused on the private sector. As the workload increased the company began pursuing local municipal, county and state opportunities matching internal resource requirements in both manpower and equipment requirements. At present LYP is under contract with the City of Bryan, City of College Station, TXDOT and numerous local development companies totaling more than sixty projects of various scope and budget. Current project workload includes the construction of multi-span bridges, slip form paving, asphalt paving, earthworks and underground utilities.

Experience and Qualifications

LYP is experienced in all phases of local and regional civil works project delivery requirements. Currently the company employs over 280 skilled and unskilled personnel to include equipment

operators, concrete, asphalt and underground utility crews. Added to workforce, LYP equipment count exceeds 130 pieces to include late model excavators, loaders, motor graders, dozers, ridged and flexible pavers, and trucks.

Project Management is key to the success of LYP. Our combined years' experience of management staff exceeds 150 providing a comprehensive approach to all aspects of Civil Works project delivery.

LYP has the ability to effectively manage multiple projects. At present the company is engaged in sixty-one contracts ranging in size and scope from municipal sidewalk replacement/rehabilitation with the City of College Station, Texas to major capital road and bridge projects. Capabilities include, but are not restricted to underground utility work (storm, sewer and water), high volume earthworks, concrete and asphalt paving, concrete structures and bridges and architectural sidewalk/multi use pathways. Projects are managed in the field by competent Site Supervisors and Foremen under the guidance of Project Managers experienced in private development, municipal, state, and federal government contracts.

ADDENDUM NO. 01

TO DRAWINGS, CONTRACT DOCUMENTS, AND SPECIFICATIONS FOR

CITY OF TAYLOR, TEXAS 2024 STREET MAINTENANCE

Date of Addendum: February 21, 2025

Bid Date: Wednesday, February 26, 2025 at 2:00 PM

This Addendum will be considered part of the Contract Documents and is issued to change, amplify, add to, delete from, or otherwise explain the Contract Documents. Where provisions of this Addendum differ from those of the original Contract Documents, this Addendum will take precedence and govern. Bidders are hereby notified that they will incorporate this Addendum into their bids, and it will be construed that the Contractor's bid will reflect with full knowledge all items, changes, and modifications to the Contract Documents herein specified. Bidders will specifically acknowledge receipt of this Addendum on the front of the Bidder's Sealed Bid Envelope and in the space provided on the Bid Form. All items in conflict with this Addendum are hereby deleted.

GENERAL:

1. None.

DRAWINGS:

1. Sheet No. 4 – TH Johnson Project Layout: Replace with the attached, revised Sheet 4
2. Sheet No. 15 – Proposed Typical Sections: Replace with the attached, revised Sheet 15
3. Sheet No. 16 – Proposed Typical Sections: Replace with the attached, revised Sheet 16
4. Sheet No. 17 – General Notes: Replace with the attached, revised Sheet 17
5. Sheet No. 19 – Summary of Quantities: Replace with the attached, revised Sheet 19
6. Sheet No. 20 – Summary of Quantities: Replace with the attached, revised Sheet 20
7. Sheet No. 21 – Summary of Quantities: Replace with the attached, revised Sheet 21
8. Sheet No. 23 – Traffic Control Plan Sequence of Work: Replace with the attached, revised Sheet 23
9. Sheet No. 50 through Sheet No. 59: Roadway Plan TH Johnson Dr: Replace with the attached, revised Sheet No. 50 through Sheet No. 59
10. Sheet No. 60 through Sheet No. 77: Roadway Plan W Lake Dr: Replace with the attached, revised Sheet No. 60 through Sheet No. 77

SPECIFICATION SECTIONS:

1. Replace Section 00 73 01 - SUPPLEMENTARY CONDITIONS (EJCDC C-800—2018) with the attached, revised 00 73 01 - SUPPLEMENTARY CONDITIONS (EJCDC C-800—2018).
2. Replace the Excel spreadsheet Bid Form previously posted to CivCast with the revised Excel spreadsheet Bid Form that will be uploaded to CivCast.

Q&A/CLARIFICATIONS:

1. Please clarify where TY II pavement markings are to be used, particularly the longitudinal markings.

ANSWER: As noted in the plans and specs, TY II markings should be installed in locations where there is concrete, or where the roadway is not being resurfaced and they are not being placed over existing markings. This occurs mainly on cross street approaches where stop bars and crosswalks are being added or replaced. The 4" TY II markings are proposed on the west part of Lake Drive, west of where the microsurfacing begins, and on the north block of Bill Pickett Trail where the existing white longitudinal line was observed to be worn off the pavement.

ARTICLE 4—COST PROPOSAL

- 4.01 Proposer will complete the Work in accordance with the Contract Documents for the following price(s):

FOR LABOR, MATERIAL, EQUIPMENT, AND INCIDENTALS

A. UTILIZE EXCEL SPREADSHEET BID FORM

- B. Proposer acknowledges that:

1. each Proposal Unit Price includes an amount considered by Proposer to be adequate to cover Contractor's overhead and profit for each separately identified item, and
2. the estimated quantities are not guaranteed, and are solely for the purpose of comparison of Proposals, and final payment for all Unit Price Work will be based on actual quantities, determined as provided in the Contract Documents.

ARTICLE 5 - SCHEDULE PROPOSAL

- 5.01 Proposer agrees that the Work will be substantially complete within the number of calendar days entered below, after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **30** calendar days after the date of substantial completion.

CALENDAR DAYS FOR SUBSTANTIAL COMPLETION OF PROPOSAL:	150
---	-----

- 5.02 The total number of calendar days for Substantial Completion designated by Proposer above must be less than or equal to a maximum of **290** calendar days, but not less than a minimum of **150** calendar days. Final Completion will be [Substantial Completion + 30] calendar days.
- 5.03 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 6—PROPOSER'S ACKNOWLEDGEMENTS: ACCEPTANCE PERIOD, INSTRUCTIONS, AND RECEIPT OF ADDENDA

- 6.01 *Proposal Acceptance Period*

- A. This Proposal will remain subject to acceptance for **45** days after the Proposal opening, or for such longer period of time that Proposer may agree to in writing upon request of Owner.

- 6.02 *Instructions to Proposers*

- A. Proposer accepts all of the terms and conditions of the Instructions to Proposers, including without limitation those dealing with the disposition of Bid security, and including the Proposal evaluation criteria.

- 6.03 *Receipt of Addenda*

- A. Proposer hereby acknowledges receipt of the following Addenda:

Addendum Number	Addendum Date
1	2.21.25

ARTICLE 7—PROPOSERS’ REPRESENTATIONS AND CERTIFICATIONS

7.01 *Proposers’ Representations*

A. In submitting this Proposal, Proposer represents the following:

1. Proposer has examined and carefully studied the Proposal Documents, including Addenda.
2. Proposer has visited the Site, conducted a thorough visual examination of the Site and adjacent areas, and become familiar with the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
3. Proposer is familiar with all Laws and Regulations that may affect cost, progress, and performance of the Work.
4. Proposer has carefully studied the reports of explorations and tests of subsurface conditions at or adjacent to the Site and the drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, with respect to the Technical Data in such reports and drawings.
5. Proposer has carefully studied the reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, with respect to Technical Data in such reports and drawings.
6. Proposer has considered the information known to Proposer itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Proposal Documents; and the Technical Data identified in the Supplementary Conditions or by definition, with respect to the effect of such information, observations, and Technical Data on (a) the cost, progress, and performance of the Work; (b) the means, methods, techniques, sequences, and procedures of construction to be employed by Proposer, if selected as Contractor; and (c) Proposers’ (Contractor’s) safety precautions and programs.
7. Based on the information and observations referred to in the preceding paragraph, Proposer agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.
8. Proposer is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Proposal Documents.
9. Proposer has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Proposer has discovered in the Proposal Documents, and of

PROPOSER hereby submits this Proposal as set forth above:

STATEMENT OF PROPOSERS' QUALIFICATIONS, EXPERIENCE, AND REFERENCES

ARTICLE 1—INSTRUCTIONS

- 1.01 Proposer shall fill out all blanks on this form and attached schedules and shall submit the form with the Proposal Form. If an answer is not applicable, or would otherwise remain blank, fill in "N/A".
- 1.02 Proposer may attach documentation in lieu of filling out Articles of this form, if applicable. However, all attachments shall contain all the information required by the form and the required information shall be easily identifiable on the attachment. If an attachment is provided, answer "Attached" in the first blank space, if applicable. Clearly label each attachment with the Article # or schedule the attachment is applicable to.
- 1.03 Owner may reject Proposals with incomplete or missing information in accordance with the Instructions to Proposers. Owner reserves the right to request missing or additional information for use during the evaluation process.

ARTICLE 2—GENERAL INFORMATION

- 2.01 Provide information on the Business's organizational structure:

Legal Name of Business:	Larry Young Paving, Inc.		
Form of Business:	☐ Sole Proprietorship ☐ Partnership ☒ Corporation		
☐ Limited Liability Company ☐ Joint Venture comprised of the following companies:			
1.			
2.			
3.			
Provide a separate Qualification Statement for each Joint Venturer.			
Date Business was formed:	Aug 2005	State in which Business was formed:	TX
Is this Business authorized to operate in the Project location?		☒ Yes ☐ No ☐ Pending	

ARTICLE 3—SAFETY

- 3.01 Provide Worker's Compensation Insurance Experience Modification Rate (EMR), Total Recordable Frequency Rate (TRFR) for incidents, and Total Number of Recorded Manhours (MH) for the last 3 years and the EMR, TRFR, and MH history for the last 2 years of any proposed Subcontractor(s) that will provide Work valued at 25% or more of the Contract Price. Provide documentation of the EMR history for Business and Subcontractor(s).

Year						
Company	EMR	TRFR	MH	EMR	TRFR	MH
LYP - '23	.72	1	66,506			
LYP - '22	.74	1	51,000			
LYP - '21	.69	1	78,000			

ARTICLE 4—FINANCIAL

- 4.01 Provide information regarding the Business's financial stability. Provide the most current financial statement.

OSHA's Form 300 (Rev. 04/2004) Log of Work-Related Injuries and Illnesses

Note: You can type input into this form and save it.
Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the [free Adobe PDF Reader](#). In addition, the forms are programmed to auto-calculate as appropriate.

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

Year 20 23

U.S. Department of Labor
Occupational Safety and Health Administration

Please Record:

- Information about every work-related death and about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid.
- Significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional.
- Work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR Part 1904.8 through 1904.12.

Reminders:

- Complete an injury and illness Incident Report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.
- Feel free to use two lines for a single case if you need to.
- Complete the 5 steps for each case.

Form approved OMB no. 1218-0176

Establishment name
Lamy Young Paving, Inc

city **Bryan** State **TX**

Step 1. Identify the person

(A) Case no.	(B) Employee's name	(C) Job title (e.g., Welder)	(D) Date of injury or onset of illness (e.g., 2/10)	(E) Where the event occurred (e.g., Loading dock north end)	(F) Describe injury or illness, parts of body affected, and object/substance that directly injured or made person ill (e.g., Second degree burns on right forearm from acetylene torch)
1	Julio Hernandez	Finisher	3 / 1 month / day	N Texas Ave	Fractured finger due to sledge hammer.
2	Montie Price	Driver	4 / 25 month / day	HWY 36	Back injury due to MVA
3	Marqus Thomas	General Operator	5 / 19 month / day	Old Hearne	Back injury due to twisting motion when setting equipment.
4	Chance Watson	Pipe Layer	11 / 29 month / day	H88 Magnolia	Foreign body in eye from concrete demolition activity.

OSHA's Form 300A (Rev. 04/2004)
Summary of Work-Related Injuries and Illnesses

Note: You can type input into this form and save it. Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the [free Adobe PDF Reader](#).

Year 20²³

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases					
(G)	Total number of deaths	Total number of cases with days away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases	(J)
	0	3	0	1	

<i>Number of Days</i>	
Total number of days away from work	Total number of days of job transfer or restriction
5	6
(X)	(L)

<i>Injury and Illness Types</i>		
Total number of . . .	(M)	
(1) Injuries	4	(4) Poisonings
(2) Skin disorders	0	(5) Hearing loss
(3) Respiratory conditions	0	(6) All other illnesses

Post this Summary page from February 1 to April 30 of the year following the year covered by the form.

Public reporting burden for this collection of information is estimated to average 38 minutes per response, including time for reviewing the instructions, searching existing data sources, gathering the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to Washington, DC 20503. Send all other correspondence to OSHA Office of Statistical Analysis, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20503. Do not send the completed forms to this office.

Re: Project Reference

To Whom it May Concern:

Over the past 3 years, Larry Young Paving has contracted approximately \$30 M in work with the City of Conroe. From Rehab to New Construction contracts, Larry Young Paving has completed many difficult projects for the City requiring bridge construction, slipform paving, deep sanitary and waterline mostly with their own crews. We found them to be exceptional in both their knowledge base and their ability to execute the work. They provided solutions to difficult problems and completed projects on time. I would recommend their company without question. If you require any additional information, please don't hesitate to contact me

Sincerely,

Tara B. Gaha, P.E.
Senior Project Engineer
Engineering Dept.
City of Conroe

Re: Reference of Work

To Whom it May Concern:

Larry Young Paving has worked with me several projects in the past and most recently on the City of Navasota Railroad St. Project. The project primarily was a drainage project to alleviate drainage conditions in the downtown area with a budget of approximately \$1.8mil. In addition to the drainage infrastructure, the project included waterline replacement, pavement removal/replacement, electrical, irrigation and telecommunication rerouting were a part of the project scope.

Overall, I found Larry Young Paving to be diligent in the completion of their work and were consistently onsite with various crews as the project required. Their project management team was easy to work with, handled in-field issues well and was knowledgeable regarding the work. With regards to change orders, they were fair and reasonable and overall helped to create a team atmosphere. I would recommend Larry Young Paving without reservation for any civil project for their professionalism, timely accomplishment of the work and quality product.

Sincerely,

A handwritten signature in black ink, appearing to read 'Johnnie Price', is written over the word 'Sincerely,'.

Larry Young Paving has completed several roadway projects for the City of College Station. The quality of utility, concrete and roadway work has met or exceeded all of our requirements and expectations. Often I will receive comments from residents on how pleased they are with the look and quality of the infrastructure and how they feel like it has improved the look of their neighborhoods.

Re: Letter of Reference

To Whom It May Concern:

I have had the pleasure of working with Larry Young Paving on several projects including a challenging road failure project that involved extensive grading and storm work. The I&GN Roadway Failure Remediation project was a \$1.4 Million project that improved drainage adjacent to the roadway and lowered the roadway to reduce the embankment side slopes to remediate the embankment failure. The project required Larry Young Paving to perform the extensive work while maintaining access to adjacent properties to owners, mail service, and trash collection.

Larry Young Paving was diligent, respectful and understanding with adjacent property owners, and completed the work ahead of schedule. They ensured the safety of the public was a high priority by continually inspecting traffic control and the site for potential hazards. Punch list items were completed in a timely manner and to the requirements/needs of the project team. I recommend Larry Young Paving for any Civil project and look forward to working with them for many years to come.

Sincerely,

Combined Financial Statements

For the Year Ended December 31, 2023

Ingram, Wallis & Co., P.C.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Larry Young Paving, Inc.
Bryan, Texas

Opinion

We have audited the accompanying combined financial statements of Larry Young Paving, Inc. (a TX S corporation) and affiliates (the Company), which comprise the combined balance sheet as of December 31, 2023, and the related combined statements of income, changes in stockholders' equity/partners' capital and cash flows for the year then ended, and the related notes to the combined financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Larry Young Paving, Inc. and affiliates as of December 31, 2023, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Larry Young Paving, Inc. and affiliates and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the combined financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The combining information and Earnings from Contracts, Contracts Completed, and Contracts in Progress schedules are presented for purposes of additional analysis of the combined financial statements rather than to present the financial position, results of operations, and cash flows of the individual companies, and are not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the combined financial statements as a whole.

SECTION 00 45 46
VENDOR COMPLIANCE TO STATE LAW

The 1985 Session of the Texas Legislature passed House Bill 620 relative to the award of contracts to non-resident bidders. This law provides that, in order to be awarded a contract as low bidder, non-resident bidders (out of state contractors whose corporate officers or principal place of business are outside of the state of Texas) bid projects for construction, improvements, supplies or services in Texas at an amount lower than the lowest Texas resident by the same amount that a Texas resident bidder would be required to underbid a non-resident bidder in order to obtain a comparable contract in the state in which the non-resident's principal place of business is located. The appropriate blanks in Section A must be filled out by all out-of-state or non-resident bidders in order for your bid to meet specifications. The failure of out-of-state or non-resident contractors to do so will automatically disqualify that bidder. Resident bidders must check the line in Section B.

- A. Non-resident bidder in _____ (give state), our principal place of business, are required to be _____ percent lower than resident bidders by state law.
Non-resident vendors in _____ (give state), our principal place of business, are not required to underbid resident bidders.

- XB. Our principal place of business or corporate offices are in the State of Texas:
- _____

PROPOSAL FORM

FOR CONSTRUCTION CONTRACT

The terms used in this Proposal with initial capital letters have the meanings stated in the Instructions to Proposers, the General Conditions, and the Supplementary Conditions.

ARTICLE 1—OWNER AND PROPOSER

1.01 This Proposal is submitted to:

City of Taylor Purchasing

✓ **Attn: Sabrina Schmidt**
400 Porter Street
Taylor, TX 76574

1.02 The undersigned Proposer proposes and agrees, if this Proposal is accepted, to enter into an Agreement with Owner in the form included in the Proposal Documents to perform all Work as specified or indicated in the Proposal Documents for the prices and within the times indicated in this Proposal and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2—EVALUATION CRITERIA AND ESTIMATED BUDGET

2.01 Award of the Contract resulting from this solicitation shall be under the selection process described in Article 18 of the Instructions to Proposers. The three (3) divisions of selection criteria ("Divisions") and their respective assigned weights for this project are as follows:

- ✓ 1. Contractor Relevant Qualifications, Experience, and References— 30%
- ✓ 2. Cost Proposal – 60%
- ✓ 3. Schedule Proposal – 10%

2.02 The City's budget for this project is **\$3,500,000.00**

ARTICLE 3—ATTACHMENTS TO THIS PROPOSAL

3.01 The following documents are submitted with and made a condition of this Proposal:

- A. Statement of Proposers' Qualifications, Experience, and References with supporting data; and
- B. Required Proposal security ✓

ARTICLE 4—COST PROPOSAL

- 4.01 Proposer will complete the Work in accordance with the Contract Documents for the following price(s):

FOR LABOR, MATERIAL, EQUIPMENT, AND INCIDENTALS

A. UTILIZE EXCEL SPREADSHEET BID FORM ✓

B. Proposer acknowledges that:

1. each Proposal Unit Price includes an amount considered by Proposer to be adequate to cover Contractor's overhead and profit for each separately identified item, and
2. the estimated quantities are not guaranteed, and are solely for the purpose of comparison of Proposals, and final payment for all Unit Price Work will be based on actual quantities, determined as provided in the Contract Documents.

ARTICLE 5 - SCHEDULE PROPOSAL

- 5.01 Proposer agrees that the Work will be substantially complete within the number of calendar days entered below, after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **30** calendar days after the date of substantial completion.

CALENDAR DAYS FOR SUBSTANTIAL COMPLETION OF PROPOSAL:	290
---	-----

- 5.02 The total number of calendar days for Substantial Completion designated by Proposer above must be less than or equal to a maximum of 290 calendar days, but not less than a minimum of **150** calendar days. Final Completion will be [Substantial Completion + 30] calendar days.
- 5.03 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 6—PROPOSER'S ACKNOWLEDGEMENTS: ACCEPTANCE PERIOD, INSTRUCTIONS, AND RECEIPT OF ADDENDA

6.01 *Proposal Acceptance Period*

- A. This Proposal will remain subject to acceptance for **45** days after the Proposal opening, or for such longer period of time that Proposer may agree to in writing upon request of Owner.

6.02 *Instructions to Proposers*

- A. Proposer accepts all of the terms and conditions of the Instructions to Proposers, including without limitation those dealing with the disposition of Bid security, and including the Proposal evaluation criteria.

6.03 *Receipt of Addenda*

- A. Proposer hereby acknowledges receipt of the following Addenda:

Addendum Number	Addendum Date
1	2/21/25

ARTICLE 7—PROPOSERS' REPRESENTATIONS AND CERTIFICATIONS

7.01 *Proposers' Representations*

A. In submitting this Proposal, Proposer represents the following:

1. Proposer has examined and carefully studied the Proposal Documents, including Addenda.
2. Proposer has visited the Site, conducted a thorough visual examination of the Site and adjacent areas, and become familiar with the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
3. Proposer is familiar with all Laws and Regulations that may affect cost, progress, and performance of the Work.
4. Proposer has carefully studied the reports of explorations and tests of subsurface conditions at or adjacent to the Site and the drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, with respect to the Technical Data in such reports and drawings.
5. Proposer has carefully studied the reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, with respect to Technical Data in such reports and drawings.
6. Proposer has considered the information known to Proposer itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Proposal Documents; and the Technical Data identified in the Supplementary Conditions or by definition, with respect to the effect of such information, observations, and Technical Data on (a) the cost, progress, and performance of the Work; (b) the means, methods, techniques, sequences, and procedures of construction to be employed by Proposer, if selected as Contractor; and (c) Proposers' (Contractor's) safety precautions and programs.
7. Based on the information and observations referred to in the preceding paragraph, Proposer agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.
8. Proposer is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Proposal Documents.
9. Proposer has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Proposer has discovered in the Proposal Documents, and of

ADDENDUM NO. 01

TO
DRAWINGS, CONTRACT DOCUMENTS, AND SPECIFICATIONS
FOR
CITY OF TAYLOR, TEXAS
2024 STREET MAINTENANCE

Date of Addendum: February 21, 2025

Bid Date: Wednesday, February 26, 2025 at 2:00 PM

This Addendum will be considered part of the Contract Documents and is issued to change, amplify, add to, delete from, or otherwise explain the Contract Documents. Where provisions of this Addendum differ from those of the original Contract Documents, this Addendum will take precedence and govern. Bidders are hereby notified that they will incorporate this Addendum into their bids, and it will be construed that the Contractor's bid will reflect with full knowledge all items, changes, and modifications to the Contract Documents herein specified. Bidders will specifically acknowledge receipt of this Addendum on the front of the Bidder's Sealed Bid Envelope and in the space provided on the Bid Form. All items in conflict with this Addendum are hereby deleted.

GENERAL:

1. None.

DRAWINGS:

1. Sheet No. 4 – TH Johnson Project Layout: Replace with the attached, revised Sheet 4
2. Sheet No. 15 – Proposed Typical Sections: Replace with the attached, revised Sheet 15
3. Sheet No. 16 – Proposed Typical Sections: Replace with the attached, revised Sheet 16
4. Sheet No. 17 – General Notes: Replace with the attached, revised Sheet 17
5. Sheet No. 19 – Summary of Quantities: Replace with the attached, revised Sheet 19
6. Sheet No. 20 – Summary of Quantities: Replace with the attached, revised Sheet 20
7. Sheet No. 21 – Summary of Quantities: Replace with the attached, revised Sheet 21
8. Sheet No. 23 – Traffic Control Plan Sequence of Work: Replace with the attached, revised Sheet 23
9. Sheet No. 50 through Sheet No. 59: Roadway Plan TH Johnson Dr: Replace with the attached, revised Sheet No. 50 through Sheet No. 59
10. Sheet No. 60 through Sheet No. 77: Roadway Plan W Lake Dr: Replace with the attached, revised Sheet No. 60 through Sheet No. 77

SPECIFICATION SECTIONS:

1. Replace Section 00 73 01 - SUPPLEMENTARY CONDITIONS (EJCDC C-800—2018) with the attached, revised 00 73 01 - SUPPLEMENTARY CONDITIONS (EJCDC C-800—2018).
2. Replace the Excel spreadsheet Bid Form previously posted to CivCast with the revised Excel spreadsheet Bid Form that will be uploaded to CivCast.

Q&A/CLARIFICATIONS:

1. Please clarify where TY II pavement markings are to be used, particularly the longitudinal markings.

ANSWER: As noted in the plans and specs, TY II markings should be installed in locations where there is concrete, or where the roadway is not being resurfaced and they are not being placed over existing markings. This occurs mainly on cross street approaches where stop bars and crosswalks are being added or replaced. The 4" TY II markings are proposed on the west part of Lake Drive, west of where the microsurfacing begins, and on the north block of Bill Pickett Trail where the existing white longitudinal line was observed to be worn off the pavement.

discrepancies between Site conditions and the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

10. The Proposal Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.
11. The submission of this Proposal constitutes an incontrovertible representation by Proposer that without exception the Proposal and all prices in the Proposal are premised upon performing and furnishing the Work required by the Proposal Documents.

7.02 *Proposers' Certifications*

A. The Proposer certifies the following:

1. This Proposal is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation.
2. Proposer has not directly or indirectly induced or solicited any other Proposers to submit a false or sham Proposal.
3. Proposer has not solicited or induced any individual or entity to refrain from proposing.
4. Proposer has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 8.02.A:
 - a. Corrupt practice means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the proposal process.
 - b. Fraudulent practice means an intentional misrepresentation of facts made (a) to influence the proposal process to the detriment of Owner, (b) to establish proposal prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition.
 - c. Collusive practice means a scheme or arrangement between two or more Proposers, with or without the knowledge of Owner, a purpose of which is to establish proposal prices at artificial, non-competitive levels.
 - d. Coercive practice means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the proposal process or affect the execution of the Contract.
5. Proposer is not presently debarred by TxDOT or from work in the State of Texas.
6. In the event of the award of a contract, the organization represented will secure bonds for the full amount of the contract.
7. The signatory represents and warrants that they are an authorized signatory for the organization for which the bid is submitted and they have full and complete authority to submit this bid on behalf of their firm.
8. That the certifications and representations contained in the proposal are true and accurate and the bidder intends the proposal to be taken as a genuine government record.

PROPOSER hereby submits this Proposal as set forth above:

STATEMENT OF PROPOSERS' QUALIFICATIONS, EXPERIENCE, AND REFERENCES

ARTICLE 1—INSTRUCTIONS

- 1.01 Proposer shall fill out all blanks on this form and attached schedules and shall submit the form with the Proposal Form. If an answer is not applicable, or would otherwise remain blank, fill in "N/A".
- 1.02 Proposer may attach documentation in lieu of filling out Articles of this form, if applicable. However, all attachments shall contain all the information required by the form and the required information shall be easily identifiable on the attachment. If an attachment is provided, answer "Attached" in the first blank space, if applicable. Clearly label each attachment with the Article # or schedule the attachment is applicable to. *See Attachment behind*
- 1.03 Owner may reject Proposals with incomplete or missing information in accordance with the Instructions to Proposers. Owner reserves the right to request missing or additional information for use during the evaluation process.

ARTICLE 2—GENERAL INFORMATION

- 2.01 Provide information on the Business's organizational structure:

Legal Name of Business:	<i>Aaron Concrete Contractors, LLC</i>		
Form of Business:	☐ Sole Proprietorship ☐ Partnership ☒ Corporation		
☒ Limited Liability Company ☐ Joint Venture comprised of the following companies:			
1.			
2.			
3.			
Provide a separate Qualification Statement for each Joint Venturer.			
Date Business was formed:	<i>12/20/2022</i>	State in which Business was formed:	<i>Texas</i>
Is this Business authorized to operate in the Project location?		☒ Yes ☐ No ☐ Pending

**CERTIFICATE OF CONVERSION
OF A TEXAS LIMITED PARTNERSHIP
TO A TEXAS CORPORATION**

Aaron Concrete Contractors, L.P., a Texas limited partnership (the "Converting Entity"), hereby executes this Certificate of Conversion (this "Certificate of Conversion") in order to effect the conversion of the Converting Entity into Aaron Concrete Contractors, Inc., a Texas corporation (the "Converted Entity"), in accordance with Section 10.154 of the Texas Business Organizations Code (the "TBOC"):

Converting Entity Information

1. The name of the Converting Entity is Aaron Concrete Contractors, L.P.
2. The jurisdiction of formation of the Converting Entity is the State of Texas.
3. The Converting Entity was first formed on October 30, 2002.
4. The file number issued to the Converting Entity by the Secretary of State of the State of Texas is: 800138475.

Converted Entity Information

5. The Converting Entity is converting to a Texas corporation. The name of the Converted Entity is Aaron Concrete Contractors, Inc.
6. The Converted Entity will be formed under the laws of the State of Texas.

Alternative Statements

In lieu of providing the plan of conversion, the Converting Entity certifies that:

7. A signed plan of conversion is on file at the principal place of business of the Converting Entity. The address of the principal place of business of the Converting Entity is 4108 Nixon Lane, Austin, TX 78725.
8. A signed plan of conversion will be on file after the conversion at the principal place of business of the Converted Entity. The address of the principal place of business of the Converted Entity is 4108 Nixon Lane, Austin, TX 78725.
9. A copy of the plan of conversion will be furnished on written request without cost by the Converting Entity before the conversion or by the Converted Entity after the conversion to any owner or member of the Converting Entity or the Converted Entity.

Certificate of Formation of the Converted Entity

10. Because the Converted Entity is a Texas corporation, the certificate of formation of the Converted Entity is attached as Exhibit A to this Certificate of Conversion.

Approval of the Plan of Conversion

11. The plan of conversion has been approved as required by the laws of the State of Texas and the governing documents of the Converting Entity.

Effectiveness of Filing

12. The Certificate of Conversion will be effective when filed and accepted by the Secretary of State of the State of Texas.

Tax Certificate

13. In lieu of providing a certificate from the comptroller of public accounts, the Converted Entity is liable for the payment of any franchise taxes.

IN WITNESS WHEREOF, the undersigned signs this document subject to the penalties imposed by law for the submission of a materially false or fraudulent instrument. The undersigned certifies that the statements contained herein are true and correct, and that the person signing is authorized under the provision of the TBOC, or other law applicable to and governing the Converting Entity, to execute the filing instrument.

EXHIBIT A

Certificate of Formation

(Attached)

**CERTIFICATE OF FORMATION
OF
AARON CONCRETE CONTRACTORS, INC.,
A FOR-PROFIT CORPORATION**

This Certificate of Formation is submitted for filing pursuant to the applicable provisions of the Texas Business Organizations Code.

**ARTICLE I
Entity Name, Type, and Initial Mailing Address**

The name of the entity is Aaron Concrete Contractors, Inc. (the "Corporation"). The Corporation is a for-profit corporation. The initial mailing address of the Corporation is 4108 Nixon Lane, Austin, TX 78725.

**ARTICLE II
Registered Agent and Registered Office**

The initial registered agent of the Corporation is an individual resident of the state whose name is Aaron J. Cabaza.

The business address of the registered agent and the registered office address is 4108 Nixon Lane, Austin, TX 78725.

**ARTICLE III
Directors**

The name and mailing address of the sole director who is to serve as director until the first annual meeting of shareholders or until his successor is elected and qualified is:

Aaron J. Cabaza, 9708 Angelwylde Dr., Austin, TX 78733

**ARTICLE IV
Authorized Shares**

The total number of shares the Corporation is authorized to issue is 1,000. The shares shall have no par value.

**ARTICLE V
Purpose**

The Corporation is formed for the purpose of transacting any and all lawful business for which a for-profit corporation may be organized under the Texas Business Organizations Code.

**ARTICLE VI
Organizer**

The name of the organizer is Aaron J. Cabaza. The address of the organizer is 9708 Angelwylde Dr., Austin, TX 78733.

ARTICLE VII
Director's Limited Liability

A director of the Corporation shall not be liable to the Corporation or its shareholders for monetary damages for an act or omission in the director's capacity as a director, except to the extent the director is found liable for: (1) a breach of the director's duty of loyalty to the Corporation or its shareholders; (2) an act or omission not in good faith that constitutes a breach of duty of the director to the Corporation or an act or omission that involves intentional misconduct or a knowing violation of the law; (3) a transaction from which the director received an improper benefit, whether or not the benefit resulted from an action taken within the scope of the director's duties; or (4) an act or omission for which the liability of a director is expressly provided by an applicable statute.

ARTICLE VIII
Written Consent of Shareholders

Any action required by the Texas Business Organizations Code to be taken at any annual or special meeting of shareholders, or any action which may be taken at any annual or special meeting of shareholders, may be taken without a meeting, without prior notice, and without a vote, if one or more written consents setting forth the action so taken shall be signed by the holder or holders of shares having not less than the minimum number of votes that would be necessary to take such action at a meeting at which the holders of all shares entitled to vote on the action were present and voted.

ARTICLE IX
Preemptive Rights

The Corporation elects to have a preemptive right.

ARTICLE X
Cumulative Voting

Shareholders entitled to vote in the election of directors are entitled to cumulate votes pursuant to Section 21.361 of the Texas Business Organizations Code.

ARTICLE XI
Supplemental Provisions and Information

The Corporation was formed under a plan of conversion. Prior to its conversion, the Corporation was named Aaron Concrete Contractors, L.P., a limited partnership formed under the laws of the State of Texas on October 30, 2002, with a principal business address of 4108 Nixon Lane, Austin, TX 78725.

ARTICLE XII
Effectiveness of Filing

This Certificate of Formation becomes effective when it is filed by the Secretary of State.

ARTICLE XIII
Execution

The undersigned affirms that the person designated as registered agent has consented to the appointment. The undersigned signs this document subject to the penalties imposed by law for the submission of a materially false or fraudulent instrument and certifies under penalty of perjury that the undersigned is authorized to execute the filing instrument.

**CERTIFICATE OF CONVERSION
OF A TEXAS CORPORATION
TO A TEXAS LIMITED LIABILITY COMPANY**

Aaron Concrete Contractors, Inc., a Texas corporation (the "Converting Corporation"), hereby executes this Certificate of Conversion (this "Certificate of Conversion") in order to effect the conversion of the Converting Corporation into Aaron Concrete Contractors, LLC, a Texas limited liability company (the "Converted Entity"), in accordance with Sections 10.154 and 10.155 of the Texas Business Organizations Code:

Converting Corporation Information

1. The name of the Converting Corporation is Aaron Concrete Contractors, Inc.
2. The jurisdiction of formation of the Converting Corporation is the State of Texas.
3. The Converting Corporation was first formed on October 30, 2002.
4. The file number issued to the Converting Corporation by the Secretary of State of the State of Texas is: 804847271.

Converted Entity Information

5. The Converting Corporation is converting to a Texas limited liability company. The name of the Converted Entity is Aaron Concrete Contractors, LLC.
6. The Converted Entity will be formed under the laws of the State of Texas.

Alternative Statements

In lieu of providing the plan of conversion, the Converting Corporation certifies that:

7. A signed plan of conversion is on file at the principal place of business of the Converting Corporation. The address of the principal place of business of the Converting Corporation is 4108 Nixon Lane, Austin, TX 78725.
8. A signed plan of conversion will be on file after the conversion at the principal place of business of the Converted Entity. The address of the principal place of business of the Converted Entity is 4108 Nixon Lane, Austin, TX 78725.
9. A copy of the plan of conversion will be furnished on written request without cost by the Converting Corporation before the conversion or by the Converted Entity after the conversion to any owner or member of the Converting Corporation or the Converted Entity.

Certificate of Formation of the Converted Entity

10. Because the Converted Entity is a Texas limited liability company, the certificate of formation of the Converted Entity is attached as Exhibit A to this Certificate of Conversion.

Approval of the Plan of Conversion

11. The plan of conversion has been approved as required by the laws of the State of Texas and the governing documents of the Converting Corporation.

Effectiveness of Filing

12. The Certificate of Conversion becomes effective when filed and accepted by the Secretary of State of the State of Texas.

Tax Certificate

13. In lieu of providing a certificate from the comptroller of public accounts, the Converted Entity is liable for the payment of any franchise taxes.

[Signature Page Follows]

IN WITNESS WHEREOF, the undersigned signs this document subject to the penalties imposed by law for the submission of a materially false or fraudulent instrument.

Date: December 20, 2022

Name: Aaron J. Cabaza
Title: President

EXHIBIT A

Certificate of Formation

(Attached)

**CERTIFICATE OF FORMATION
OF
AARON CONCRETE CONTRACTORS, LLC,
A TEXAS LIMITED LIABILITY COMPANY**

This Certificate of Formation is submitted for filing pursuant to the applicable provisions of the Texas Business Organizations Code.

**ARTICLE I
Entity Name, Type, and Initial Mailing Address**

The name of the entity is Aaron Concrete Contractors, LLC (the “Company”). The Company being formed is a Texas limited liability company. The initial mailing address of the Company is 4108 Nixon Lane, Austin, TX 78725.

**ARTICLE II
Registered Agent and Registered Office**

The initial registered agent of the Company is an individual resident of the state whose name is Aaron J. Cabaza.

The business address of the registered agent and the registered office address is 4108 Nixon Lane, Austin, TX 78725.

**ARTICLE III
Governing Authority**

The Company does not initially have managers. The name and address of the initial member is:

Aaron Materials, Inc.
4108 Nixon Lane
Austin, TX 78725.

ARTICLE IV

Purpose

The Company is formed for the purpose of transacting any and all lawful business for which a limited liability company may be organized under the Texas Business Organizations Code.

**ARTICLE V
Organizer**

The name of the organizer is Aaron J. Cabaza. The address of the organizer is 9708 Angelwylde Dr., Austin, TX 78733.

ARTICLE VI
Supplemental Provisions and Information

The Company was formed under a plan of conversion. Prior to its conversion, the Company was named Aaron Concrete Contractors, Inc., a corporation incorporated under the laws of the State of Texas on October 30, 2002, with a principal business address of 4108 Nixon Lane, Austin, TX 78725.

ARTICLE VII
Effectiveness of Filing

This Certificate of Formation becomes effective when it is filed by the Secretary of State of the State of Texas.

ARTICLE VIII
Execution

The undersigned affirms that the person designated as registered agent has consented to the appointment. The undersigned also affirms that, to the best knowledge of the undersigned, the name provided as the name of the filing entity does not falsely imply an affiliation with a governmental entity. The undersigned signs this document subject to the penalties imposed by law for the submission of a materially false or fraudulent instrument and certifies under penalty of perjury that the undersigned is authorized to execute the filing instrument.

OSHA's Form 300A (Rev. 01/2004)

Summary of Work-Related Injuries and Illnesses

All establishments covered by Part 1904 must complete this Summary page, even if no injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the log. If you had no cases write "0."

Employers, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR 1904.35, in OSHA's Recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

Total number of deaths	Total number of cases with restriction	Total number of other recordable cases
0	4	4
(G)	(H)	(J)

Number of Days

Total number of days away from work	Total number of days of job transfer or restriction
292	889
(K)	(L)

Injury and Illness Types

Total number of...	(M)	(N)	(O)	(P)
(1) Injury	22	(4) Poisoning	0	
(2) Skin Disorder	0	(5) Hearing Loss	0	
(3) Respiratory Condition	0	(6) All Other Illnesses	1	

Post this Summary page from February 1 to April 30 of the year following the year covered by the form

Public reporting burden for this collection of information is estimated to average 58 minutes per response, including time to review the instruction, search existing data sources, gathering the data needed, and completing and reviewing the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about these estimates or any aspect of this data collection, contact the US Department of Labor, OSHA Office of Statistics, Room 1364, 200 Constitution Ave, NW, Washington, DC 20210. Do not send the completed forms to this office.

Year 2024

U.S. Department of Labor

Occupational Safety and Health Administration

You must record information about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid. You must also record significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional. You must also record work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR 1904.8 through 1904.12. Feel free to use two lines for a single case if you need to. You must complete an injury and illness incident report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.

OSHA's Form 300 (Rev. 01/2004)

Log of Work-Related Injuries and Illnesses

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

Year 2024

U.S. Department of Labor

Occupational Safety and Health Administration

You must record information about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid. You must also record significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional. You must also record work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR 1904.8 through 1904.12. Feel free to use two lines for a single case if you need to. You must complete an injury and illness incident report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.

Form approved OMB no. 1218-0176

Summary of Work-Related Injuries and Illnesses

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

Total number of deaths	Total number of cases with days away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases
0	1	0	0
(G)	(H)	(I)	(J)

Number of Days

Total number of days away from work	Total number of days of job transfer or restriction
7	
(K)	(L)

Injury and Illness Types

Total number of . . .	(M)	(N)	(O)	(P)	(Q)
(1) Injuries	0	(2) Skin disorders	0	(3) Respiratory conditions	0
(4) Poisonings	0	(5) Hearing loss	0	(6) All other illnesses	1

Post this Summary page from February 1 to April 30 of the year following the year covered by the form.

Public reporting burden for this collection of information is estimated to average 50 minutes per response, including time to review the instructions, search and gather the data needed, and complete and review the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about this estimate or any other aspect of this data collection, contact: US Department of Labor, OSHA Office of Statistical Analysis, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20210. Do not send the completed forms to this office.

Year 20 21

Note: You can type input into this form and save it.
Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader.

OSHA's Form 301

Injury and Illness Incident Report

This *Injury and Illness Incident Report* is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the *Log of Work-Related Injuries and Illnesses* and the accompanying *Summary*, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

If you need additional copies of this form, you may photocopy the printout or insert additional form pages in the PDF, and then use as many as you need.

Note: You can type input into this form and save it. Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the [free Adobe PDF Reader](#). In addition, the forms are programmed to auto-calculate as appropriate.

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

Total number of deaths	Total number of cases away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases
0	2	2	0
(G)	(H)	(I)	(J)

Number of Days

Total number of days away from work	Total number of days of job transfer or restriction
151	171
(K)	(L)

Injury and Illness Types

Total number of . . .	(M)	(N)	(O)	(P)	(Q)
(1) Injuries	4	(4) Poisonings	0		
(2) Skin disorders	0	(5) Hearing loss	0		
(3) Respiratory conditions	0	(6) All other illnesses	0		

Post this Summary page from February 1 to April 30 of the year following the year covered by the form.

Public reporting burden for this collection of information is estimated to average 50 minutes per response, including time to review the instructions, search and gather the data needed, and complete and review the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about these estimates or any other aspects of this data collection, contact: US Department of Labor, OSHA Office of Statistical Analysis, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20210. Do not send the completed forms to this office.

Note: You can type input into this form and save it. Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader.

You must record information about every work-related death and about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid. You must also record significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional. You must also record work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR Part 1904.8 through 1904.12. Feel free to use two lines for a single case if you need to. You must complete an Injury and Illness Incident Report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.

OSHA's Form 301

Injury and Illness Incident Report

This *Injury and Illness Incident Report* is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the *Log of Work-Related Injuries and Illnesses* and the accompanying *Summary*, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

If you need additional copies of this form, you may photocopy the printout or insert additional form pages in the PDF, and then use as many as you need.

Completed by			
Title

	Month	Day	Year

Note: You can type input into this form and save it. Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the [free Adobe PDF Reader](#). In addition, the forms are programmed to auto-calculate as appropriate.

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

Information about the employee

- 1) Full name _____
- 2) Street _____
- 3) City _____ State _____ ZIP _____
- 4) Date of birth _____
Month _____ Day _____ Year _____
- 5) Date hired _____
Month _____ Day _____ Year _____
☐ Male ☐ Female

Information about the physician or other health care professional

- 6) Name of physician or other health care professional _____
- 7) If treatment was given away from the worksite, where was it given?
Facility _____
Street _____
City _____ State _____ ZIP _____

- 8) Was employee treated in an emergency room?
☐ Yes ☐ No

- 9) Was employee hospitalized overnight as an in-patient?
☐ Yes ☐ No

Page 1 of 1

Information about the case

- 10) Case number from the Log _____
(Transfer the case number from the Log after you record the case.)
- 11) Date of injury or illness _____
Month _____ Day _____ Year _____
- 12) Time employee began work _____
O AM O PM
- 13) Time of event _____
O AM O PM O Check if time cannot be determined
- 14) **What was the employee doing just before the incident occurred?** Describe the activity, as well as the tools, equipment, or material the employee was using. Be specific. Examples: "climbing a ladder while carrying roofing materials"; "spraying chlorine from hand sprayer"; "daily computer key-entry."

- 15) **What Happened?** Tell us how the injury occurred. Examples: "When ladder slipped on wet floor, worker fell 20 feet"; "Worker was sprayed with chlorine when gasket broke during replacement"; "Worker developed soreness in wrist over time."

- 16) **What was the injury or illness?** Tell us the part of the body that was affected and how it was affected; be more specific than "hurt," "pain," or "sore." Examples: "strained back"; "chemical burn, hand"; "carpal tunnel syndrome."

- 17) **What object or substance directly harmed the employee?** Examples: "concrete floor"; "chlorine"; "radial arm saw." If this question does not apply to the incident, leave it blank.

- 18) If the employee died, when did death occur? Date of death _____
Month _____ Day _____ Year _____

OSHA's Form 300A (Rev. 01/2004)

Summary of Work-Related Injuries and Illnesses

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

Total number of deaths	Total number of cases with days away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases
0	0	2	1
(G)	(H)	(I)	(J)

Number of Days

Total number of days away from work

9

(L)

Injury and Illness Types

Total number of ...

(M)	(N)	(O)	(P)
(1) Injuries	3	(4) Poisonings	0
(2) Skin disorders	0	(5) Hearing loss	0
(3) Respiratory conditions	0	(6) All other illnesses	0

Post this Summary page from February 1 to April 30 of the year following the year covered by the form.

Public reporting burden for this collection of information is estimated to average 50 minutes per response, including time to review the instructions, search and gather the data needed, and complete and review the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about these estimates or any other aspect of this data collection, contact: US Department of Labor, OSHA, Office of Statistical Analysis, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20210. Do not send the completed forms to this office.

Note: You can type input into this form and save it.
Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader.

OSHA's Form 301

Injury and Illness Incident Report

This *Injury and Illness Incident Report* is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the *Log of Work-Related Injuries and Illnesses* and the accompanying *Summary*, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

If you need additional copies of this form, you may photocopy the printout or insert additional form pages in the PDF, and then use as many as you need.

Completed by _____

Title _____

Phone _____

Date _____

Month _____ Day _____ Year _____

Note: You can type input into this form and save it.

Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the [free Adobe PDF Reader](#). In addition, the forms are programmed to auto-calculate as appropriate.

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

Information about the employee

- 1) Full name _____
- 2) Street _____
- 3) City _____ State _____ ZIP _____
- 4) Date of birth _____
Month _____ Day _____ Year _____
- 5) Date hired _____
Month _____ Day _____ Year _____
☐ Male ☐ Female

Information about the physician or other health care professional

- 6) Name of physician or other health care professional _____

- 7) If treatment was given away from the worksite, where was it given?

Facility _____

Street _____

City _____

State _____

ZIP _____

- 8) Was employee treated in an emergency room?

☐ Yes
☐ No

- 9) Was employee hospitalized overnight as an in-patient?

☐ Yes
☐ No

Information about the case

- 10) Case number from the *Log* _____
(Transfer the case number from the *Log* after you record the case.)
- 11) Date of injury or illness _____
Month _____ Day _____ Year _____
- 12) Time employee began work _____
O AM O PM
- 13) Time of event _____
O AM O PM O Check if time cannot be determined

- 14) **What was the employee doing just before the incident occurred?** Describe the activity, as well as the tools, equipment, or material the employee was using. Be specific. *Examples:* "climbing a ladder while carrying roofing materials"; "spraying chlorine from hand sprayer"; "daily computer key-entry."

- 15) **What Happened?** Tell us how the injury occurred. *Examples:* "When ladder slipped on wet floor, worker fell 20 feet"; "Worker was sprayed with chlorine when gasket broke during replacement"; "Worker developed soreness in wrist over time."

- 16) **What was the injury or illness?** Tell us the part of the body that was affected and how it was affected; be more specific than "hurt," "pain," or "sore." *Examples:* "strained back"; "chemical burn, hand"; "carpal tunnel syndrome."

- 17) **What object or substance directly harmed the employee?** *Examples:* "concrete floor"; "chlorine"; "radial arm saw." If this question does not apply to the incident, leave it blank.

- 18) **If the employee died, when did death occur?** Date of death _____

Month _____ Day _____ Year _____

Summary of Work-Related Injuries and Illnesses

Note: You can type input into this form and save it. Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader.

Year 20 24

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

Total number of deaths	Total number of cases away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases
0	3	0	0
(G)	(H)	(I)	(J)

Number of Days

Total number of days away from work	Total number of days of job transfer or restriction
213	0
(K)	(L)

Injury and Illness Types

Total number of . . .	(1) Injuries	(2) Skin disorders	(3) Respiratory conditions	(4) Poisonings	(5) Hearing loss	(6) All other illnesses
(M)	3	0	0	0	0	0

Post this Summary page from February 1 to April 30 of the year following the year covered by the form.

Public reporting burden for this collection of information is estimated to average 58 minutes per response, including time to review the instructions, search and gather the data needed, and complete and review the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about these estimates or any other aspects of this data collection, contact US Department of Labor, OSHA Office of Statistical Analysis, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20540. Do not send this information to the Office of Management and Budget.

ARTICLE 5—CONSTRUCTION EXPERIENCE

5.01 Provide information regarding the Business's previous contracting experience.

Years of experience with projects like the proposed project: 5 + years	
As a general contractor: 5 + years	As a joint venturer:
Has Business, or a predecessor in interest, or an affiliate:	
Been disqualified as a bidder by any local, state, or federal agency within the last 5 years?	☐ Yes ☒ No
Been barred from contracting by any local, state, or federal agency within the last 5 years?	☐ Yes ☒ No
Been released from a bid in the past 5 years?	☐ Yes ☒ No
Defaulted on a project or failed to complete any contract awarded to it?	☐ Yes ☒ No
Refused to construct or refused to provide materials defined in the contract documents or in a change order?	☐ Yes ☒ No
Been a party to any currently pending litigation or arbitration?	☐ Yes ☒ No
Provide full details in a separate attachment if the response to any of these questions is Yes.	

5.02 List a minimum of three and a maximum of six projects completed in the last 5 years in **Schedule B** and provide indicated information to demonstrate the Business's experience with projects similar in type and cost of construction.

5.03 In **Schedule C**, provide information on key individuals whom Business intends to assign to the Project. Provide resumes for those individuals included in Schedule C. Key individuals include the Project Manager and Project Superintendent. Resumes may be provided for Business's key leaders as well.

ARTICLE 6—REFERENCES

- 6.01 Provide a list of at least 3 primary references for which Proposer has provided like products or services. Central Texas area references are preferred. If a project reference is used as the primary reference, check "See Project References" below.

Reference 1: ☐ Primary Reference ☒ See Project References			
Owner:	TxDOT		
Contact Name:	Diana Schulze P.E.	Title:	Area Engineer
Email:	Diana.Schulze@txdot.gov	Phone:	512-321-2221

Reference 2: ☐ Primary Reference ☒ See Project References			
Owner:	TxDOT		
Contact Name:	Kyle Russell, P.E.	Title:	Area Engineer
Email:	Kyle.Russell@txdot.gov	Phone:	512-930-5402

Reference 3: ☐ Primary Reference ☒ See Project References			
Owner:	TxDOT		
Contact Name:	William Semora	Title:	Area Engineer
Email:	William.Semora@txdot.gov	Phone:	512-282-2113

ARTICLE 7—SUBCONTRACTORS

- 7.01 List the names of all subcontractors Proposer will use for this project and provide subcontractors' percentage of total contract amount, rounded up to the nearest whole percentage point (1%). Approval of subcontractor(s) and negotiations for substitutes, prior to award of the contract, will be in accordance with the Instructions to Bidders.

Name of Subcontractor	Percent of Total Proposal Amount (X%)
Environmental Safety Services	2.06% 2%
Texas Material Group	22%
Strip It Up	7.05% 7%
Intermountain Slurry Seal, Inc	5.37% 5%

ARTICLE 9—AVAILABLE EQUIPMENT ✓

9.01 Provide a list of equipment, owned by the Proposer, which is available for the work.

ARTICLE 10—REQUIRED ATTACHMENTS

10.01 Provide the following information with the Statement of Qualifications:

- A. If Business is a Joint Venture, separate Qualifications Statements for each Joint Venturer, as required in Paragraph 1.01.
- B. Certification of Business's safety performance if required by Paragraph 3.01. ✓
- C. Financial statements as required by Paragraph 4.01. *will provide if low bidder and requested*
- D. **Schedule B** (Previous Experience with Similar Projects) as required by Paragraph 5.02. ✓
- E. **Schedule C** (Key Individuals) and/or resumes for the key individuals listed, as required by ✓ Paragraph 5.03.
- F. List of available equipment owned by the Proposers as required by Paragraph 9.01. ✓
- G. Additional items as pertinent.

This Statement of Qualifications, Experience, and References is offered by:

Business: Aaron Concrete Contractors, LLC
(typed or printed name of organization)

By: 
(individual's signature)

Name: Aaron Gabaza
(typed or printed)

Title: President
(typed or printed)

Date: 2/26/25
(date signed)

(If Business is a corporation, a partnership, or a joint venture, attach evidence of authority to sign.)

Attest: _____

- 2) Komatsu Loader - Available
- 3) Pneumatic Roller - Available
- 4) Smooth Drum Roller - Available
- 5) John Deere Blade - Available
- 6) Water Truck- Available

SECTION 00 45 46
VENDOR COMPLIANCE TO STATE LAW

The 1985 Session of the Texas Legislature passed House Bill 620 relative to the award of contracts to non-resident bidders. This law provides that, in order to be awarded a contract as low bidder, non-resident bidders (out of state contractors whose corporate officers or principal place of business are outside of the state of Texas) bid projects for construction, improvements, supplies or services in Texas at an amount lower than the lowest Texas resident by the same amount that a Texas resident bidder would be required to underbid a non-resident bidder in order to obtain a comparable contract in the state in which the non-resident's principal place of business is located. The appropriate blanks in Section A must be filled out by all out-of-state or non-resident bidders in order for your bid to meet specifications. The failure of out-of-state or non-resident contractors to do so will automatically disqualify that bidder. Resident bidders must check the line in Section B.

- A. Non-resident bidder in _____ (give state), our principal place of business, are required to be _____ percent lower than resident bidders by state law.
Non-resident vendors in _____ (give state), our principal place of business, are not required to underbid resident bidders.

- B. Our principal place of business or corporate offices are in the State of Texas:
- _____

BIDDER:

Aaron Concrete Contractors, LLC By Aaron Gabazy
(Company Name) (please print)

**CERTIFICATE OF CONSENT TO ACTION WITHOUT MEETING OF THE SOLE
DIRECTOR**

Certificate of written consent to action without meeting of the sole director of Packsaddle Management, LLC (the "LLC") dated this 26th day of February, 2025.

The Secretary of the LLC certifies that the LLC is a LLC duly organized and operating under the laws of the State of Texas.

IT WAS RESOLVED THAT:

1. The following individual is appointed and confirmed as signing officer for the LLC for a term of one year or until replaced and is authorized to manage bank accounts that have been established for the benefit of the LLC, sign and endorse checks, drafts, and other orders of payment for those bank accounts, and is authorized to sign bills of lading, and other documents, as needed and reasonable, for the normal conduct of the business of the LLC: Mack Smith
2. Authority to Sign.
3. Any one director or officer of the LLC is authorized to sign all documents and perform such acts as may be necessary or desirable to give effect to the above resolutions.
4. The Secretary of the LLC is directed to update the minute book of the Corporation, as appropriate.

(Signature)
Mack Smith

In witness whereof, I have duly executed this Certificate of Corporate Resolution this 26th day of February, 2025.

Mack Smith, Manager

I, Mack Smith is the Manager of the LLC, do hereby certify that Mack Smith is the duly elected Secretary of the LLC. I also certify that any signatures set out above are the correct signatures of those persons. I further certify that I have executed this resolution for the purpose stated above for and on behalf of the LLC.

IN WITNESS WHEREOF, I have duly executed this certificate this 26th day of
February, 2025.

Mack Smith, Manager/Secretary

STATEMENT OF PROPOSERS' QUALIFICATIONS, EXPERIENCE, AND REFERENCES

ARTICLE 1—INSTRUCTIONS

- 1.01 Proposer shall fill out all blanks on this form and attached schedules and shall submit the form with the Proposal Form. If an answer is not applicable, or would otherwise remain blank, fill in "N/A".
- 1.02 Proposer may attach documentation in lieu of filling out Articles of this form, if applicable. However, all attachments shall contain all the information required by the form and the required information shall be easily identifiable on the attachment. If an attachment is provided, answer "Attached" in the first blank space, if applicable. Clearly label each attachment with the Article # or schedule the attachment is applicable to.
- 1.03 Owner may reject Proposals with incomplete or missing information in accordance with the Instructions to Proposers. Owner reserves the right to request missing or additional information for use during the evaluation process.

ARTICLE 2—GENERAL INFORMATION

- 2.01 Provide information on the Business's organizational structure:

Legal Name of Business:	Packsaddle Management, LLC		
Form of Business:	☐ Sole Proprietorship ☐ Partnership ☐ Corporation		
☒ Limited Liability Company ☐ Joint Venture comprised of the following companies:			
1.	Mack Smith - Manager		
2.			
3.			
Provide a separate Qualification Statement for each Joint Venturer.			
Date Business was formed:	08/04/21	State in which Business was formed:	Texas
Is this Business authorized to operate in the Project location?		☒ Yes ☐ No ☐ Pending	

ARTICLE 3—SAFETY

3.01 Provide Worker’s Compensation Insurance Experience Modification Rate (EMR), Total Recordable Frequency Rate (TRFR) for incidents, and Total Number of Recorded Manhours (MH) for the last 3 years and the EMR, TRFR, and MH history for the last 2 years of any proposed Subcontractor(s) that will provide Work valued at 25% or more of the Contract Price. Provide documentation of the EMR history for Business and Subcontractor(s).

Year	2024			2023		
Company	EMR	TRFR	MH	EMR	TRFR	MH
Packsaddle Management, LLC	1	0	25,545	1	0	15,280

ARTICLE 4—FINANCIAL

4.01 Provide information regarding the Business’s financial stability. Provide the most current financial statement.

Financial Institution:	Cadence Bank, Loan Officer: Nicki D’Alise 830-598-7424 Address: 9650 Ranch to Market Rd 2147, Horseshoe Bay, TX 78657		
Date of Business’s most recent financial statement:		Upon Request	☐ Attached
Contractor’s Current Ratio (Current Assets ÷ Current Liabilities)			
Contractor’s Quick Ratio ((Cash and Cash Equivalents + Accounts Receivable + Short Term Investments) ÷ Current Liabilities)			

ARTICLE 5—CONSTRUCTION EXPERIENCE

5.01 Provide information regarding the Business's previous contracting experience.

Years of experience with projects like the proposed project: 76 Years of Combined Experience			
As a general contractor:	40 Years Plus	As a joint venturer:	* For Mack Smith
Has Business, or a predecessor in interest, or an affiliate:			
Been disqualified as a bidder by any local, state, or federal agency within the last 5 years?			☐ Yes ☒ No
Been barred from contracting by any local, state, or federal agency within the last 5 years?			☐ Yes ☒ No
Been released from a bid in the past 5 years?			☐ Yes ☒ No
Defaulted on a project or failed to complete any contract awarded to it?			☐ Yes ☒ No
Refused to construct or refused to provide materials defined in the contract documents or in a change order?			☐ Yes ☒ No
Been a party to any currently pending litigation or arbitration?			☐ Yes ☒ No
Provide full details in a separate attachment if the response to any of these questions is Yes.			

- 5.02 List a minimum of three and a maximum of six projects completed in the last 5 years in **Schedule B** and provide indicated information to demonstrate the Business's experience with projects similar in type and cost of construction.
- 5.03 In **Schedule C**, provide information on key individuals whom Business intends to assign to the Project. Provide resumes for those individuals included in Schedule C. Key individuals include the Project Manager and Project Superintendent. Resumes may be provided for Business's key leaders as well.

References for Mack Smith see Resume for additional references

ARTICLE 6—REFERENCES

- 6.01 Provide a list of at least 3 primary references for which Proposer has provided like products or services. Central Texas area references are preferred. If a project reference is used as the primary reference, check "See Project References" below.

Reference 1: ☒ Primary Reference ☐ See Project References			
Owner:	Travis County WCID No. 10

La Verde Parking Lot	30%	March, 2025

SECTION 00 45 46
VENDOR COMPLIANCE TO STATE LAW

The 1985 Session of the Texas Legislature passed House Bill 620 relative to the award of contracts to non-resident bidders. This law provides that, in order to be awarded a contract as low bidder, non-resident bidders (out of state contractors whose corporate officers or principal place of business are outside of the state of Texas) bid projects for construction, improvements, supplies or services in Texas at an amount lower than the lowest Texas resident by the same amount that a Texas resident bidder would be required to underbid a non-resident bidder in order to obtain a comparable contract in the state in which the non-resident's principal place of business is located. The appropriate blanks in Section A must be filled out by all out-of-state or non-resident bidders in order for your bid to meet specifications. The failure of out-of-state or non-resident contractors to do so will automatically disqualify that bidder. Resident bidders must check the line in Section B.

- A. Non-resident bidder in _____ (give state), our principal place of business, are required to be _____ percent lower than resident bidders by state law.
Non-resident vendors in _____ (give state), our principal place of business, are not required to underbid resident bidders.
- B. Our principal place of business or corporate offices are in the State of Texas: ☒ _____

THIS FORM MUST BE RETURNED WITH YOUR PROPOSAL

END OF SECTION

PROPOSAL FORM

FOR CONSTRUCTION CONTRACT

The terms used in this Proposal with initial capital letters have the meanings stated in the Instructions to Proposers, the General Conditions, and the Supplementary Conditions.

ARTICLE 1—OWNER AND PROPOSER

1.01 This Proposal is submitted to:

City of Taylor Purchasing

Attn: Sabrina Schmidt

400 Porter Street

Taylor, TX 76574

1.02 The undersigned Proposer proposes and agrees, if this Proposal is accepted, to enter into an Agreement with Owner in the form included in the Proposal Documents to perform all Work as specified or indicated in the Proposal Documents for the prices and within the times indicated in this Proposal and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2—EVALUATION CRITERIA AND ESTIMATED BUDGET

2.01 Award of the Contract resulting from this solicitation shall be under the selection process described in Article 18 of the Instructions to Proposers. The three (3) divisions of selection criteria ("Divisions") and their respective assigned weights for this project are as follows:

1. Contractor Relevant Qualifications, Experience, and References— 30%
2. Cost Proposal – 60%
3. Schedule Proposal – 10%

2.02 The City's budget for this project is **\$3,500,000.00**

ARTICLE 3—ATTACHMENTS TO THIS PROPOSAL

3.01 The following documents are submitted with and made a condition of this Proposal:

- A. Statement of Proposers' Qualifications, Experience, and References with supporting data; and
- B. Required Proposal security

ARTICLE 4—COST PROPOSAL

- 4.01 Proposer will complete the Work in accordance with the Contract Documents for the following price(s):

FOR LABOR, MATERIAL, EQUIPMENT, AND INCIDENTALS

A. UTILIZE EXCEL SPREADSHEET BID FORM

- B. Proposer acknowledges that:

1. each Proposal Unit Price includes an amount considered by Proposer to be adequate to cover Contractor's overhead and profit for each separately identified item, and
2. the estimated quantities are not guaranteed, and are solely for the purpose of comparison of Proposals, and final payment for all Unit Price Work will be based on actual quantities, determined as provided in the Contract Documents.

ARTICLE 5 - SCHEDULE PROPOSAL

- 5.01 Proposer agrees that the Work will be substantially complete within the number of calendar days entered below, after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **30** calendar days after the date of substantial completion.

CALENDAR DAYS FOR SUBSTANTIAL COMPLETION OF PROPOSAL:	210 DAYS
---	----------

- 5.02 The total number of calendar days for Substantial Completion designated by Proposer above must be less than or equal to a maximum of **290** calendar days, but not less than a minimum of **150** calendar days. Final Completion will be [Substantial Completion + 30] calendar days.
- 5.03 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 6—PROPOSER'S ACKNOWLEDGEMENTS: ACCEPTANCE PERIOD, INSTRUCTIONS, AND RECEIPT OF ADDENDA

6.01 *Proposal Acceptance Period*

- A. This Proposal will remain subject to acceptance for **45** days after the Proposal opening, or for such longer period of time that Proposer may agree to in writing upon request of Owner.

6.02 *Instructions to Proposers*

- A. Proposer accepts all of the terms and conditions of the Instructions to Proposers, including without limitation those dealing with the disposition of Bid security, and including the Proposal evaluation criteria.

6.03 *Receipt of Addenda*

- A. Proposer hereby acknowledges receipt of the following Addenda:

Addendum Number	Addendum Date
Addendum No 1	February 21, 2025

ARTICLE 7—PROPOSERS' REPRESENTATIONS AND CERTIFICATIONS

7.01 *Proposers' Representations*

A. In submitting this Proposal, Proposer represents the following:

1. Proposer has examined and carefully studied the Proposal Documents, including Addenda.
2. Proposer has visited the Site, conducted a thorough visual examination of the Site and adjacent areas, and become familiar with the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
3. Proposer is familiar with all Laws and Regulations that may affect cost, progress, and performance of the Work.
4. Proposer has carefully studied the reports of explorations and tests of subsurface conditions at or adjacent to the Site and the drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, with respect to the Technical Data in such reports and drawings.
5. Proposer has carefully studied the reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, with respect to Technical Data in such reports and drawings.
6. Proposer has considered the information known to Proposer itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Proposal Documents; and the Technical Data identified in the Supplementary Conditions or by definition, with respect to the effect of such information, observations, and Technical Data on (a) the cost, progress, and performance of the Work; (b) the means, methods, techniques, sequences, and procedures of construction to be employed by Proposer, if selected as Contractor; and (c) Proposers' (Contractor's) safety precautions and programs.
7. Based on the information and observations referred to in the preceding paragraph, Proposer agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.
8. Proposer is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Proposal Documents.
9. Proposer has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Proposer has discovered in the Proposal Documents, and of

discrepancies between Site conditions and the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

10. The Proposal Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.
11. The submission of this Proposal constitutes an incontrovertible representation by Proposer that without exception the Proposal and all prices in the Proposal are premised upon performing and furnishing the Work required by the Proposal Documents.

7.02 *Proposers' Certifications*

A. The Proposer certifies the following:

1. This Proposal is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation.
2. Proposer has not directly or indirectly induced or solicited any other Proposers to submit a false or sham Proposal.
3. Proposer has not solicited or induced any individual or entity to refrain from proposing.
4. Proposer has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 8.02.A:
 - a. Corrupt practice means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the proposal process.
 - b. Fraudulent practice means an intentional misrepresentation of facts made (a) to influence the proposal process to the detriment of Owner, (b) to establish proposal prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition.
 - c. Collusive practice means a scheme or arrangement between two or more Proposers, with or without the knowledge of Owner, a purpose of which is to establish proposal prices at artificial, non-competitive levels.
 - d. Coercive practice means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the proposal process or affect the execution of the Contract.
5. Proposer is not presently debarred by TxDOT or from work in the State of Texas.
6. In the event of the award of a contract, the organization represented will secure bonds for the full amount of the contract.
7. The signatory represents and warrants that they are an authorized signatory for the organization for which the bid is submitted and they have full and complete authority to submit this bid on behalf of their firm.
8. That the certifications and representations contained in the proposal are true and accurate and the bidder intends the proposal to be taken as a genuine government record.

PROPOSER hereby submits this Proposal as set forth above:

PROPOSAL FORM

FOR CONSTRUCTION CONTRACT

The terms used in this Proposal with initial capital letters have the meanings stated in the Instructions to Proposers, the General Conditions, and the Supplementary Conditions.

ARTICLE 1—OWNER AND PROPOSER

1.01 This Proposal is submitted to:

City of Taylor Purchasing

Attn: Sabrina Schmidt

400 Porter Street

Taylor, TX 76574

1.02 The undersigned Proposer proposes and agrees, if this Proposal is accepted, to enter into an Agreement with Owner in the form included in the Proposal Documents to perform all Work as specified or indicated in the Proposal Documents for the prices and within the times indicated in this Proposal and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2—EVALUATION CRITERIA AND ESTIMATED BUDGET

2.01 Award of the Contract resulting from this solicitation shall be under the selection process described in Article 18 of the Instructions to Proposers. The three (3) divisions of selection criteria ("Divisions") and their respective assigned weights for this project are as follows:

1. Contractor Relevant Qualifications, Experience, and References— 30%
2. Cost Proposal – 60%
3. Schedule Proposal – 10%

2.02 The City's budget for this project is **\$3,500,000.00**

ARTICLE 3—ATTACHMENTS TO THIS PROPOSAL

3.01 The following documents are submitted with and made a condition of this Proposal:

- A. Statement of Proposers' Qualifications, Experience, and References with supporting data; and
- B. Required Proposal security

ARTICLE 4—COST PROPOSAL

- 4.01 Proposer will complete the Work in accordance with the Contract Documents for the following price(s):

FOR LABOR, MATERIAL, EQUIPMENT, AND INCIDENTALS

A. UTILIZE EXCEL SPREADSHEET BID FORM

- B. Proposer acknowledges that:

1. each Proposal Unit Price includes an amount considered by Proposer to be adequate to cover Contractor's overhead and profit for each separately identified item, and
2. the estimated quantities are not guaranteed, and are solely for the purpose of comparison of Proposals, and final payment for all Unit Price Work will be based on actual quantities, determined as provided in the Contract Documents.

ARTICLE 5 - SCHEDULE PROPOSAL

- 5.01 Proposer agrees that the Work will be substantially complete within the number of calendar days entered below, after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 30 calendar days after the date of substantial completion.

CALENDAR DAYS FOR SUBSTANTIAL COMPLETION OF PROPOSAL:	210 DAYS
---	----------

- 5.02 The total number of calendar days for Substantial Completion designated by Proposer above must be less than or equal to a maximum of 290 calendar days, but not less than a minimum of 150 calendar days. Final Completion will be [Substantial Completion + 30] calendar days.
- 5.03 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 6—PROPOSER'S ACKNOWLEDGEMENTS: ACCEPTANCE PERIOD, INSTRUCTIONS, AND RECEIPT OF ADDENDA

6.01 *Proposal Acceptance Period*

- A. This Proposal will remain subject to acceptance for 45 days after the Proposal opening, or for such longer period of time that Proposer may agree to in writing upon request of Owner.

6.02 *Instructions to Proposers*

- A. Proposer accepts all of the terms and conditions of the Instructions to Proposers, including without limitation those dealing with the disposition of Bid security, and including the Proposal evaluation criteria.

6.03 *Receipt of Addenda*

- A. Proposer hereby acknowledges receipt of the following Addenda:

Addendum Number	Addendum Date
Addendum No 1	February 21, 2025

ARTICLE 7—PROPOSERS' REPRESENTATIONS AND CERTIFICATIONS

7.01 *Proposers' Representations*

A. In submitting this Proposal, Proposer represents the following:

1. Proposer has examined and carefully studied the Proposal Documents, including Addenda.
2. Proposer has visited the Site, conducted a thorough visual examination of the Site and adjacent areas, and become familiar with the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
3. Proposer is familiar with all Laws and Regulations that may affect cost, progress, and performance of the Work.
4. Proposer has carefully studied the reports of explorations and tests of subsurface conditions at or adjacent to the Site and the drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, with respect to the Technical Data in such reports and drawings.
5. Proposer has carefully studied the reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, with respect to Technical Data in such reports and drawings.
6. Proposer has considered the information known to Proposer itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Proposal Documents; and the Technical Data identified in the Supplementary Conditions or by definition, with respect to the effect of such information, observations, and Technical Data on (a) the cost, progress, and performance of the Work; (b) the means, methods, techniques, sequences, and procedures of construction to be employed by Proposer, if selected as Contractor; and (c) Proposers' (Contractor's) safety precautions and programs.
7. Based on the information and observations referred to in the preceding paragraph, Proposer agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.
8. Proposer is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Proposal Documents.
9. Proposer has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Proposer has discovered in the Proposal Documents, and of

discrepancies between Site conditions and the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

10. The Proposal Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.
11. The submission of this Proposal constitutes an incontrovertible representation by Proposer that without exception the Proposal and all prices in the Proposal are premised upon performing and furnishing the Work required by the Proposal Documents.

7.02 *Proposers' Certifications*

A. The Proposer certifies the following:

1. This Proposal is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation.
2. Proposer has not directly or indirectly induced or solicited any other Proposers to submit a false or sham Proposal.
3. Proposer has not solicited or induced any individual or entity to refrain from proposing.
4. Proposer has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 8.02.A:
 - a. Corrupt practice means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the proposal process.
 - b. Fraudulent practice means an intentional misrepresentation of facts made (a) to influence the proposal process to the detriment of Owner, (b) to establish proposal prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition.
 - c. Collusive practice means a scheme or arrangement between two or more Proposers, with or without the knowledge of Owner, a purpose of which is to establish proposal prices at artificial, non-competitive levels.
 - d. Coercive practice means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the proposal process or affect the execution of the Contract.
5. Proposer is not presently debarred by TxDOT or from work in the State of Texas.
6. In the event of the award of a contract, the organization represented will secure bonds for the full amount of the contract.
7. The signatory represents and warrants that they are an authorized signatory for the organization for which the bid is submitted and they have full and complete authority to submit this bid on behalf of their firm.
8. That the certifications and representations contained in the proposal are true and accurate and the bidder intends the proposal to be taken as a genuine government record.

PROPOSER hereby submits this Proposal as set forth above:

**CERTIFICATE OF CONSENT TO ACTION WITHOUT MEETING OF THE SOLE
DIRECTOR**

Certificate of written consent to action without meeting of the sole director of Packsaddle Management, LLC (the "LLC") dated this 26th day of February, 2025.

The Secretary of the LLC certifies that the LLC is a LLC duly organized and operating under the laws of the State of Texas.

IT WAS RESOLVED THAT:

1. The following individual is appointed and confirmed as signing officer for the LLC for a term of one year or until replaced and is authorized to manage bank accounts that have been established for the benefit of the LLC, sign and endorse checks, drafts, and other orders of payment for those bank accounts, and is authorized to sign bills of lading, and other documents, as needed and reasonable, for the normal conduct of the business of the LLC: Mack Smith
2. Authority to Sign.
3. Any one director or officer of the LLC is authorized to sign all documents and perform such acts as may be necessary or desirable to give effect to the above resolutions.
4. The Secretary of the LLC is directed to update the minute book of the Corporation, as appropriate.

(Signature)
Mack Smith

In witness whereof, I have duly executed this Certificate of Corporate Resolution this 26th day of February, 2025.

Mack Smith, Manager

I, Mack Smith is the Manager of the LLC, do hereby certify that Mack Smith is the duly elected Secretary of the LLC. I also certify that any signatures set out above are the correct signatures of those persons. I further certify that I have executed this resolution for the purpose stated above for and on behalf of the LLC.

IN WITNESS WHEREOF, I have duly executed this certificate this 26th day of
February, 2025.

Mack Smith, Manager/Secretary

STATEMENT OF PROPOSERS' QUALIFICATIONS, EXPERIENCE, AND REFERENCES

ARTICLE 1—INSTRUCTIONS

- 1.01 Proposer shall fill out all blanks on this form and attached schedules and shall submit the form with the Proposal Form. If an answer is not applicable, or would otherwise remain blank, fill in "N/A".
- 1.02 Proposer may attach documentation in lieu of filling out Articles of this form, if applicable. However, all attachments shall contain all the information required by the form and the required information shall be easily identifiable on the attachment. If an attachment is provided, answer "Attached" in the first blank space, if applicable. Clearly label each attachment with the Article # or schedule the attachment is applicable to.
- 1.03 Owner may reject Proposals with incomplete or missing information in accordance with the Instructions to Proposers. Owner reserves the right to request missing or additional information for use during the evaluation process.

ARTICLE 2—GENERAL INFORMATION

- 2.01 Provide information on the Business's organizational structure:

Legal Name of Business:	Packsaddle Management, LLC		
Form of Business:	☐ Sole Proprietorship ☐ Partnership ☐ Corporation		
☒ Limited Liability Company ☐ Joint Venture comprised of the following companies:			
1.	Mack Smith - Manager		
2.			
3.			
Provide a separate Qualification Statement for each Joint Venturer.			
Date Business was formed:	08/04/21	State in which Business was formed:	Texas
Is this Business authorized to operate in the Project location?		☒ Yes ☐ No ☐ Pending	

ARTICLE 3—SAFETY

- 3.01 Provide Worker's Compensation Insurance Experience Modification Rate (EMR), Total Recordable Frequency Rate (TRFR) for incidents, and Total Number of Recorded Manhours (MH) for the last 3 years and the EMR, TRFR, and MH history for the last 2 years of any proposed Subcontractor(s) that will provide Work valued at 25% or more of the Contract Price. Provide documentation of the EMR history for Business and Subcontractor(s).

Year	2024			2023		
Company	EMR	TRFR	MH	EMR	TRFR	MH
Packsaddle Management, LLC	1	0	25,545	1	0	15,280

ARTICLE 4—FINANCIAL

- 4.01 Provide information regarding the Business's financial stability. Provide the most current financial statement.

Financial Institution:	Cadence Bank, Loan Officer: Nicki D'Alise 830-598-7424 Address: 9650 Ranch to Market Rd 2147, Horseshoe Bay, TX 78657	
Date of Business's most recent financial statement:	Upon Request	☐ Attached
Contractor's Current Ratio (Current Assets ÷ Current Liabilities)		
Contractor's Quick Ratio ((Cash and Cash Equivalents + Accounts Receivable + Short Term Investments) ÷ Current Liabilities)		

ARTICLE 5—CONSTRUCTION EXPERIENCE

5.01 Provide information regarding the Business's previous contracting experience.

Years of experience with projects like the proposed project: 76 Years of Combined Experience	
As a general contractor: 40 Years Plus	As a joint venturer: * For Mack Smith
Has Business, or a predecessor in interest, or an affiliate:	
Been disqualified as a bidder by any local, state, or federal agency within the last 5 years?	☐ Yes ☒ No
Been barred from contracting by any local, state, or federal agency within the last 5 years?	☐ Yes ☒ No
Been released from a bid in the past 5 years?	☐ Yes ☒ No
Defaulted on a project or failed to complete any contract awarded to it?	☐ Yes ☒ No
Refused to construct or refused to provide materials defined in the contract documents or in a change order?	☐ Yes ☒ No
Been a party to any currently pending litigation or arbitration?	☐ Yes ☒ No
Provide full details in a separate attachment if the response to any of these questions is Yes.	

- 5.02 List a minimum of three and a maximum of six projects completed in the last 5 years in **Schedule B** and provide indicated information to demonstrate the Business's experience with projects similar in type and cost of construction.
- 5.03 In **Schedule C**, provide information on key individuals whom Business intends to assign to the Project. Provide resumes for those individuals included in Schedule C. Key individuals include the Project Manager and Project Superintendent. Resumes may be provided for Business's key leaders as well.

References for Mack Smith see Resume for additional references

ARTICLE 6—REFERENCES

- 6.01 Provide a list of at least 3 primary references for which Proposer has provided like products or services. Central Texas area references are preferred. If a project reference is used as the primary reference, check "See Project References" below.

Reference 1: ☒ Primary Reference ☐ See Project References			
Owner:	Travis County WCID No. 10

Las Alturas Subdivision	30%	March, 2025
La Verde Parking Lot	30%	March, 2025

SECTION 00 45 46
VENDOR COMPLIANCE TO STATE LAW

The 1985 Session of the Texas Legislature passed House Bill 620 relative to the award of contracts to non-resident bidders. This law provides that, in order to be awarded a contract as low bidder, non-resident bidders (out of state contractors whose corporate officers or principal place of business are outside of the state of Texas) bid projects for construction, improvements, supplies or services in Texas at an amount lower than the lowest Texas resident by the same amount that a Texas resident bidder would be required to underbid a non-resident bidder in order to obtain a comparable contract in the state in which the non-resident's principal place of business is located. The appropriate blanks in Section A must be filled out by all out-of-state or non-resident bidders in order for your bid to meet specifications. The failure of out-of-state or non-resident contractors to do so will automatically disqualify that bidder. Resident bidders must check the line in Section B.

- A. Non-resident bidder in _____ (give state), our principal place of business, are required to be _____ percent lower than resident bidders by state law.
Non-resident vendors in _____ (give state), our principal place of business, are not required to underbid resident bidders.
- B. Our principal place of business or corporate offices are in the State of Texas: ☒
- _____

WORK EXPERIENCE

Packsaddle Management, LLC. (Road & Utilities Underground Construction)
04/2024 - Present

Company Safety Director

C.C. Carlton Industries Ltd. (Utilities Underground Construction)
12/2019 – 04/2024

Company Safety Director

Responsible for developing, implementing, and managing health and safety policies and procedures in the workplace. Their duties include performing safety audits, conducting safety training sessions, and creating initiatives to reduce and prevent accidents. As head of the Safety Department, I generate and coordinated the safety team to inspect utility construction areas for unsafe structures, equipment, and working conditions. Selected and/or developed safety practices for site specific locations involving extraction, and production methods, based on factors safety characteristics. Prepared schedules, reports, and estimates of personal protective equipment that was involved in developing and operating of underground utility production. Monitored underground production activity, incident and injury rates to assess operational safety effectiveness. Supervised, trained, and evaluated technicians, technologists, safety survey personnel, and laborers. Examined maps, engineering schematics to determine the location, size, accessibility, and potential hazard exposures. Prepared technical safety inspection reports for internal use. Inspected facilities or sites to determine if they meet specifications or standards. Advised and counseled others on health and safety issues. Investigated safety of work environment to determine safety operational methods and practices. Counseled in the selection of safety tools, equipment, or technologies for use in operations or projects. Coordinated in safety or regulatory compliance activities. Monitored the safety productivity and/or efficiency of industrial operations. Investigated safety of work environment. Researched product safety. Advised production, equipment and field departments on health and safety issues. Instructed safety courses concentrating in safety standards and/or environmental compliance methods while updating technical knowledge as per industry standards. Documented and maintained operational safety systems.

Cash Construction Company (Civil Engineering Construction)
5/2018 – 11/2019

Company Safety Director

Directed and conducted the review, evaluation, and analyzed work environments and design programs and procedures to control, eliminate, and prevent disease or injury caused by chemical, physical, and biological agents or ergonomic factors. In charge of coordinating and conducting inspections and enforced adherence to laws and regulations governing the health and safety of individuals. Promoted worksite or product safety by applying knowledge of industrial processes, mechanics, chemistry, and industrial health and safety laws. Including, but not limited to, the implementation of industrial safety products to be used in site specific work sites. Using relevant information and individual judgment to determine whether events or processes comply with laws, regulations, or standards.

Fresh From Texas (Produce Manufacturing)
5/2017 – 5/2018

Corporate Safety Manager

As Safety Manager I was in charge of the corporate safety department I helped the company to realize risks and to prevent them from coming to realization by taking objective evaluations of the various departments within the company to make sure that employees are adhering to safety standards. I have generated a site-specific corporate safety policy and enforce it by pursuing the continuous process of hazard recognition and implementing changes to minimize safety risks for all company employees. I directed a proactive safety and environmental program by implementing improvement of the quality of safety and environmental management processes following established regulations, policies, standards, and practices. I ensure compliance and enforcement with all safety and environmental programs through education, training, and providing support to operations in the development and execution of consistent safety and environmental management programs. I also direct on-site accident investigation programs, I have developed accident trend analysis, as well as, developed programs for improving specific departmental safety performance.

U.S. Department of Labor/OSHA
5/2003 – 4/2017

Compliance Safety and Health Officer

I perform work that involves hazardous work processes and materials and unsafe environmental conditions affecting employee safety and health. I conduct inspections of work sites as required in the enforcement of the Occupational Safety and Health Administration's program and prepare comprehensive technical reports of inspection findings. At full performance, assist in the on-the-job training of lower-grade compliance officers and serves as leader of special investigations or inspection teams. Provide expert testimony in legal cases and provide guidance to regional attorneys, as required. Provide technical assistance in the explanation of regulatory provisions, citations, assessment of penalties, contesting citations and abating violations. Respond to questions from the public on occupational safety and health, OSHA standards, and technical matters. I also represent OSHA before employer/employee meetings, conferences, trade and labor organizations. I managed safety and occupational health program elements. I developed and recommended safety and occupational health policy to higher levels of management. Apply

safety and occupational health laws, regulations, principles, theories, practices, and procedures to advised on or resolved technical matters dealing with occupational safety and health requirements. I developed safety and occupational health standards, regulations, practices, and procedures to eliminate or control potential hazards. I developed and implemented programs to reduce the frequency, severity, and cost of accidents and occupational illnesses. I analyze and evaluate new and existing jobs, processes, products, or other systems to determine the existence, severity, probability, and outcome of hazards. I design or modify workplaces, processes, products, or other systems to control or eliminate hazards. I inspect and survey workplaces, processes, products, or other systems for compliance with established safety and occupational health policies or standards and to identify potential new hazards.

United States Air Force
2/1994 - 6/2003

San Antonio, Lackland A.F.B. US

Occupational Safety Health Inspector/Instructor

In the U.S. Air Force I performed the duties of a Squadron /Unit Environmental Compliance Inspector. These duties took place in a military aviation environment at Dover Air Force Base Delaware, 436th Equipment Maintenance Squadron. Working on C-5 (Cargo) Galaxy aircraft. Within this position my duties entailed the following: Observing, receiving, and otherwise obtaining information from all relevant sources. Evaluating Information to Determine Compliance with Standards, while using relevant information and individual judgment to determine whether events or processes comply with laws, regulations, or standards. I inspected equipment, structures, or materials to identify the cause of errors or other problems or defects. I identified the underlying principles, reasons, or facts of information by breaking down information or data into separate parts or sections; by categorizing, estimating, recognizing differences or similarities, and detecting changes in circumstances or events. Collaborated with engineers and physicians to institute control and remedial measures for hazardous and potentially hazardous conditions or equipment. Collected samples of dust, gases, vapors, and other potentially toxic materials for analysis. Collected samples of hazardous materials, and/or arrange for sample collection. Conducted audits at hazardous waste sites or industrial sites and participated in hazardous waste site investigations. Conducted safety training and education programs and demonstrated the use of safety equipment. Coordinated "right-to-know" programs regarding hazardous chemicals and other substances. Developed and maintained hygiene programs such as noise surveys, continuous atmosphere monitoring, ventilation surveys, and asbestos management plans. Developed and maintain medical monitoring programs for employees. Inspected and evaluated workplace environments, equipment, and practices, in order to ensure compliance with safety standards and government regulations. Inspected specified areas to ensure the presence of fire prevention equipment, safety equipment, and first-aid supplies. Instructor/Coordinator for the base "train the trainer" program concentrating in the bio-environmental field and the self-awareness occupational safety and health air education program.

EDUCATION

University of Phoenix

San Antonio, TX US

Master's Degree – 04/2017

Major: Business Administration

Wayland Baptist University

San Antonio, TX US

Bachelor's Degree - 8/2006

Major: Occupational Education

Minor: Aviation Maintenance Technology

Relevant Coursework, Licensures and Certifications:

The Bachelor of Science in Occupational Education (B.S.O.E.) is an inverted degree program which allows individuals to apply a vocational/technical field (i.e., courses, training, or work experience) as credit toward an applied associate's degree and, in turn, to apply the associate's degree toward a B.S.O.E. degree. Students in this degree program desire to enhance their knowledge, analytical abilities and critical thinking skills for upward mobility in their field. The B.S.O.E. exists to provide a seamless transition from technical fields to an appropriate baccalaureate program while enhancing the liberal arts component of the student's education. The B.S.O.E. degree is designed for individuals who have completed occupational/technical degrees and certificates at community, vocational, and technical colleges and schools; individuals who have completed occupational/vocational training in U. S. Armed Services Schools, the workplace, and career training centers; occupational and technical faculty at regional and local public schools; and individuals who have received several years of on-the-job training. The Bachelor of Science in Occupational Education (B.S.O.E) degree is a minimum 124-semester hour program. A minimum of 36 semester hours must be in upper-division (junior/senior level) credit. Major fields of study included in the degree have specific upper division requirements. The student may select from seven majors which combine non-traditional credit with a traditional liberal arts background. Majors include business administration, human services, justice administration, management, religion, occupational education, and career and technology education. Each major consists of 36 semester hours of which 18 must be in upper-division credit. The degree also requires a 24-semester hour professional development block designed to provide academic depth or breadth to the major and to provide substantive developmental knowledge.

JOB RELATED TRAINING

The following courses were taken while in the military and recertified on a yearly basis between 1994 through 2003:

Occupational Safety and Health

Transportation Safety

Construction Safety

Environmental Compliance

Human Resources

Bloodborne Pathogens

Chemical & Electrical Safety

Environment, Safety, & Health at Work

Ergonomics

Hazardous Materials Transportation

Mechanical & Physical Safety

(Non)Bio-Chemical/(Non)Nuclear Warfare
Safety

JOB RELATED TRAINING

The following courses were taken during my tenure with the Department of Labor and are established courses from the OSHA Training Institute.

Construction Standards

Fall Protection in Residential Construction

Cranes in Construction

Significant Cases: Lead-Based Paint in Bridge
Demolition

Introduction to On-site Consultation

Permit-Required Confined Space Entry

Heating, Ventilating, and Air Conditioning
(HVAC) Systems

Excavation, Trenching and Soil Mechanics

Tunneling and Underground Operations

Concrete, Forms, and Shoring

Principles of Scaffolding

Fall Arrest Systems

Tower Safety

Steel Erection

Demolition

Trainer Course in OSHA Standards for
Construction

Occupational Safety and Health Standards for
Construction

Initial Compliance

Accident Investigation

Investigative Interviewing Techniques

Inspection Techniques and Legal Aspects

Misclassification of Workers and Advanced
Legal Aspects for OSHA Managers

OSHA Recordkeeping for Compliance Officers

Evaluation of Safety and Health Management
Systems

Safety and Health for Oil and Gas Well
Operations

Overview: Working with State Plans

State Plan Changes

Stepping up OSHA Customer Service

Corporate Wide Settlement Agreement

CSHO Safety in Roadway and Highway
Construction Work Zones

Introduction to Safety Standards for Safety
Officers

Health Hazard Awareness for Safety Officers

Introduction to Industrial Hygiene for Safety Personnel

Introduction to OSHA Legal Aspects

Investigative Interviewing Techniques

Consultation Systems Assessment Training

Basic Whistleblower Investigations - 11(c)

OSHA Overview for National Office Personnel

Basic Whistleblower Investigations - Federal Statutes

Analytical Laboratory Orientation for State Consultants

Effective Written Communication

State Plan Monitoring

OSHA Recordkeeping for Compliance Officers

Hazardous Materials

Machinery and Machine Guarding Standards

Longshoring and Marine Terminal Processes and Standards

Fire Protection and Life Safety

Cranes and Materials Handling for General Industry

Shipyard Employment

Industrial Noise

Principles of Industrial Ventilation

Respiratory Protection

Industrial Toxicology

Laboratory Safety and Health

Ergonomics Applied to MSDs and Nerve Disorders

Indoor Air Quality

Biohazards

Expanded Health Standards

Consultation Systems Assessment Training: Train-the-Trainer

Evaluation of Safety and Health Management Systems

Introduction to Ionizing Radiation Protection at Department of Energy Facilities

Safety and Health for Oil and Gas Well Operations

Power Press Guarding

Safety and Health for Grain Handling Operations

Safety and Health in Sawmill and Logging Operations

Electrical Standards

Applied Spray Finishing and Coating Principles

FAA Air Traffic Control Towers (ATCTs) Monitoring Procedures

Applied Welding Principles

Health Hazards in Construction Industry for Safety Personnel

Safety and Health in the Chemical Processing Industries

EPA's Health and Safety - 40 Hr (HAZWOPER)

Combustible Dust Hazards and Controls

Health Care

OSHA Instrumentation

Enhanced 40-Hour Health and Safety Course for CSHOs

Hazard Analysis in the Chemical Processing Industries

Advanced Process Safety Management

Criminal Investigation Training Program

Advanced PSM in the Chemical Industries

Orientation to Wild land Fires for CSHOs

OSHA Technical Assistance for Emergencies

Trainer Course in OSHA Standards for General Industry

Update for Construction Industry Outreach Trainers

Occupational Safety and Health Course for Other Federal Agencies

Incident Command Systems I-200

Incident Command Systems I-300

Management Accountability Program - Field Audit Training Seminar

Emergency Preparedness Refresher Training

Hazard Communication Final Rule - Hazard Communication Coordinator Training

Hearing Conservation

Workplace Violence

Distracted Driving

Pandemic Influenza Planning Seminar

Electrical Seminar

Negotiation Skills Training

Safety and Health Technical Exchange

Project Reference For Fermin Molina: One

- Client: Travis County WC&ID No. 10
- Client Contact: Carla Orts: General Manager: 512-912-6423
- Project Name: Lower Camelot Waterline Improvements
- Type of Work: This project included waterline improvements down existing roadways, that required demolition reconstruction if the existing pavement surfaces to original/better conditions. This project also included change orders to the original scope of work and were completed ahead of the original substantial completion date so contract extension were not required. One of these change orders was the milling and overlaying of the entire street section where the waterlines were installed instead of the disturbed trench.
- Project Budget: \$1,553,543.35
- Date Completed: 11/12/2024
- Engineer Contact: James McDermott: P.E. DEC Engineering: 512-345-8505

Project Reference For Fermin Molina: Two

- Client: Johnson Development Group: 5005 Riverway Drive, Suite 500 Houston, Tx 77056
- Client Contact: Rick Yarbrough: General Manager 832-326-6904
- Project Name: Benton Phase 1 Section 1 & Section 2
- Type of Work: Benton Phase 1 Section 1 & Section 2 consisted of over 31,000 LF of curb and gutter, 83,000 SY of subgrade preparation, including processing 22,000 tons of 8-inch base, 2,600 tons of 14-inch thick base, 30,000 tons of 20-inch thick base, 43,000 SY of 2-inch & 22,000 SY of 3.5-inch asphalt paving, over 50 ADA ramps, and over 4,000 SY of concrete sidewalks, signage & striping.
- Project Budget: \$18,978,084.80
- Date Completed: 8/30/23
- Engineer Contact: Alex Granados: P.E. Kimley Horn & Associates: 512-966-2391

Project Reference For Fermin Molina: Three

- Client: Travisso, LTD: 5301 Southwest Parkway, Suite 400, Austin, Texas 78735

Article 1 - Entity Name and Type

The filing entity being formed is a limited liability company. The name of the entity is:

Packsaddle Management, L.L.C.

Article 2 - Registered Agent and Registered Office

☐ A. The initial registered agent is an organization (cannot be company named above) by the name of:

OR

☒ B. The initial registered agent is an individual resident of the state whose name is set forth below:

Name:

Mack Smith

C. The business address of the registered agent and the registered office address is:

Street Address:

3315 Highway 71 West Horseshoe Bay TX 78657

Consent of Registered Agent

☐ A. A copy of the consent of registered agent is attached.

OR

☒ B. The consent of the registered agent is maintained by the entity.

Article 3 - Governing Authority

☒ A. The limited liability company is to be managed by managers.

OR

☐ B. The limited liability company will not have managers. Management of the company is reserved to the members.

The names and addresses of the governing persons are set forth below:

Manager 1: **Mack Smith**

Title: **Manager**

Address: **3315 Highway 71 West Horseshoe Bay TX, USA 78657**

Article 4 - Purpose

The purpose for which the company is organized is for the transaction of any and all lawful business for which limited liability companies may be organized under the Texas Business Organizations Code.

Supplemental Provisions / Information

[The attached addendum, if any, is incorporated herein by reference.]

Organizer

The name and address of the organizer are set forth below.

Mack Smith **3315 Highway 71 West, Horseshoe Bay, Texas 78657**

Effectiveness of Filing

☒ A. This document becomes effective when the document is filed by the secretary of state.

OR

☐ B. This document becomes effective at a later date, which is not more than ninety (90) days from the date of its signing. The delayed effective date is:

Execution

The undersigned affirms that the person designated as registered agent has consented to the appointment. The undersigned signs this document subject to the penalties imposed by law for the submission of a materially false or fraudulent instrument and certifies under penalty of perjury that the undersigned is authorized under the provisions of law governing the entity to execute the filing instrument.

PROPOSAL FORM
FOR CONSTRUCTION CONTRACT

The terms used in this Proposal with initial capital letters have the meanings stated in the Instructions to Proposers, the General Conditions, and the Supplementary Conditions.

ARTICLE 1—OWNER AND PROPOSER

- 1.01 This Proposal is submitted to:

 City of Taylor Purchasing

 Attn: Sabrina Schmidt
 400 Porter Street
 Taylor, TX 76574
- 1.02 The undersigned Proposer proposes and agrees, if this Proposal is accepted, to enter into an Agreement with Owner in the form included in the Proposal Documents to perform all Work as specified or indicated in the Proposal Documents for the prices and within the times indicated in this Proposal and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2—EVALUATION CRITERIA AND ESTIMATED BUDGET

- 2.01 Award of the Contract resulting from this solicitation shall be under the selection process described in Article 18 of the Instructions to Proposers. The three (3) divisions of selection criteria (“Divisions”) and their respective assigned weights for this project are as follows:

 1. Contractor Relevant Qualifications, Experience, and References– 30%

 2. Cost Proposal – 60%

 3. Schedule Proposal – 10%
- 2.02 The City’s budget for this project is **\$3,500,000.00**

ARTICLE 3—ATTACHMENTS TO THIS PROPOSAL

- 3.01 The following documents are submitted with and made a condition of this Proposal:

 A. Statement of Proposers’ Qualifications, Experience, and References with supporting data; and

 B. Required Proposal security

ARTICLE 4—COST PROPOSAL

4.01 Proposer will complete the Work in accordance with the Contract Documents for the following price(s):

FOR LABOR, MATERIAL, EQUIPMENT, AND INCIDENTALS

A. UTILIZE EXCEL SPREADSHEET BID FORM

- B. Proposer acknowledges that:
- 1. each Proposal Unit Price includes an amount considered by Proposer to be adequate to cover Contractor’s overhead and profit for each separately identified item, and
 - 2. the estimated quantities are not guaranteed, and are solely for the purpose of comparison of Proposals, and final payment for all Unit Price Work will be based on actual quantities, determined as provided in the Contract Documents.

ARTICLE 5 - SCHEDULE PROPOSAL

5.01 Proposer agrees that the Work will be substantially complete within the number of calendar days entered below, after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 30 calendar days after the date of substantial completion.

CALENDAR DAYS FOR SUBSTANTIAL COMPLETION OF PROPOSAL:	180
---	-----

5.02 The total number of calendar days for Substantial Completion designated by Proposer above must be less than or equal to a maximum of 290 calendar days, but not less than a minimum of 150 calendar days. Final Completion will be [Substantial Completion + 30] calendar days.

5.03 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 6—PROPOSER’S ACKNOWLEDGEMENTS: ACCEPTANCE PERIOD, INSTRUCTIONS, AND RECEIPT OF ADDENDA

- 6.01 Proposal Acceptance Period
- A. This Proposal will remain subject to acceptance for 45 days after the Proposal opening, or for such longer period of time that Proposer may agree to in writing upon request of Owner.
- 6.02 Instructions to Proposers
- A. Proposer accepts all of the terms and conditions of the Instructions to Proposers, including without limitation those dealing with the disposition of Bid security, and including the Proposal evaluation criteria.
- 6.03 Receipt of Addenda
- A. Proposer hereby acknowledges receipt of the following Addenda:

Addendum Number	Addendum Date
ADDENDUM 1	2/21/2025

ARTICLE 7—PROPOSERS’ REPRESENTATIONS AND CERTIFICATIONS

7.01 *Proposers’ Representations*

A. In submitting this Proposal, Proposer represents the following:

1. Proposer has examined and carefully studied the Proposal Documents, including Addenda.
2. Proposer has visited the Site, conducted a thorough visual examination of the Site and adjacent areas, and become familiar with the general, local, and Site conditions that may affect cost, progress, and performance of the Work.
3. Proposer is familiar with all Laws and Regulations that may affect cost, progress, and performance of the Work.
4. Proposer has carefully studied the reports of explorations and tests of subsurface conditions at or adjacent to the Site and the drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, with respect to the Technical Data in such reports and drawings.
5. Proposer has carefully studied the reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, with respect to Technical Data in such reports and drawings.
6. Proposer has considered the information known to Proposer itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Proposal Documents; and the Technical Data identified in the Supplementary Conditions or by definition, with respect to the effect of such information, observations, and Technical Data on (a) the cost, progress, and performance of the Work; (b) the means, methods, techniques, sequences, and procedures of construction to be employed by Proposer, if selected as Contractor; and (c) Proposers’ (Contractor’s) safety precautions and programs.
7. Based on the information and observations referred to in the preceding paragraph, Proposer agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.
8. Proposer is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Proposal Documents.
9. Proposer has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Proposer has discovered in the Proposal Documents, and of

discrepancies between Site conditions and the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

10. The Proposal Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.
11. The submission of this Proposal constitutes an incontrovertible representation by Proposer that without exception the Proposal and all prices in the Proposal are premised upon performing and furnishing the Work required by the Proposal Documents.

7.02 *Proposers' Certifications*

A. The Proposer certifies the following:

1. This Proposal is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation.
2. Proposer has not directly or indirectly induced or solicited any other Proposers to submit a false or sham Proposal.
3. Proposer has not solicited or induced any individual or entity to refrain from proposing.
4. Proposer has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 8.02.A:
 - a. Corrupt practice means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the proposal process.
 - b. Fraudulent practice means an intentional misrepresentation of facts made (a) to influence the proposal process to the detriment of Owner, (b) to establish proposal prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition.
 - c. Collusive practice means a scheme or arrangement between two or more Proposers, with or without the knowledge of Owner, a purpose of which is to establish proposal prices at artificial, non-competitive levels.
 - d. Coercive practice means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the proposal process or affect the execution of the Contract.
5. Proposer is not presently debarred by TxDOT or from work in the State of Texas.
6. In the event of the award of a contract, the organization represented will secure bonds for the full amount of the contract.
7. The signatory represents and warrants that they are an authorized signatory for the organization for which the bid is submitted and they have full and complete authority to submit this bid on behalf of their firm.
8. That the certifications and representations contained in the proposal are true and accurate and the bidder intends the proposal to be taken as a genuine government record.

PROPOSER hereby submits this Proposal as set forth above:

STATEMENT OF PROPOSERS’
QUALIFICATIONS, EXPERIENCE, AND REFERENCES

ARTICLE 1—INSTRUCTIONS

- 1.01
- Proposer shall fill out all blanks on this form and attached schedules and shall submit the form with the Proposal Form. If an answer is not applicable, or would otherwise remain blank, fill in “N/A”.
- 1.02
- Proposer may attach documentation in lieu of filling out Articles of this form, if applicable. However, all attachments shall contain all the information required by the form and the required information shall be easily identifiable on the attachment. If an attachment is provided, answer “Attached” in the first blank space, if applicable. Clearly label each attachment with the Article # or schedule the attachment is applicable to.
- 1.03
- Owner may reject Proposals with incomplete or missing information in accordance with the Instructions to Proposers. Owner reserves the right to request missing or additional information for use during the evaluation process.

ARTICLE 2—GENERAL INFORMATION

- 2.01
- Provide information on the Business’s organizational structure:

Legal Name of Business:		CHASCO CONSTRUCTORS, LTD., LLP. BY CHASCO CONTRACTING, GP, LLC, ITS GP	
Form of Business:		☐ Sole Proprietorship ☒ Partnership ☐ Corporation	
☐ Limited Liability Company ☐ Joint Venture comprised of the following companies:			
1. SEE ATTACHED RESOLUTION			
2.			
3.			
Provide a separate Qualification Statement for each Joint Venturer. N/A			
Date Business was formed:		8/1/1979	State in which Business was formed: TX
Is this Business authorized to operate in the Project location?		☒ Yes ☐ No ☐ Pending	

ARTICLE 3—SAFETY

3.01 Provide Worker’s Compensation Insurance Experience Modification Rate (EMR), Total Recordable Frequency Rate (TRFR) for incidents, and Total Number of Recorded Manhours (MH) for the last 3 years and the EMR, TRFR, and MH history for the last 2 years of any proposed Subcontractor(s) that will provide Work valued at 25% or more of the Contract Price. Provide documentation of the EMR history for Business and Subcontractor(s). SEE ATTACHED

Year	CHASCO CONSTRUCTORS			TEXAS MATERIALS		
Company	EMR	TRFR	MH	EMR	TRFR	MH
2023	0.87	1.09	552,280	0.60	1.50	2,127,714
2022	0.87	0.40	506,281	0.57	1.88	2,232,531
2021	0.74	0.76	526,771	0.52	1.82	1,757,986

ARTICLE 4—FINANCIAL

4.01 Provide information regarding the Business’s financial stability. Provide the most current financial statement.

ARTICLE 5—CONSTRUCTION EXPERIENCE

5.01 Provide information regarding the Business’s previous contracting experience.

Years of experience with projects like the proposed project: 45				
As a general contractor:		45	As a joint venturer:	N/A
Has Business, or a predecessor in interest, or an affiliate:				
Been disqualified as a bidder by any local, state, or federal agency within the last 5 years?			☐ Yes ☒ No	
Been barred from contracting by any local, state, or federal agency within the last 5 years?			☐ Yes ☒ No	
Been released from a bid in the past 5 years?			☐ Yes ☒ No	
Defaulted on a project or failed to complete any contract awarded to it?			☐ Yes ☒ No	
Refused to construct or refused to provide materials defined in the contract documents or in a change order?			☐ Yes ☒ No	
Been a party to any currently pending litigation or arbitration?			☐ Yes ☒ No	
Provide full details in a separate attachment if the response to any of these questions is Yes.				

- 5.02 List a minimum of three and a maximum of six projects completed in the last 5 years in **Schedule B** and provide indicated information to demonstrate the Business’s experience with projects similar in type and cost of construction.
- 5.03 In **Schedule C**, provide information on key individuals whom Business intends to assign to the Project. Provide resumes for those individuals included in Schedule C. Key individuals include the Project Manager and Project Superintendent. Resumes may be provided for Business’s key leaders as well.

SECTION 00 45 46
VENDOR COMPLIANCE TO STATE LAW

The 1985 Session of the Texas Legislature passed House Bill 620 relative to the award of contracts to non-resident bidders. This law provides that, in order to be awarded a contract as low bidder, non-resident bidders (out of state contractors whose corporate officers or principal place of business are outside of the state of Texas) bid projects for construction, improvements, supplies or services in Texas at an amount lower than the lowest Texas resident by the same amount that a Texas resident bidder would be required to underbid a non-resident bidder in order to obtain a comparable contract in the state in which the non-resident's principal place of business is located. The appropriate blanks in Section A must be filled out by all out-of-state or non-resident bidders in order for your bid to meet specifications. The failure of out-of-state or non-resident contractors to do so will automatically disqualify that bidder. Resident bidders must check the line in Section B.

- A.

Non-resident bidder in _____ (give state), our principal place of business, are required to be _____ percent lower than resident bidders by state law.
Non-resident vendors in _____ (give state), our principal place of business, are not required to underbid resident bidders.
- B.

Our principal place of business or corporate offices are in the State of Texas:
2801 E OLD SETTLERS BLVD, ROUND ROCK, TX 78665

Article 2.01 - 1/5

**RESOLUTION
OF
CHASCO CONTRACTING GP, LLC,
Texas Limited Liability Company ("Company")
In its capacity as general partner of
CHASCO CONSTRUCTORS, LTD., LLP
a Texas Limited Partnership ("Partnership")**

We, being all of the managers of the Company organized under the Texas Limited Liability Company Act, do by this writing consent to take the following action and adopt the following resolutions:

RESOLVED, the Company is manager ruled.

RESOLVED, that the following persons will serve in the capacity so indicated on behalf of the Partnership when the Partnership is acting as General Partner of Chasco Constructors, Ltd., L.L.P.:

<u>Name of Person</u>	<u>Title</u>
Charles J. Glace, Jr.	President
Anthony J. Glace	Vice President
Charles R. King	Vice President, Secretary and Treasurer

RESOLVED, that subject to the supervisory powers, if any, as may be given by the Company, the President shall be the chief executive officer of the Partnership and shall, in general, supervise and control all of the business and affairs of the Partnership. He shall see that all orders and resolutions of the Company are carried out, subject however, to the right of the Company to delegate specific powers, to any other officer of the Partnership. The President shall preside at all meetings of the Partnership. The President may execute any deeds, mortgages, bonds, contracts, or other instruments, in the name of the Partnership, except in cases where the signing and execution thereof shall be delegated by the Company, to some other officer or agent of the Partnership, or shall be required by law to be otherwise signed and executed. The President shall have such other powers and perform such other duties as from time to time may be prescribed by the Company.

RESOLVED, that in the absence or disability of the President, the Vice President shall perform all the duties of the President. When so acting the Vice President shall have all the powers of and be subject to all of the restrictions upon the President. The Vice President shall have such other powers and perform such other duties as from time to time may be prescribed for him by the President. If there is more than one Vice-President, the Senior Vice Presidents, in order of their rank as fixed by the President, or if not ranked, the Vice-President designated by the President, shall perform all of the duties of the President. When so acting the Vice President shall have all the powers of and be subject to all the restrictions upon the President. The Vice Presidents shall have such other powers and perform such other duties as from time to time may be prescribed for them respectively by the President.

RESOLVED, that the Secretary shall attend all meetings of the Partnership and shall record all votes and the minutes of all proceedings in a book suitable for that purpose. He shall give or cause to be given notice of all meetings of the Partnership. The Secretary shall have such other powers and perform such other duties as from time to time may be prescribed by the President.

RESOLVED, that the Treasurer shall have the custody of the Partnership funds and securities and shall keep full and accurate accounts of receipts and disbursements in books belonging to the Partnership and shall deposit all moneys and other valuable effects in the name and to the credit of the Partnership in such depositories as may be designated by the President. The Treasurer shall disburse the funds of the Partnership as may be ordered by the President, taking proper vouchers for such disbursements. He shall keep and maintain or cause to be kept and maintained, the Partnership's books of account and shall render to the President an account of all his transactions as Treasurer and of the financial condition of the Partnership and exhibit his books, records and accounts to the President at any reasonable time. He shall disburse funds for capital expenditures as authorized by the President in accordance with the orders of the President, and present to the President for attention any requests for disbursing funds if in the judgment of the Treasurer any such request is not properly authorized. He shall make a detailed annual report of the entire business and financial condition of the Partnership. If required by the President, he shall give the Partnership a bond in such sum and with such surety or sureties as shall be satisfactory to the President for the faithful performance of the duties of his office and for the restoration to the Partnership, in case of his death, resignation, retirement or removal from office, of all books, papers, vouchers, money and other property of whatever kind in his possession or under his control belonging to the Partnership. The Treasurer shall have such other powers and perform such other duties as from time to time may be prescribed by the President.

This written consent may be executed in one or more counterparts, all of which together shall be one and the same instrument.

Log of Work-Related Injuries and Illnesses

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

Year 2023
U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

You must record information about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid. You must also record significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional. You must also record work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR 1904.12. Feel free to use two lines for a single case if you need to. You must complete an injury and illness incident report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.

Log of Work-Related Injuries and Illnesses

Year 2023
U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

You must record information about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid. You must also record significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional. You must also record work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR 1904.8 through 1904.12. Feel free to use two lines for a single case for an injury and illness incident report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.

Identify the person			Describe the case			Classify the case											
(A) Case No.	(B) Employee's Name	(C) Job Title (e.g., Welder)	(D) Date of injury or onset of illness (mo./day)	(E) Where the event occurred (e.g., Loading dock north end)	(F) Describe injury or illness, parts of body affected, and object/substance that directly injured or made person ill (e.g. Second degree burns on right forearm from acetylene torch)	CHECK ONLY ONE box for each case based on the most serious outcome for that case:				Enter the number of days the injured or ill worker was:		Check the "injury" column or choose one type of illness:					
						Death (G)	Days away from work (H)	Remained at work		Away From Work (days) (K)	On job transfer or restriction (days) (L)	Injury (1)	Skin Disorder (2)	Respiratory Condition (3)	Poisoning (4)	Hearing Loss (5)	All other illnesses (M)
								Job transfer or restriction (I)	Other recordable cases (J)

Summary of Work-Related Injuries and Illnesses

All establishments covered by Part 1904 must complete this Summary page, even if no injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the log. If you had no cases write "0."

Employees former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR 1904.35, in OSHA's Recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

Total number of deaths	Total number of cases with restriction	Total number of cases with job transfer or restriction	Total number of other recordable cases
0	4	15	4
(G)	(H)	(I)	(J)

Number of Days

Total number of days away from work	Total number of days of job transfer or restriction
292	889
(K)	(L)

Injury and Illness Types

Total number of...	(1) Injury	(2) Skin Disorder	(3) Respiratory Condition	(4) Poisoning	(5) Hearing Loss	(6) All Other Illnesses
(M)	22	0	0	0	0	1

Post this Summary page from February 1 to April 30 of the year following the year covered by the form

Public reporting burden for this collection of information is estimated to average 58 minutes per response, including time to review the instruction, search and gather the data needed, and complete and review the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about these estimates or any aspects of this data collection, contact: US Department of Labor, OSHA Office of Statistics, Room N-3644, 200 Constitution Ave, NW, Washington, DC 20210. Do not send the completed forms to this office.

U.S. Department of Labor

Occupational Safety and Health Administration

You must record information about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid. You must also record significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional. You must also record work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR 1904.12. Feel free to use two lines for a single case if you need to. You must complete an injury and illness incident report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.

RSM US LLP

Independent Auditor's Report

Partners
Chasco Constructors, Ltd., L.L.P.

Opinion

We have audited the accompanying financial statements of Chasco Constructors, Ltd., L.L.P., (the Company) which comprise the balance sheets as of December 31, 2023 and 2022, the related statements of income, changes in partners' capital, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2023 and 2022, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

4.01 - 217

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

RESUMÉ

Charles J. (Chuck) Glace, Jr.

President

Education

Central Michigan University / U.T. Austin

Work History and Background

Chuck has over 38 years of diversified construction experience. He has extensive background in concrete flatwork, structural concrete, tilt-wall, decorative concrete, excavation, and utility work. Chuck has complete responsibility for overall coordination of Chasco's operations. To him, the retention and advancement of individuals speaks directly to Chasco's success. Chuck is a driving force in the organization and training of Chasco's talent in both the office and the field. He provides ongoing leadership to the management team and to the self-perform operations, helping Chasco to provide better control and exceptional service to its customers. Chuck serves on the Board of the YMCA of Round Rock. He is also a board member of the Round Rock Chamber, a board member of the American Concrete Institute, a member of the Construction Specifications Institute, the American Society of Concrete Construction, the Associated General Contractors of America, and a Board member of The Round Rock Community Foundation.

Project Experience

- Georgetown Hospital, Georgetown, TX – 40,000 SF Addition / Renovation, including 3-story concrete building with pan slab construction.
- South Austin Hospital, Austin, TX – New surgery wing.
- AMP Packaging Office and Manufacturing Facility, Round Rock, TX – Design/Build Contract for 58,000 SF tiltwall computer manufacturing facility.
- Interpoint Retail Center, Austin, TX – 160,000 SF cast in place concrete structure with underground parking garage.
- Tellabs Operations, Round Rock, TX – 48,000 SF tiltwall manufacturing addition to the existing facility.
- Classic Toyota, Round Rock, TX – Construction of a new car sales building, body shop, parking, drives, new car display, and detention / filtration structures.

RESUMÉ (continued)

Charles J. (Chuck) Glace
President

- Austin VA Hospital / Clinic, Austin, TX – 45,000 SF slab on grade with related site work.
- St. Philips Family Life Center, Round Rock, TX – 11,000 SF church facility, including worship areas, class rooms, elevated altar / stage, commercial food preparation, and child care.
- Shoal Creek Bridge, Austin, TX – New 2-span bridge over Shoal Creek including channel work and slope protection to flood prone creek.
- Expo Business Park, Austin, TX – Two 124,000 SF concrete tiltwall buildings, including all site development and utility construction.

RESUMÉ

Charles R. King

CFO, Vice President, Secretary and Treasurer

Education

BBA in Accounting – Lamar University

CPA Certification – Texas Society of CPA's

Work History and Background

Charles has over 40 years experience as an entrepreneurial financial accountant. He began his career with a national accounting firm prior to joining a local CPA firm. As a partner in this firm, he was responsible for a wide array of tax and financial accounting engagements for small businesses and individuals. Subsequently, he spent 15 years as CFO of a multi-location, multi-franchise car dealership conglomerate. In this role he was responsible for the financial, treasury and IT functions.

At Chasco, Charles is responsible for the financial function, as well as strategic planning, tax issues and cash management.

RESUMÉ

Tony Glace
Vice President/Concrete Manager

Education

Texas A&M University
BS Building Construction

University of Toledo
Architectural Technology

Additional Training & Certifications:

OSHA 30 Hour Safety Training
Excavation Training
MSHA Mine Safety 40 Hour

Work History and Background

Tony has over 40 years of construction experience with Chasco Constructors. As a field foreman and Superintendent, Tony has extensive experience in all areas of construction including heavy/highway and commercial/industrial buildings. He has constructed bridges and box culverts, multi-story concrete buildings, concrete walls up to 35 feet in height, tilt wall, and all phases of site work. Chasco relies on Tony's ability to manage our most complex and time restricted projects. Tony now oversees all of Chasco's concrete operations. Which includes 17 crews.

Project Experience

- Shops at Tech Ridge Retail Center, Austin, TX - 11 concrete tilt wall shell buildings, totaling over 200,000 square feet on a 50 acre site. Numerous retaining walls up to 35 feet in height, sidewalks, paving, storm system and all utilities.
- StoneCreek II Office Project, Austin, TX – 165,000 SF Class "A" four story office building with a 240,000 SF four-story parking garage. This project incorporated a tremendous amount of cast in place structural reinforced concrete as well as precast concrete components. This project was completed in record time and delivered to Ownership 2 months ahead of schedule.
- AT&T Web Hosting Facility – 131,000 SF Tilt Wall Structure with EIFS accents that included approximately 12 acres of associated site improvements, utilities, and detention filtration ponds. The shell building was completed and turned over to Ownership in less than 150 days
-

RESUMÉ (continued)*Tony Glace*

Project Superintendent / Vice President

- Eastside Post Office, Round Rock, TX- 60,000 SF postal facility for the Federal Government and the City of Round Rock. This project included extensive site work and concrete paving as well as a completed finished out and functional building with an ornate masonry exterior and sophisticated interior amenities and security devices.
- Airport Taxiways & Holding Aprons, Georgetown, TX- A strategically planned and coordinated site improvement project of major runways and taxiways including modifications and improvements to the existing storm drainage and grading around the airport. Project included adding new airplane staging areas as well as re-surfacing of existing runways.
- TXDOT Storm Water Filtration Ponds – A multi-million dollar site development project located in the environmentally critical Edwards Aquifer Re-charge Zone. This project included major rock excavation, embankment shoring, and highly engineered structurally tapered concrete retaining walls in excess of 30 feet in height.
- Austin Aero FBO – Construction of 5 aircraft hangers and a two-story terminal building. Then project infrastructure included all under ground utilities, site concrete and HMA paving. It involved working closely with NAPT during the new construction of Austin-Bergstrom International Airport.

Cesar Santander

Utility Manager

Additional Training & Certifications

- CPR Training
- Trench Safety Systems
- OSHA Certified Competent Person Training
- OSHA Certified Confined Space Entry
- Traffic Control
- OSHA 30

Work History and Background

Cesar has been with Chasco for 15 years, working his way up through the rankings. Four years ago he elevated to the role of Utility Manager at Chasco. He can construct all types of underground utilities. One of his greatest assets is his personality: he gets along extremely well with owners, inspectors, and his fellow teammates at Chasco.

Project Experience

- Formula One, Cottonwood Section 1, Airport Lot G3, Conrac Garage Phase 1, Legacy South Park Apartments,
- Todd Lark Project
- Timmerman School and Stadium
- Freescale 183 and Freescale William Cannon
- MTZ Church
- Kalahari Resort & Conventions is a 350-acre resort that includes retail, indoor water park, a hotel and convention center, and multiple restaurants. It is located adjacent to SH 79 on the east side of Round Rock. Chasco scope includes the installation of the site utilities, drainage, curb and gutter, light pole foundations and all other site concrete including decorative paving for the project.
- Whisper Valley Village 1 Subdivision, Manor, TX – This project included all earthwork, underground utilities, cement treated road base, curb & gutter, asphalt paving, signage & striping, sidewalks, two City of Austin wet ponds, a large vegetative filter strip and all revegetation on a 50+ acre new subdivision.

5.03- 7/10

- Braker Lane Extension, Manor, TX – This project included a 1.5-mile boulevard connected to FM 973 and extending east toward Taylor Lane. The major scopes of work included extensive earthwork, lime stabilized road base, curb & gutter, asphalt paving, signage & striping, a TXDOT turn lane connecting to the boulevard, underground storm drainage, sidewalks, one wet pond, four water quality filter ponds, multiple large drainage channels, revegetation and over 3 miles of TXDOT fencing.

R E S U M É

*Travis Tucek*

Sitework Manager

Work History and Background

Travis has 20 years of experience with Chasco. He has been the Sitework Manager at Chasco since 2016. He has expertise on both private and public projects and has become a valuable and dependable member of the Chasco team.

Project Experience

- River Ranch Park Remediation – This project was a CMAR for Williamson County. The contract scope was the correction of deficient work created by another contractor, that filed bankruptcy, leaving their bonding company to complete and open the project. Corrective actions included drainage, paving, and building construction not done per code or specification. The contract was awarded by the Williamson County Commissioners Court via a CMR deliverable. The park is a master built +/- 1500 community park located near Leander, Texas. Some major items of work included the remediations of 13,335 CY of new rock rip rap, installing 1,075 LF of cast-in-place trench drain, and site grading and landscaping for 13 different areas within the park.
- Homestead at Old Settlers – New 193 lot subdivision. Includes 150,000 CY of earthwork, water, wastewater, storm, and local street construction.
- County Road 214- Northgate PH 2 – Located just north of Liberty Hill near the north fork of San Gabriel River, this project included approximately .8 miles of new road construction, which consists of grading, subgrade prep, 10" and 14" flex base, and HMAC paving. Project also consisted of approximately 3,700 SF of new concrete sidewalk, 8,100 LF of curb & gutter, utility installation consisting of 6,100 LF of RCP storm drain with curb and area inlets, 1,800 LF of wastewater line, and 14,600 LF of waterline. Waterline included offsite connection with multiple bores.
- Sweetwater Village C & D – Sections C & D of the Sweetwater subdivision included 35 acres of clearing, 56,000 CY of earthwork, 4 water quality ponds, 8,000 LF of water, 7,500 LF of wastewater, and 7,100 LF of storm piping. 1.5" HMAC pavement section with 14,000 LF of curb and 23,500 SF of sidewalk. Final restoration consists of 81,000 SY of hydro mulch seeding on 4" topsoil for the 182 lot single family residence phase.
- ABIA Parking Garage – Earthwork, site work, utilities, site concrete and structural foundation for a new parking garage at Austin-Bergstrom International Airport.
- ABIA New Employee Parking Lot – This \$7 million + project included construction of 703,800 SF of new parking lots at the existing Austin Bergstrom International Airport consisting of demolition of old Air Force structures, installation of 8" of lime treated subgrade, flex base and asphalt on the entire area, installation of 5 new Bus Shelters and 2 new Bench Canopy structures. Existing underground conditions created challenges on a daily basis.

Travis Tucek
Sitework Manager

- Cottonwood Creek, Phase 1, San Marcos, TX – Construction of all infrastructure for a new subdivision. Some of the major scopes of work included: 30.77 ac of clearing & grubbing, 9,885 sy of 8" lime stabilization, 35,590 cy of excavation, 34,894 cy of embankment, 2,584 sf of 12" deep rock revetment, 11,555 sf of 4" concrete sidewalk, 3,171 lf of 24" curb & gutter, 3,851 lf of 8"-12" PVC waterline & 140 lf of 8" DI waterline with testing & chlorine, 2,156 lf of 8"-15" PVC sewer with testing, 6,234 lf of 8"-12" PVC force main & 190 lf of 8"-12" DI force main with testing, complete lift station, wet well, 76 cy of concrete retaining wall, 423 lf of 18"-48" RCP Class 3 and 88 lf of 6x5 box culvert.
- Concordia University Texas, Austin, TX – Chasco constructed the Gymnasium/Fieldhouse and Infrastructure work for Concordia University campus relocation from Downtown Austin to the suburbs of Austin. This \$12,000,000.00 project endured environmental challenges during construction, as it is located in a Golden-cheek Warbler habitat and has several springs serving as the headwater for the Bull Creek Watershed.
- Guadalupe Saldana Net Zero – sitework and utility development for single family homes and multifamily. Included reclaiming a brownfield site.
- Kenney Fort Blvd. Owner - City of Round Rock, TX – Stipulated Sum/Unit Price contract. In design for over 10 years this project consisted of a 1.3 mile long new section of roadway from Joe DiMaggio Blvd. to Forest Creek Blvd. in Round Rock, TX. The project featured three bridges, an 800' long bridge over Brushy Creek, a shorter bridge over Chandler Creek and a new railroad bridge for the Union Pacific Railroad. Some of the project challenges involved moving the Union Pacific mainline rail traffic to a shoofly detour. This allowed a new railroad bridge to be built on the mainline. Once the new railroad bridge was completed rail traffic was moved back onto the mainline and the shoofly detour was removed. Excavation then began under two existing bridges on Hwy 79. This was needed to extend the new Kenney Fort Blvd. under the highway and under the new rail bridge. The 24 month project was finished over two months ahead of schedule and was one of the largest road & bridge projects ever constructed by the City of Round Rock.
- Remain Over Night (RON) Apron, Phase 1, Austin, TX – Construction included 153,000 sf of 16" concrete paving on 6" cement treated base course on 6" subbase course on 6" lime treated subgrade. Work also included: 145,000 cy of excavation & embankment, crossing existing taxiways within the airport AOL, construction of a new trash compactor facility & worker's shelter with all associated grading & 10" concrete paving, 6,170 lf of underground pipe removal, 35,000 sy of asphalt pavement removal, 1,930 lf of RCP and lead remediation & demolition of 3 buildings.
- Joe DiMaggio Blvd. Extension – Round Rock, Texas. Construction consisted of 650' long by 40' wide street improvements. This work included flex base, 2" asphalt and water, wastewater & storm improvements to service the Legends Village area.
- Williamson County Precinct 1 Annex and EMS Building – Round Rock, Texas. Construction of 2 buildings at the same project site. Both one-story buildings with EIFS and stone veneer with complete interior finish out. The Annex building was 27,660 SF and the EMS building was 6,470 SF. Site improvements included all underground utility infrastructure and earthwork as well as all concrete paving and asphalt work. Project was completed early and under budget. (\$6.3 million)

Travis Tucek
Sitework Manager

- Northcross Mall Sitework – Austin, Texas. This project included the demolition and reconstruction of the parking lots surrounding the existing mall, construction of two new building pads on the north and west sides of the mall, including all associated sitework & paving, new sidewalks & curbs, and the construction of a new detention & water quality pond structure. There was also water, wastewater, and storm pipe reconfiguration on this project. One of the additional pads and a portion of the parking & drive lanes were constructed in areas where approximately ½ of the existing mall structure was demolished.
- Midtown Commons – Austin, Texas. Construction of two mirror image, 31,200 SF two-story concrete tilt panel retail/office shell buildings with common area lobby finish out. Site work included 39,000 SF of rock salt finish, stained and scored sidewalk and a pre-engineered pedestrian bridge adjoining the site with the CapMetro train station. This project is a unique redevelopment of the old Texaco/Jefferson Chemical Plant in central Austin. Extensive remediation and environmental measures have reclaimed this once abandoned site and restored it for conveniently located and affordable residential, retail and office use in the heart of Austin.
- Crestview Station, Phase 1 – Austin, Texas. Project consisted of constructing streets and parking lots out of joint reinforced concrete pavement to service the Midtown Commons Development. There was also a new 1,500 lf 15" wastewater line under traffic along Airport Blvd. that crossed the intersection at Lamar Blvd. This included 6", 8" & 12" service laterals, 24" steel encasement pipe at Lamar & Airport, flowable fill back fill, and removing & replacing 2,025 sy of HMAC along Airport for the wastewater line.

City Council Meeting March 13, 2025 Transmittal Letter

STRATEGIC PILLAR

Streets/Infrastructure

Agenda Item Number: 6.

Agenda Title: **Consideration and possible action to enter into a Construction Materials Engineering and Testing contract with Raba Kistner Consultants, Inc, to accompany the 2024 Street Maintenance Project.**

Council Action to be Taken: Consider the approval of CoMET proposal from Raba Kistner and allowing the City Manager to execute all necessary documents.

Department Submitted: Public Works

Staff Contact: Jim Gray, Director
Jacob Walker, City Engineer

1. PURPOSE / DESCRIPTION

This item is to possibly enter a contract for the CoMET services to accompany the 2024 Street Maintenance Project.

2. STAFF ANALYSIS / BACKGROUND / PRIOR COUNCIL ACTIONS

The 2024 Street Maintenance Project construction bid documents were prepared and advertised. Bids were opened on February 18th, 2025. To accompany this construction project, a proposal for Construction Materials Engineering and Inspection was requested from Raba Kistner Consultants Inc.

The proposal received totals \$32,065.00 and includes services for the observation and testing of the following construction materials:

- Soils laboratory testing, in-place field nuclear density testing
- Concrete compressive strength specimen sampling, testing, and reporting
- Asphalt aggregate sampling and observation

CoMET services help to confirm that the materials used in the construction project hold up to the specifications required by the design. This adds value to the project by making sure materials

used are not substandard or used in the wrong application.

3. PROS and CONS

<u>PROS</u>	<u>CONS</u>
• Verifies construction materials are installed per specification. • Improves quality of project.	• No foreseeable cons.

4. RECOMMENDATION

Recommend approval of contract for CoMET services with Raba Kistner for \$32,065.00 and authorization of the City Manager to enter into a contract with Raba Kistner to perform the work.

5. FUNDING SOURCE

Funded through the 2024 Certificate of Obligation Funds.

6. TIMELINE

Construction Materials Engineering and Testing schedule would follow the schedule of the 2024 Street Maintenance Project. Testing and observation would occur as construction progresses and test results would be relayed to the city as tests are performed.

7. OTHER OPTIONS

Reject proposal.

8. ATTACHMENTS

Dear Mr. Shrestha:

RABA KISTNER Consultants, Inc. (RKCI) is pleased to submit our proposal to provide the construction materials observation and testing services on the project referenced above.

We propose an estimated budget of **\$32,065.00** for testing and observation services for the referenced project. This budget is based on our understanding of the project, an estimate of quantities, and past experience with similar projects. A cost estimate breakdown is presented in the attached spreadsheet. Construction sequencing, delays, and the number of times that the client or their representative requests our services will affect the suggested budget. Services will be provided on a call-out basis for the cost-estimate spreadsheet attached to this proposal. The scope of work includes the observation and testing of the following construction materials:

- Soils laboratory testing, in-place field nuclear density testing,
- Concrete (and masonry) compressive strength specimen sampling, testing, and reporting,
- Asphalt aggregate sampling and observation.

This proposal may serve as RKCI's work agreement for the referenced project. Please sign this proposal, initial every page of each attachment, fill out the Report Distribution List, and return one signed original to our office as authorization for RKCI to provide these services. If you choose to issue your own purchase order or work agreement, please reference our proposal number.

Thank you for allowing RKCI the opportunity to submit our proposal for the construction materials observation and testing services. We have a fully-equipped AASHTO Accredited laboratory and we look forward to providing these services to you during the construction of this project. If you have any questions concerning our proposal or need any additional information, please call us at (512) 339-1745.

SCOPE OF WORK
Construction Materials Testing Services
2024 Street Maintenance
Taylor, Texas

General:

1. We understand that City of Taylor will require the services of experienced engineering technicians as scheduled by you or your representatives. Client will incur a 3-hour minimum charge per each site visit with a 3-hour minimum for sample pickups. We request twenty-four (24) hour notification to properly schedule our work.
2. Service charges are based on the hourly rates stated herein and will be assessed from the time the Engineer or Technician leaves our office until he returns from the project.
3. A vehicle travel charge will be assessed for round-trip travel from our office to the project site, material supplier, etc. and back to our office. The charges from our office to the project site will be as follows:

Travel Time (Round Trip)	1.5 Hour
Vehicle Travel Charge	\$42.00 Trip

4. Our total cost of services is based upon the assumption that this project will require a technician on site during normal work hours. Normal work hours are defined as Monday through Friday, 7:00 am to 5:00 pm. An overtime rate of 1.5 times the appropriate hourly rate will be assessed for services performed outside of normal work hours and/or after eight (8) hours of work per day. Services requested for Sundays or Federal Holidays will be assessed at an overtime rate of 2.0 times the appropriate hourly rate.
5. Invoices will be submitted monthly for work in progress in our standard format. Our invoices are due and payable upon receipt at P.O. Box 971037, Dallas, Dallas County, Texas 75397-1037. All parties hereby agree that this agreement upon acceptance will be performable in Williamson County, Texas. In the event that the State of Texas legislates a sales tax on professional services, the amount of tax applicable will be added to the appropriate service rate charged by Raba-Kistner Consultants, Inc.
6. A 10 percent project engineer review, administration, and report distribution cost will be added to all invoices.
7. Raba-Kistner will utilize the on-site initial field curing facilities provided by the contractor. The cost of providing and maintaining these initial curing facilities is not included in our proposal.

PAD25-032-00

STANDARD TERMS AND CONDITIONS

1. **DEFINITIONS.**

1.1 **RK.** Raba Kistner, Inc., and / or one of its subsidiaries (Project Control of Texas, Inc. or PC Sports, Inc.) that is being engaged to provide the services to CLIENT in connection with the delivery of the proposal to which these Standard Terms and Conditions relate.

1.2 **CLIENT.** Person, entity or organization for which RK is rendering services regarding the Project.

1.3 **PROJECT.** The activity, venture, plan, building, site or investigation for which CLIENT has engaged RK to provide professional services.

1.4 **CONTRACTOR.** Person, entity or organization providing construction services, including labor and material for the Project.

1.5 **SERVICES.** The professional services to be performed by RK as set forth in the proposal or Agreement to which the Standard Terms and Conditions are attached.

1.6 **AGREEMENT.** RK's proposal accepted by CLIENT and these Standard Terms and Conditions which are incorporated into and made a part of the Agreement.

2. **SERVICES.** RK is being engaged by the CLIENT to render professional services ("Services") involving only RK's advice, judgment and opinion. RK may subcontract all or a portion of the Services performed hereunder. RK shall apply professional judgment in determining the extent to which RK complies with any given standard identified in RK's instruments of professional services. CLIENT expressly acknowledges that RK makes no warranties or guarantees, expressed or implied, regarding the Services.

3. **INFORMATION PROVIDED BY CLIENT.** CLIENT may provide or direct RK to utilize or rely upon certain information ("CLIENT Information") in the performance of RK's services. RK shall be entitled to rely upon such CLIENT Information. RK will not conduct an independent evaluation of the accuracy or completeness of such CLIENT Information and shall not be responsible for any errors or omissions in such information. RK's report, as well as any recommendations, findings, and conclusions made by RK, are dependent on information received from CLIENT. Changes or modifications to the information provided by CLIENT can affect RK's evaluation, recommendations, findings and conclusions, and CLIENT agrees—as a material term of this Agreement—to notify RK immediately, in writing, if CLIENT becomes aware of any such changes or modifications, including changes to the size, scope, location, or other material characteristics of CLIENT's project. The CLIENT shall be responsible for providing

the location of all underground utilities and other structures in the vicinity of RK borings or excavations. RK will not accept responsibility and will not be liable for affecting or damaging any underground utility, underground storage tank, or other subsurface condition not previously identified and located, or improperly located, by the CLIENT, a utility, or a utility locating agency.

4. **SITE ACCESS AND SITE SAFETY.** CLIENT shall provide right-of-entry to the buildings and sites which are the subjects of RK's services. CLIENT represents that it possesses authority for such right-of-entry and that the building/site operator(s) possess the necessary permits and licenses for current activities at the site. RK shall be responsible for supervision and site safety measures of its own employees and subconsultants, but shall not be responsible for the supervision or health and safety precautions of any other parties, including CLIENT, CLIENT's contractors, subcontractors, or other parties present at the site.

5. **SUBSURFACE EXPLORATIONS.** Subsurface conditions throughout the site may vary from those depicted on logs of discrete borings, test pits, or other exploratory services. CLIENT understands RK's layout of boring and test locations is approximate and that RK may deviate a reasonable distance from those locations. RK will take reasonable precautions to reduce damage to the site when performing services; however, CLIENT accepts that invasive services such as drilling, or sampling may damage or alter the site. Site restoration is not provided unless specifically included in the scope of services.

6. **CHANGED CONDITIONS.** If, during the term of this Agreement, circumstances or conditions that were not originally contemplated by or known to RK are uncovered or revealed, to the extent that they affect the scope of services, compensation, schedule, allocation of risks or other material terms of this Agreement, RK may require renegotiation of appropriate portions of this Agreement. RK shall notify the CLIENT of the changed conditions necessitating renegotiation, and RK and the CLIENT shall promptly and in good faith attempt to renegotiate the terms of the agreement affected by the changed conditions. If changes cannot be agreed to with respect to the changed conditions, the parties shall utilize the Dispute Resolution/Litigation procedures in this Agreement.

7. **TESTING AND OBSERVATIONS.** CLIENT understands that testing and observation are discrete sampling procedures, and that such procedures indicate conditions only at the depths, locations, and times the procedures were performed. RK will provide test results and opinions based on tests and field observations only for the work tested. CLIENT understands that testing and observation are not continuous or exhaustive and are conducted to reduce – not eliminate – project risk. CLIENT agrees to the level or amount of testing performed and the associated risk. CLIENT is responsible (even if CLIENT delegates such responsibility to Contractor) for notifying and scheduling RK to perform these services. RK shall not be responsible for the quality and completeness of contractor's work or Contractor's adherence to the project plans, specifications and other related documents. RK's performance of testing and observation services shall not relieve Contractor in any way from responsibility for defects discovered in Contractor's work or create a

warranty or guarantee on the part of RK. CLIENT acknowledges that RK will not supervise or direct the work performed by Contractor or its subcontractors and is not responsible for their means and methods.

8. **ESTIMATE OF FEES FOR SERVICES.** If included as part of RK's proposal, RK will, to the best of its ability, perform the scope of services within the proposed fee estimate provided by RK. RK's proposal fees are based upon an estimate of the services required to meet the specifications for the project and following generally accepted engineering practices. The CLIENT recognizes that unforeseen circumstances along with changes in scope and project/contractor's schedules can influence the successful completion of the scope of services within the estimated proposed fees. Because Contractor has sole control over the project and determines the means and methods used to build/construct the project, RK's service fees are estimates and not lump sum or guaranteed maximum fees. The CLIENT is fully responsible for payment for all services provided, including retests of areas or samples that failed to meet Project specifications. The Estimate of Fees is valid for a period of 60 days after RK's proposal is submitted to CLIENT. If RK's proposal is not accepted by CLIENT within 60 days after it is submitted to CLIENT, RK may modify the Estimate of Fees.
9. **REPORTS.** RK may provide CLIENT with written reports in connection with the Services performed. Such reports will present such findings and conclusions as RK may reasonably make with the information gathered while performing its services and provided by CLIENT. The reports may be copied for inclusion in other documents related to the project provided they are reproduced in their entirety. Reports and other instruments of service are prepared for, and made available for, the sole use of the CLIENT, and the contents thereof may not be used or relied upon by others without the express written authorization of RK. Any unauthorized use or distribution of RK's reports shall be at the CLIENT's sole risk and without liability to RK.
10. **TOXIC AND HAZARDOUS MATERIALS.** CLIENT shall provide RK with all information within CLIENT's possession or knowledge related to the potential or presence of toxic or hazardous materials or pollutants at the Project site. CLIENT agrees that RK neither created nor contributed to the creation or existence of any toxic or hazardous materials or pollutants. In no event shall RK be required to sign a hazardous waste manifest or take ownership of any toxic or hazardous materials or pollutants. If unanticipated toxic or hazardous materials or pollutants are encountered while RK is performing its services, RK reserves the right to stop field operations and notify CLIENT and CLIENT assumes responsibility to notify appropriate regulatory agencies. RK and CLIENT must mutually agree to remobilize.
11. **NO THIRD-PARTY BENEFICIARIES.** The services and any report(s) prepared under this Agreement are for the sole benefit and sole use of CLIENT and are not for the use of any other party or person. Only CLIENT may rely upon the services and any report or work product. Nothing in this Agreement, or any subsequent amendments or modifications, or in any report issued under this Agreement, shall create a contractual relationship with

or a cause of action in the favor of any third party against either RK or CLIENT. If CLIENT provides a copy of any report prepared by RK to others, it shall advise the recipient that the information contained in the report is provided for information only and is not to be relied upon by third parties.

12. **LEED PROJECTS.** Unless specifically addressed elsewhere in this agreement, RK has no responsibility or liability, including duty to defend or duty to indemnify, any party (including but not limited to CLIENT, owner, owner's agents, architects, engineers, contractors, construction managers, subcontractors) for the LEED certification process including: developing, producing, or retaining any documentation relating to the calculation of LEED points; and attainment of LEED certification points or LEED ratings.
13. **STANDARD OF CARE.** RK shall perform its professional services in accordance with the standard of care and diligence normally practiced by professional firms in performing services of a similar nature, in the same locality, under similar circumstances. CLIENT expressly acknowledges that RK makes no other warranties or guarantees, expressed or implied, regarding its professional services or its work product.
14. **RISK ALLOCATION.** RK will be responsible only for its own work, and that of its sub-consultants, and not for defects in the work designed or built by others.
15. **LIMITATION OF LIABILITY.** CLIENT AND RK HAVE EVALUATED THE RISKS AND REWARDS ASSOCIATED WITH THIS PROJECT, INCLUDING RK'S FEE RELATIVE TO THE RISKS ASSUMED, AND AGREE TO ALLOCATE CERTAIN OF THE RISKS SO, TO THE FULLEST EXTENT PERMITTED BY LAW, THE TOTAL AGGREGATE LIABILITY OF RK (AND ITS RELATED ENTITIES, EMPLOYEES, OWNERS, AGENTS, AND REPRESENTATIVES) TO CLIENT (AND THIRD PARTIES GRANTED RELIANCE ON RK'S WORK PRODUCT, OR OTHERWISE SEEKING RECOVERY UNDER THIS AGREEMENT) IS LIMITED TO THE GREATER OF \$100,000 OR THE FEE PAID RK UNDER THIS AGREEMENT, FOR ANY AND ALL INJURIES, DAMAGES, CLAIMS, LOSSES, OR EXPENSES (INCLUDING ATTORNEY AND EXPERT FEES) ARISING OUT OF RK'S SERVICES OR THIS AGREEMENT REGARDLESS OF CAUSE(S) OR THE THEORY OF LIABILITY.
16. **CONSEQUENTIAL DAMAGES.** Neither CLIENT nor RK will be liable to the other for any special, consequential, indirect, incidental or penal losses or damages of any kind, nor will CLIENT or RK be liable to the other for losses, damages, or claims, regardless of how defined, related to: lost profits; unavailability of property or facilities; shutdowns or service interruptions; loss of use, revenue, opportunity, or inventory; use charges, carrying costs, cost of substitute facilities, goods, or services; cost of capital, or claims of any other party and/or its customers.
17. **SUSPENSION OF SERVICES.** If CLIENT fails to make payments when due or otherwise is in breach of this Agreement, RK may suspend performance of services upon seven (7) calendar days' notice to CLIENT. RK shall have no liability whatsoever to CLIENT for any costs or damages as a result of such suspension. Upon payment in full by CLIENT, RK may resume services under this Agreement, and the time schedule and compensation shall be equitably adjusted to compensate for the period of suspension plus any other reasonable time and expense necessary for RK to resume performance. Payment of invoices shall not be subject to any discounts or set-offs by CLIENT unless agreed to in writing by RK. Payment to RK for services rendered and expenses incurred will be due and payable regardless of any subsequent suspension or termination of this Agreement by either party. CLIENT shall not make any changes to RK's banking and deposit information or payment instructions unless CLIENT

communicates the requested changes to RK orally and in writing and obtains written confirmation from an RK officer that the requested changes are legitimate and authorized by RK. If CLIENT makes a payment to a third party instead of to RK based on an unauthorized request to CLIENT for a change to RK's banking and deposit information or payment instructions and without obtaining written confirmation of the change from RK, CLIENT will remain liable to RK for payment of the amount of the unauthorized payment.

18. **WAIVER OF SUBROGATION.** To the extent damages are covered by property insurance, or any other available insurance coverage, CLIENT and RK waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages. CLIENT agrees that CLIENT shall procure or cause to be procured builder's risk insurance or other property insurance for its project. RK and CLIENT waive all rights against each other and any of their consultants, contractors, subcontractors, sub-subcontractors, agents, and employees, for damages caused by fire, flood, or other causes of loss to the extent covered by CLIENT's or CLIENT's Contractor's builder's risk insurance, or other available insurance coverage. The policies shall provide waivers of subrogation by endorsement or otherwise. CLIENT shall require of its contractors, consultants, agents and employees similar waivers in favor of RK and its subconsultants. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

19. **OWNERSHIP OF DOCUMENTS.** RK's reports, drawings, plans, specifications, and other documents and deliverables are instruments of professional service ("Instruments of Service") developed by RK in contemplation of a wide array of project-specific variables, including how the documents will be used and by whom. RK shall be the author, owner and custodian of the Instruments of Service, and shall retain all common law, statutory, and other reserved rights, including copyright. By execution of this Agreement, RK grants to CLIENT a limited, nonexclusive license to use the Instruments of Service for purposes of constructing, using, and maintaining the project for which the services are performed, provided CLIENT substantially performs its obligations, including prompt payment of all sums when due, under this agreement.

Upon completion of the services, and payment in full of all monies due RK, CLIENT may retain copies of all such documents. **THE INSTRUMENTS OF SERVICE ARE NOT INTENDED NOR REPRESENTED TO BE SUITABLE FOR REUSE ON EXTENSIONS, MODIFICATIONS, OR ADAPTATIONS OF THE PROJECT, OR ANY OTHER PROJECT. ANY REUSE OF SUCH DOCUMENTS, WITHOUT WRITTEN VERIFICATION OR ADAPTATION BY RK FOR THE SPECIFIC PURPOSE INTENDED, WILL BE AT CLIENT'S SOLE RISK WITHOUT LIABILITY OR LEGAL EXPOSURE TO RK. CLIENT AGREES, TO THE FULLEST EXTENT PERMITTED BY LAW, TO INDEMNIFY, DEFEND, AND HOLD HARMLESS RK, ITS OFFICERS, DIRECTORS, EMPLOYEES, AND CONSULTANTS AGAINST ALL CLAIMS,**

DAMAGES, LOSSES, AND EXPENSES (INCLUDING REASONABLE ATTORNEYS' FEES, DEFENSE COSTS, AND COURT COSTS) ARISING FROM, OR ALLEGEDLY ARISING FROM, OR IN ANY WAY CONNECTED WITH, THE UNAUTHORIZED REUSE OR MODIFICATION OF THE DOCUMENTS BY CLIENT OR ANY PERSON OR ENTITY THAT ACQUIRES OR OBTAINS THE DOCUMENTS FROM OR THROUGH CLIENT WITHOUT THE WRITTEN AUTHORIZATION OF RK REGARDLESS OF WHETHER SUCH CLAIMS, DEMANDS, OR ACTIONS ARE FOUNDED IN WHOLE OR IN PART UPON ALLEGED NEGLIGENCE OF RK, ITS OFFICERS, DIRECTORS, EMPLOYEES, OR CONSULTANTS.

Parties other than CLIENT and RK may apply to use an instrument, using a form prepared by RK for that purpose. Others' use of an instrument shall be permitted only when CLIENT and RK both so agree; either shall have the right to forbid use by others. In addition, RK shall make its permission contingent upon the satisfaction of certain conditions when, in RK's professional judgment, such a contingency is necessary.

20. **DISPUTE RESOLUTION/LITIGATION.** All claims, disputes, and other controversies between RK and CLIENT arising out of, or in any way related to, the services provided by RK shall be submitted to mediation, before and as a condition precedent to, other remedies provided by law. Any litigation related to the Agreement or RK's performance of its professional services shall be commenced in a court in Bexar County, Texas. CLIENT consents to personal jurisdiction in the State of Texas and agrees that venue of any litigation shall be in Bexar County, the county where RK's principal place of business is located. CLIENT waives any objection to personal jurisdiction in Texas or to venue in Bexar County. The prevailing party in such litigation will be entitled to recover all court costs, attorneys' fees, and other legally recoverable claim-related expenses. As a condition precedent to mediation and / or litigation related to any claim arising out of the services provided under this Agreement, CLIENT shall obtain a written affidavit from a registered, independent, and reputable professional engineer describing any error, omission or other act by RK that allegedly failed to comply with the professional standard of care applicable to RK's performance of services and provide such affidavit to RK. The affidavit shall comply with the requirements of Texas Civil Practice & Remedies Code Chapter 150.
21. **TERMINATION OF CONTRACT.** CLIENT and RK may terminate RK's services at any time upon ten (10) calendar days' written notice. In the event of termination, CLIENT agrees to fully compensate RK for services performed including reimbursable expenses through the termination date, as well as reasonable demobilization expenses. RK will terminate its services without waiving any claims against or incurring any liability to CLIENT.
22. **STATUTE OF LIMITATIONS.** Any applicable statute of limitations will commence to run and any cause of action shall be deemed to have accrued not later than the earlier of the following: (1) the date of the report issued by RK giving rise to the cause of action; (2) the date on which RK issues its last report under this Agreement; or (3) if RK is retained to perform construction observation, the date of substantial completion of the project.
23. **FORCE MAJEURE.** Neither party shall be liable in damages or have the right to terminate this Agreement for any delay or default in performing hereunder if such delay or default is caused by conditions beyond its control ("Force Majeure") including, but not limited to Acts of God, Government restrictions (including the denial or cancellation of any export or other necessary license), wars, insurrections and/or any other cause beyond the reasonable control of the party whose performance is affected. Force Majeure may not be claimed as a cause for delay in payment of money due and payable hereunder.

24. **NO ASSIGNMENT.** Neither RK nor CLIENT shall assign or transfer its interest in this Agreement without the express written consent of the other.
25. **SEVERABILITY.** Each provision of this Agreement is intended to be severable. If any terms or provisions of this agreement shall be held to be invalid, illegal, or unenforceable for any reason whatsoever, the validity, legality, and enforceability of the remaining provisions hereof shall remain in full force and effect and shall not in any way be affected or impaired thereby. Moreover, to the maximum extent allowed by law, the Parties hereto stipulate that any offending provisions will be modified or altered, as necessary, so as to give such provisions the maximum permissible effect and application intended.
26. **ENTIRE AGREEMENT.** This Agreement, and all of its attachments, constitutes the entire, integrated Agreement between the Parties to it, and this Agreement supersedes all other Agreements, oral or written between the Parties, concerning the subject set forth in this Agreement. This Agreement may not be amended except in writing, with that amendment being signed by both Parties.

RABA KISTNER

CONSTRUCTION MATERIALS ENGINEERING AND TESTING

2024 STREET MAINTENANCE PROJECT

SUMMARY

- Construction Material Testing is necessary to verify construction materials, ensure installation is completed per specifications, and helps confirm a quality project is delivered.
- Raba Kistner has provided a proposal to preform the Construction Materials Engineering and Testing (CoMET) services.
- Proposal amount: \$32,065.00 from 2024 Certificate of Obligation Funds.

SCOPE OF TESTING

- Soils laboratory testing, in-place field nuclear density testing for compaction
- Concrete compressive strength, specimen sampling, testing, and reporting
- Asphalt aggregate sampling and observation

TIMELINE

- Construction Material Testing and Inspections are performed as they are requested by the contractor.
- Testing and Observations mirror construction schedule.

QUESTIONS?

City Council Meeting March 13, 2025 Transmittal Letter

STRATEGIC PILLAR

Streets/Infrastructure

Agenda Item Number: 7.

Agenda Title: **Consideration and possible action on Task Order 65 with HDR Engineering, Inc., to perform Construction Administration services on the 2024 Street Maintenance Project.**

Council Action to be Taken: Consider approval of Task Order 65 from HDR and allowing the City Manager to execute all necessary documents.

Department Submitted: Public Works

Staff Contact: Jim Gray, Director

1. PURPOSE / DESCRIPTION

This item is to possibly approve the Task Order 65 HDR for construction phase services to accompany the 2024 Street Maintenance project.

2. STAFF ANALYSIS / BACKGROUND / PRIOR COUNCIL ACTIONS

The 2024 Street Maintenance construction bid documents were prepared and advertised on February 16th, 2025. Bids were opened on February 26th, 2025.

Following the approval of the construction award, Task Order 65 has been developed for Construction Phase Services.

The Task Order totals \$195,955.00 and includes services for the Construction Administration and Construction Engineering, and Inspection. The scope included in the TO is as follows:

- Construction Administration
 - Providing pre-construction engineering services to include:
 - Review of contractor pre-construction submittals for compliance to contract documents.
 - Review of proposed construction plan including project schedules.
 - Review of contractor's submittals; materials testing methods and results.
 - Interpret plans and specifications and coordinate the response to Contractor's Requests for Information (RFI) with the Engineer of Record

(EOR).

- Participate in a pre-construction conference.
 - Conducting construction progress meetings; Prepare technical information for change orders as required, including reviewing pricing and quantities in change order and negotiation of change order requests as required to obtain change order pricing acceptable to the City.
 - Reviewing and provide recommendations to City on requests for substantial and final completions, and prepare associated reports.
 - Performing document project closeout.
 - Reviewing and recommending for payment Contractor's monthly payment requests.
- Construction Engineering and Inspection (CE&I)
 - Provide on-site periodic construction inspection during the construction process in order to monitor the progress and quality of the work completed by the Contractor. This will include maintaining a photographic record of the construction progress.
 - Coordinate the review/processing of Contractor's submittals.
 - Prepare daily work reports.
 - Collect and provide field information to the EOR, as needed, to assist with the response to RFIs from the Contractor.
 - Review of contractor approach to and compliance with environmental conservation measures.
 - Verify Contractors compliance with the Pollution Prevention Plan for the project including filing any required notices, and inspection and maintenance of any temporary storm water controls.
 - Verify compliance with contract documents with regards to Traffic Control.
 - Interpret construction documents.
 - Review proposed product data and samples.
 - Notify the City and the Contractor when work is not in conformance with the contract documents.
 - Measure and document quantities of material delivered to the site and incorporated into the work.

3. PROS and CONS	
<u>PROS</u>	<u>CONS</u>
● Coordinates contractor and materials testing firm to ensure the project will be properly delivered. ● Will maintain the project on schedule and be a liaison between the contractor	● No foreseeable cons.

and the City.	
---------------	--

4. RECOMMENDATION

Recommend approval of Task Order 65 HDR for construction phase services for \$195,955.00 and authorization of the City Manager to execute all necessary documents.

5. FUNDING SOURCE

Funded through the 2024 Certificate of Obligation Funds.

6. TIMELINE

Schedule would follow the schedule of the 2024 Street Maintenance Project.

7. OTHER OPTIONS

Reject Task Order.

8. ATTACHMENTS

1. Task Order No. 65_CEI_2024 Street Maintenance
2. 2024 Street Maintenance HDR TO 65_Slides

TASK ORDER No. 65

This Task Order pertains to an Agreement by and between The City of Taylor, TX (“OWNER/CITY”), and HDR Engineering, Inc. (“ENGINEER”), dated April 18, 2018, (“the Agreement”). Engineer shall perform services on the project described below as provided herein and in the Agreement. This Task Order shall not be binding until it has been properly signed by both parties. Upon execution, this Task Order shall supplement the Agreement as it pertains to the project described below.

TASK ORDER NUMBER: 65

PROJECT NAME: 2024 Street Maintenance – Construction Services

PART 1.0 PROJECT DESCRIPTION:

The project consists of rehabilitation of city streets including Bill Pickett Trl, T.H. Johnson Dr, W. Lake Dr, Mallard Ln, 2nd St., and 4th St. This work will consist of curb & gutters, asphalt reclamation, microsurfacing, curb ramps, sidewalk, signing, pavement markings, and metal beam guard fence relocation.

PART 2.0 SCOPE OF SERVICES TO BE PERFORMED BY ENGINEER ON THE PROJECT:

The scope of services for the 2024 Street Maintenance Construction, Engineering & Inspection (CE&I) Services will consist of construction administration, construction inspection and documentation, and construction engineering for the rehabilitation and maintenance of streets mentioned in Part 1.0 “Project Description”. Materials testing will be provided by independent testing lab (Raba Kistner, Inc.) that Engineer shall coordinate for testing frequency and quality acceptance.

The design for this project was previously completed by ENGINEER as Task Order 65. This Task Order 65 does not include engineering design services.

ENGINEER’s inspection and monitoring portions of the work performed under construction contracts shall not relieve construction contractor(s) from responsibility for performing work in accordance with applicable contract documents. ENGINEER shall not control or have charge of, and shall not be responsible for, construction means, methods, techniques, sequences, procedures of construction, health, or safety programs or precautions connected with the work and shall not manage, supervise, control or have charge of construction. ENGINEER shall not be responsible for the acts, errors, or omissions of construction contractor(s) or other parties on the project. The City agrees to contractually require its construction contractor(s) to include ENGINEER and ENGINEER’s Subcontractors as an additional insured on the construction contractor(s’) general liability insurance and include a waiver of subrogation endorsement under contractor’s workers’ compensation and employer’s liability policy for the benefit of ENGINEER.

The ENGINEER shall coordinate tasks and assignments with the City’s Project Manager. The City’s Project Manager for this contract will be assigned by the City of Taylor prior to the Notice to Proceed.

Deliverable(s) under this contract will be provided to the City by the ENGINEER in electronic (native files).

1. Construction Administration

Administer the project by:

- A. Providing pre-construction engineering services to include:
 - 1. Review of contractor pre-construction submittals for compliance to contract documents.
 - 2. Review of proposed construction plan including project schedules.
 - 3. Review of contractor's submittals; materials testing methods and results.
 - 4. Interpret plans and specifications and coordinate the response to Contractor's Requests for Information (RFI) with the Engineer of Record (EOR).
 - 5. Participate in a pre-construction conference.
- B. Conducting construction progress meetings; Prepare technical information for change orders as required, including reviewing pricing and quantities in change order and negotiation of change order requests as required to obtain change order pricing acceptable to the City.
- C. Reviewing and provide recommendations to City on requests for substantial and final completions, and prepare associated reports.
- D. Performing document project closeout.
- E. Reviewing and recommending for payment Contractor's monthly payment requests.

2. Construction, Engineering and Inspection (CE&I)

- A. Provide CE&I services during construction to include:
 - 1. Provide on-site periodic construction inspection during the construction process in order to monitor the progress and quality of the work completed by the Contractor. This will include maintaining a photographic record of the construction progress.
 - 2. Coordinate the review/processing of Contractor's submittals.
 - 3. Prepare daily work reports.
 - 4. Collect and provide field information to the EOR, as needed, to assist with the response to RFIs from the Contractor.
 - 5. Review of contractor approach to and compliance with environmental conservation measures.
 - 6. Verify Contractors compliance with the Pollution Prevention Plan for the project including filing any required notices, and inspection and maintenance of any temporary storm water controls.
 - 7. Verify compliance with contract documents with regards to Traffic Control.
 - 8. Interpret construction documents.
 - 9. Review proposed product data and samples.
 - 10. Notify the City and the Contractor when work is not in conformance with the contract documents.
 - 11. Measure and document quantities of material delivered to the site and incorporated into the work.

3. Materials Sampling and Testing (Raba Kistner)

Materials testing will be provided by Raba Kistner, Inc. Engineer shall coordinate with Raba Kistner for testing frequency and quality acceptance. Raba Kistner will:

- A. Provide quality acceptance testing for in-place materials in accordance with the Contract Documents.
- B. Perform project roadway materials testing for specification compliance in accordance with TxDOT's Guide Schedule for Sampling and Testing for the following materials:

1. Flexible base
2. Cement-treated materials
3. Moisture density relationships
4. Hot-mix asphalt during production and placement
5. Hydraulic cement concrete materials

4. Key Assumptions

- A. CE&I inspection services will not be performed on a full-time basis. CE&I inspection is limited to approximately 4 hours a day during the days contractor is working on activities.
- B. Review of the Contractor's submittals, such as Shop Drawings, Product Data and samples, is only for conformance with the design concept of the project and compliance with the information given in the Contract Document. Such reviews shall not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. The review of a specific item shall not indicate review of an assembly of which the item is a component.
- C. Questions or requests for information shall be submitted in written form as RFIs. The ENGINEER will respond to each RFI in writing.
- D. Work schedule for the ENGINEER's CE&I Inspector is based on a standard work week (Monday through Friday) and forty (40) hrs per week.
- E. The CE&I Inspector shall not:
 1. Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers, or any Constructor.
 2. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of the Work, by Contractor or any other Constructor.
 3. Advise on, issue directions regarding, or assume control over security of safety practices, precautions, and programs in connection with the activities or operations of the City or Contractor.

PART 3.0 OWNER'S RESPONSIBILITIES

The City will furnish or assist the ENGINEER in obtaining the following items and services:

1. Designation of an authorized representative for coordination of the project with the ENGINEER.
2. Ongoing guidance, timely reviews and decisions necessary to complete the services required by this contract.
3. Additional items or services as defined in subsequent work authorizations necessary to complete this contract.

PART 4.0 PERIODS OF SERVICE

The professional services and associated fee outlined in this Task Order are based on a construction period of 290 calendar days starting with Contractor's Notice to Proceed.

PART 5.0 PAYMENT TO ENGINEER

ENGINEER will submit monthly progress invoices with status reports for all work completed for the period of services listed in the invoice.

ENGINEER will perform the work to complete scoped tasks at the rates attached hereto with a not-to-exceed (NTE) of **\$195,955.00** as shown on the Fee Schedule presented in Attachment "A" Construction, Engineering & Inspection Fee Schedule.

PART 6.0 SUBCONSULTANT PROPOSALS:

Raba Kistner will provide quality acceptance support and materials testing for the project. Raba Kistner’s scope and fees are contracted with the City. Engineer shall coordinate with Raba Kistner for materials testing frequency and quality acceptance.

This Task Order is executed this ____ day of _____, 2025.

HDR TASK ORDER 65

CONSTRUCTION ADMINISTRATION AND OBSERVATION

2024 STREET MAINTENANCE

SUMMARY

- Task Order 65 includes scope and fee for Project Management during construction of the 2024 Street Maintenance Project. This Task Order includes Construction Administration and Observation.
- Task Order amount: \$195,955.00 from 2024 Certificate of Obligation Funds.
- Project extents includes Lake Dr., TH Johnson Dr., Bill Pickett Trail, Mallard Lane, and select segments of 2nd and 4th

SCOPE OF TASK ORDER

- Construction Administration
 - Pre-Con Services
 - Construction progress meetings
 - Review and recommendations for substantial and final completions
 - Project closeout
 - Review and recommendation of contractor's monthly payment requests
- Construction Engineering and Inspection (CE&I)
 - On-site periodic construction inspection and observation
 - Interpret construction documents
 - Review product data and samples
 - Notify City and contractor when work is not in conformance

TIMELINE

- Construction Administration services are performed from the pre-construction meeting to project closeout and completion.
- Construction Observations mirror construction schedule and activities.
